GREEN-LOOKING.

His Wife's First-Green-Looking Countenance Found on a Cemetery in Cleveland.

CLYDEMAN, O., Dec. 26.—The police arrested a vagrant-looking chap, who was attempting to sell counterfeit silver dollars, two of which were found in his possession, some so finely counterfeited that it was impossible to distinguish them from genuine silver dollars.

They weighed a little over a half ounce, but their composition is still a mystery to the Government officers. A master of the United States Secret Service, who returned from Lorain County, where he was investigating John's record, said he thought it was in the village of Brown, where he found a pale and sickly woman living in a little house, furnished, and all the surrounding bearing evidence of abject poverty.

This woman is the wife of Wm. E. Withers, alias Wm. Johnson, the bogus "green-looker." Mr. Withers had a good name in the community where he lives, and his husband, who earns a scanty living during the summer months by working on the farms there, bears a very good name.

When it was found that the woman was a counterfeit, it was found that she had been absent from home recently several days, at a time, but she did not know where he was for what was his business. She said, also, that he had been in the village of Brown, where he found a pale and sickly woman living in a little house, furnished, and all the surrounding bearing evidence of abject poverty.

SINews OF WAR.

Half a Million to Defend Our German Interests.

Senator Sherman introduces a bill to that effect in the Senate.

WASHINGTON, Jan. 28.—The trial of William O'Brien on the charge of conspiracy began today at the Court-house. The Government had issued a proclamation forbidding any demonstration welcoming Mr. O'Brien, but despite this twenty thousand persons gathered to meet the court-house. Six hundred policemen charged the crowd, using their batons freely, but were unable to disperse the throng. The excitement in the town is feverish. As Mr. O'Brien entered the court-house he was greeted with volleys of stones. While Mr. O'Brien was striving to pass through the crowd, the court-house was besieged by a police inspector and charged for thirty yards. The people were maddened by this treatment of Mr. O'Brien, and pressed forward to rescue him from the hands of the police. The police, however, repulsed the crowd. Mr. Timothy Healy, who had stepped forward to aid O'Brien, was leveled at his breast, but was not injured. A number of persons were injured. Mr. O'Brien complained to the magistrate that the police were attempting to incite a riot.

CHARLES W. VA. Jan. 28.—At noon today, the two Houses met in Joint Session for the purpose of holding for the United States Senator Nathan Goff was nominated. A ballot was taken which resulted in Goff and Nathan Goff being elected. A large crowd had gathered outside the court-house, and the police in waiting charged upon the people in order to disperse them. Many persons were injured. The people returned the attack with stones and bricks, injuring thirteen of the police. The crowd was then dispersed. Large numbers of the people were seriously injured. Twenty persons were killed. At least forty were wounded. The bodies of the bayonet wounds are dangerous.

SENATOR ALLEN for Treasurer.

INDIANAPOLIS, Jan. 28.—Senator Allison has been tendered the Secretaryship of the Treasury by President-elect Harrison. He was indicated to the Senate some weeks ago, in company with Senator Spooner, that such an offer would be made to him, and whether he would accept the next Secretary of the Treasury depends entirely upon himself. Senator Allison has not yet decided whether he has accepted.

GERMAN REINFORCEMENTS IN SAMOA.

DRESDEN, Jan. 28.—Naval reinforcements for the German fleet now in Samoa waters left here today for the North German Lloyd steamer Nürnberg.

BREITENBURG, Jan. 28.—The Cologne Gazette has received information from the German authorities that Germany and England are negotiating on the Samoa question in a spirit of mutual understanding, and that all reports to the contrary are incorrect.

ROCKED BY MASTER MEN.

MASSACHUSETTS, Jan. 28.—An alien countryman, a wealthy farmer, of the first rank, who had been twenty-five miles from a railroad, opened his door Sunday night to find three men standing outside. He was told to get out of the house, and he was told to get out of the house, and he was told to get out of the house.

LEONARD, Jan. 28.—The article in the North German Gazette, relative to the treaty regarding Samoa, has caused considerable excitement in Samoa, and has caused considerable excitement in Samoa, and has caused considerable excitement in Samoa.

THE SWEETHEART'S GIFT.

DARTMOUTH, Jan. 28.—George R. Manning, aged eighteen, while walking on the railroad track in this city last night, on his way to visit a sweetheart, was killed by a train. His body was ground into fragments. He was only recognized by a plain gold ring on the little finger of his right hand, which was presented to him by the young lady.

CRIMINALS.

HEALING, Jan. 28.—The wife of Dr. Di Marzio and her daughter were cramped at Gethsemane. The wife was confined to bed, and the daughter was confined to bed, and the daughter was confined to bed.

CONGRESSMEN DEAD.

WASHINGTON, Jan. 28.—Hon. James N. Barnes, a prominent member of the House of Representatives, died at his residence in Washington, D. C., at 12:45 o'clock this morning. He was in the midst of his duties in the House.

SALES DURING THE YEAR.

PITTSBURGH, Jan. 28.—The value of the making of a new locomotive turned out of the Blairville (Pa.) shops of the Pennsylvania Railroad Company, during the year 1888, was \$1,000,000.

GOVERNOR EAGLE'S DEED.

LITTLE ROCK, Ark., Jan. 28.—In the Arkansas Assembly C. M. Woodward filed a petition contesting the election of J. P. Eagle as Governor. Woodward was in the United States Labor cabinet, supported generally by the Republicans.

FRANCE ASKS ENGLAND TO Explain.

PARIS, Jan. 28.—M. Goblet, Minister of Foreign Affairs, has telegraphed to Mr. Waddington, the French Ambassador to London, asking for an explanation of the telegram sent by the British Government to the United States.

WILL KNOW OUR SENTIMENTS.

WASHINGTON, Jan. 28.—The German Legation here has a force of clerks very busy collecting and translating press articles and the expressions of our opinion upon the Samoa question and telegraphing them to Berlin.

ASLEEP WHILE ON DUTY.

COLUMBIA, Pa., Jan. 28.—An inquest into the death of a contractor, who was killed by a railroad train here, developed the fact that the engineer and fireman were both asleep at the time of the accident.

A PHYSICIAN'S SWINDLING SCHEME.

KANSAS CITY, Mo., Jan. 28.—Dr. H. A. Brierley, of this city, was arrested in Frederick, Md., today, on a charge of swindling. His method was to request notes from his patients, which were not returned, and then to request the notes, which were not returned, and then to request the notes, which were not returned.

PROHIBITION IN NEBRASKA.

LINCOLN, Neb., Jan. 28.—At the Republican Legislative caucus, tonight, it was decided to support the resolution for the prohibition of a prohibition amendment to the constitution to the voters of the State.

RIOTS IN IRELAND.

Mr. O'Brien Roughly Handled by an Inspector and a Number of Persons.

By Drunken German Sailors at Apia.

SAN FRANCISCO, Jan. 28.—The Evening Post has information from Samoa that on December 31, three days after the fight between the German marines and Mafafa's men, the German officer sent further orders to Mafafa to surrender, and he told them that they stood him, and he would fight to the death. Then the Germans had a wild debauch in the town. About 300 sailors and marines got drunk and charged through the town, doing all sorts of wanton damage. They destroyed a lot of property, and a number of persons were killed. There was an American named Snyder, who had been killed by the Germans, and he was killed by the Germans, and he was killed by the Germans.

SHAKE-UP IN COLORADO.

Large Masses of Rock Hurled from the Mountains and a Phenomenon Occurs at Hot Springs.

DENVER, Colo., Jan. 28.—Information is received from Colorado that a great earthquake has occurred in the State. The shocks commenced on the afternoon of Jan. 27, and continued for several days. The shocks were so violent that many buildings were destroyed, and many persons were killed.

DELIBERATE DEFIANCE.

To the United States Government—Berlin.

Opinion Creates a Commotion in London.

BREITENBURG, Jan. 28.—The North German Gazette (Prinze-Bismarck's organ) denies the existence of any treaty pending any European power to acquire Samoa. The Gazette denies that England and the United States are agreed that the people of Samoa are to be placed under the protection of the United States.

A FRIEND IN NEED.

NEW YORK, Jan. 28.—A romantic story comes out of Castle Garden today about a young man who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

VALUABLE HISTORICAL RECORD.

RICHMOND, Va., Jan. 28.—Today the Richmond-Virginian published a copy of the Richmond-Virginian, published in 1881, and which was a valuable historical record.

GERMANY'S SIDE OF IT.

SAN FRANCISCO, Jan. 28.—The Honolulu Herald has published a copy of the Honolulu Herald, published in 1881, and which was a valuable historical record.

A WIDOW MURDER.

JACKSON, Miss., Jan. 28.—A shrewd man, who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

COUNTERCLAIM.

CHICAGO, Jan. 28.—A. J. M. Dorr and two other men have been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

MISSISSIPPI DEPENDS ON ARREST.

JACKSON, Miss., Jan. 28.—Governor Lowry is in receipt of a letter from the Mississippi State, and who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

FLOOD OF COUNTERCLAIMS.

CHICAGO, Jan. 28.—A large quantity of counterfeit money has been found in this city. They are well executed, and are being used in the city.

PROHIBITION BILL.

WASHINGTON, Jan. 28.—Petitions praying for a constitutional amendment prohibiting the manufacture, importation, transportation and sale of all alcoholic liquors as a beverage, were presented to the Senate today.

KILLED BY A DEPUTY SHERIFF.

CALIFORNIA, Jan. 28.—While riding across the country, a deputy sheriff was killed by a horse, and who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

WEDDED ON HIS DEATH-BED.

COLUMBIA, O., Jan. 28.—Henry Paul, who in his death-bed, was married to a woman, and who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

SMALL-PX IN MICHIGAN.

LANSING, Jan. 28.—Small-pox was beyond control in Michigan. The State is under quarantine.

MORE MURDERS IN ZENITH.

ZENITH, Jan. 28.—An English man, who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

GERMAN VESSEL FIRED ON AMERICAN.

PARIS, Jan. 28.—A dispatch to the Temps from Berlin says that a German vessel, bound from Zanzibar to Madagascar, was fired on by an American vessel, and one of her men was killed.

MAN AND TEAM DROWNED.

VINCENNES, Ind., Jan. 28.—A man and his team were drowned in the Vincennes river, and who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

STOLE FROM THE CORNICE.

BOULANGER.

The General Election in Paris by a Tremendous Majority.

PARIS, Jan. 28.—The Boulanger organization is perfect, and the followers of the General were everywhere instructed to make a demonstration.

SAN FRANCISCO, Jan. 28.—The Evening Post has information from Samoa that on December 31, three days after the fight between the German marines and Mafafa's men, the German officer sent further orders to Mafafa to surrender, and he told them that they stood him, and he would fight to the death. Then the Germans had a wild debauch in the town. About 300 sailors and marines got drunk and charged through the town, doing all sorts of wanton damage. They destroyed a lot of property, and a number of persons were killed. There was an American named Snyder, who had been killed by the Germans, and he was killed by the Germans, and he was killed by the Germans.

NOT SO BAD AS REPORTED.

The Brother of the Governor of Alaska Arrives with Some Fresh Facts.

CHICAGO, Jan. 28.—Fresh from Alaska, D. A. Brinkford, a brother to the Governor of Alaska, has arrived in Chicago, and who had been arrested by the police, and who had been arrested by the police, and who had been arrested by the police.

This image shows a single, vertically oriented page from a document. The paper has a light gray or off-white color. It features faint, horizontal ruling lines spaced evenly down its length. There are several small, dark, irregular spots scattered across the surface, which appear to be ink splatters or scanning artifacts. A prominent vertical crease or fold line runs down the right side of the page. The overall texture looks slightly grainy, typical of scanned paper.

ANDY BROWN, of Lexington, a

At the Licking rolling-mill, Newport, another evening, Joe Hardiet and Wm. Croken were managing the machinas used in holating scrap-iron into the furnace.

A large rope with an iron hook is attached to this machine. Stienka suggested to the ardiak that they play a joke on Joseph Kape. They hooked the rope around Kape's neck and started the machine. It pulled Kape along until the hook caught on an iron bar and stopped, pinning the neck of the unfortunate man solidly against the bar. He was removed to his

Wm. M. SFRADLINO, aged nineteen, and Miss Minnie Lawson, aged sixteen, a juvenile eloping couple, were married at Versailles a few days ago.

MARCH 16 Warren County will vote on the question whether to subscribe \$150,000 to the capital stock of the Bowling Green and Northern railway.

W. SCOTT GLOAN, for seven years largely interested in the Frankfort Lottery of Kentucky, died of paralysis of the brain

at Louisville the other afternoon, at the age of forty-eight years. He leaves a fortune of \$150,000 for a widow and one son. All of the lottery offices in Louisville that he was sole owner of have been closed. A strange fatality has followed the owners of this lottery. Ex-Governor Bramlette, one of the founders, fell dead of heart disease before he realized any of its profits.

C. M. Briggs, another, met the same fate; Wiley Barrow made a fortune in it, and died suddenly while on a visit to Colorado; Charlie Howard, one of the founders and who was also one of the starters of the New Orleans lottery, was thrown from a buggy in New York and killed; E. L. Stewart, who had a long legal contest about the lottery, fell dead on the street.

Wm. Brown, a wealthy bachelor of Lure County, was found dead at his residence near Raywick, by a neighbor who called on business. He was a man of considerable means, was nearly seventy years of age, and lived all alone.

At midnight on the 31st, the distillery of T. M. Baker & Co., near South Carrollton, was destroyed by fire. The loss included nearly one thousand gallons of whiskey and a large lot of corn, making a total value of about \$8,000, with no insurance. The

LAWRENCE BRYAN, a highly-esteemed citizen of Central Kentucky, and father Lieutenant-Governor Bryan, is dead Nashville.

NEARLY all the cases of those injured in the Bardstown Junction wreck, seven weeks ago, have been settled by the L. & N. road.

growers of Clark, Bourbon, Montgomery, Fayette and Madison Counties, representing an output of about 20,000 hogshead annually, was held in Louisville, on the 28th. Ex-United States Senator John Williams, of Montgomery County, presided. Resolutions were adopted looking to a reconciliation of the differences between the Louisville warehousemen

the manufacturers, who have withdrawn their agents from that market, as follows: Resolved, That as there now exists differences between tobacco manufacturers and the Louisville tobacco trade, as tobacco growers and shippers we propose the following which we believe to be fair and equitable to all parties including manufacturers, warehousemen, brokers, speculators and the public:

1. A uniform inspection. 2. No plucking or cutting of samples. 3. No bidding by warehousemen or their employees. Names of shippers and dates be placed upon all samples bought by members of Manufacturers' Association or their representatives. 5. Reclamation Committee on Burley Tobacco to be composed of:

of two warehousemen and two buyers, one buyer to be selected from the Manufacturers' Association, who sit on reclamations with one warehouseman on tobacco bought from Manufacturers' Association. If these fail to a third party to settle differences, or provided by the Louisville Leaf Tobacco Association. That the Louisville

Tobacco Exchanges make these concessions to the manufacturers, and the manufacturers join the Exchange, believing that a thorough organization of the trade is necessary and essential to guarantee honest and fair dealings and protection to buyers, warehousemen, shippers alike. 7. That a copy of

resolutions be furnished to J. I. D. mond, President of the Manufact Association, St. Louis, Mo., and to Finser, President of the Louisville Tobacco Exchange.

THE prospects of another railroad Bowling Green have caused quite a in that lively town.

MRS. SARAH G. WINSTON, widow of

JOHN KELLY, an old rolling-mill man of Covington, who has been missing from home since the 25th, suicided by drowning himself. Dependency and drink were the deed.

THE Secretary of War has officially notified the city of Frankfort,

the old wooden bridge the Kentucky river at that must be removed, as it is too low for to pass under.

JOHN P. WHITEHEAD having declined postmastership at Clifton Mills, Breckinridge County, Frank Addison was appointed to the position.

E. T. Garver is the new postmaster.

For some time the trainmen of the tucky Central have been annoyed by throwing rocks through the windows of their passenger train while leavingington. So frequent has these depictions because of late that the railroad authorities offered a reward of \$300.

The other night a negro boy about 12 years old named Bud Harris, who came and at the same time implicated two colored boys named Charley Groves and Joe Lewis, who were arrested the following morning.

③

house. Some members of the Minnesota Legislature declare this boomle king owes his Senatorial boom to the corrupt use of money, but he has got there the same, and will find in the State a score of Republican nabobs who could not have been elected as trustees or pathmasters on their own merits, but whose millions wringing an overtaxed community, opened the way for them into the club of pampered monopolists who compose the Republican majority in the United States Senate." "The United States Senate is a body of a very large proportion of the aristocracy, an element in the law-making bodies that bodes ill for the poor, and indicates that our Government is tending toward an aristocracy."

The groundhog winter is with us yet.

No U. S. Senator elected by the West Virginia legislature, yet; and Kenna never can be.

The County Levy in Bracken County this year, has been fixed at 60 cents on the \$100.

Snake stories are getting ripe unusually early this year. Bad whiskey always hastens that crop.

It now looks like the State of New York has disgusted Mr. Harrison by its factional fight, and its coveted prize, Secretary of the Treasury, has been turned over to another.

While Secretary Blaine and Mr. Harrison are holding this country up by the tail, the Democrats will have ample time in which to consider plans for flanking the Republican party in 1892.

If Mr. Harrison moves as slowly in making appointments after his inauguration as he has in the selection of his Cabinet, it will take at least three terms of the Presidency for him to remove all of Cleveland's appointments.

If something is not done to protect travel at the point where the railroad crosses Pike street in Covington, the country people will soon insure their lives by avoiding the town. They will not propose taking many chances in the death-trap.

We move that a weather department be added to the President's Cabinet, and suggest to Mr. Harrison all the qualifications to fill the office, and that he tender him that portfolio regardless of his political proclivities.

It is said that there is now in the hands of the farmer the largest crop of tobacco ever raised in Bath county, and this exclusive of frost-bitten and otherwise injured portions of the crop. On account of unfavorable weather very little of this tobacco has been delivered to buyers, and a great deal of it yet remains unsold.

Because of the low prices now prevailing, the farmers of all the neighboring counties have formed organizations and agreed to hold their tobacco for better prices. Outlook.

There are two classes of Republicans applying for office under Harrison. First, the millionaires who think themselves entitled to the offices because they have been in. Second, those who prefer fresh blood because they have got it in their veins. There is a conflict along the line between these two classes. Here is room for the application of a great principle. Shall the old fellows or the young fellows be preferred? Commercial Gazette.

It makes no difference which set is left out, they will raise hounds.

They have some pretty tough people in Kanawha as the following from the Republican Valley Democrat goes to prove:

Young Davis was put under the influence of an anesthetic, and made fast by ropes around his body. A rope and tackle was attached to the dislocated leg, and four strong men were required to pull on the rope for four hours, from three to seven, before the joint was pulled into position. He has since regained the use of his limb and is now able to walk without the aid of a crutch.

The Republicans are invading the Dominion of Canada with their blooded "blobs of five" enterprises—in other words they are hunting a foreign market for the "fat" which they are so skillful in "frying out." The Canada papers report the formation of a large syndicate of wealthy Republicans, the object of which is to secure the election to the next Canadian Parliament a majority of members favorable to annexation to the United States. If Canada can be bought the Republicans are the fellows able to furnish the wherewith to make the purchase.

Gov. BUCKNER has been interviewed on the question, and found to entertain no desire to be a candidate for United States Senator to succeed the Hon. J. C. S. Blackburn. The Governor says the people of the State have placed him in the highest office within their gift, which he accepted as a trust, and he feels that he has no right to place himself in an attitude which would be incompatible with the discharge of the duties of Governor; nor will he consent to lower the dignity of his office by even giving credence to the thought that he would prostitute its duties to subvert a personal end. Simon Bolivar Buckner is a patriot.

At a meeting of the Boone county Tobacco Growers, held at the town hall in Union, Saturday, February 16th, 1899, the Hon. Reuben Conner presided, and Elisha Hudson was chosen secretary.

The secretary read the proceedings and resolutions adopted by the Lexington Tobacco Growers' convention, after which a committee consisting of two from each Magisterial District in the county was chosen to solicit names and expressions from the farmers in their respective districts as to the proposition to reduce the acreage of tobacco to 50 per cent for the present year from that raised last.

The following commission were selected:

Verona—Charles Griffith and William Hudson.
Walton—A. S. Arnold and W. D. Kennedy.
Florence—Ben Stephens and M. S. House.
Union—James Gideon and Malon Stephens.

Steele—Geo. Sleet and J. O. Griffith.
Hamilton—Lee Huey and Mosley Allen.

Bellevue—Thomas Sutton and Robert Brady.
Burlington—Oscar Gaines and E. H. Baker.
Petersburg—Geo. Terrill and N. S. Walton.
Carlton—T. C. S. Ryle and J. A. Wilson.

The commission are requested to report to Reuben Conner at Richmond on Saturday February 23d, 1899.

REUBEN CONNER, Chairman.
ELISHA HUDSON, Sec'y.

In another column we publish the proceedings of the meeting of the tobacco growers of this county, held in Union last Saturday. The several district committees appointed by that meeting have only a few days in which to collect the information with which it is desired they shall supply. Hon. Reuben Conner on the 23d inst. If the commission in each Magisterial district will meet and divide the district the canvass can be easily and quickly made, and Boone's delegate in the Lexington convention can be thoroughly informed as to the wishes of those he will there represent. Without the cooperation of those the Union meeting called to assist the District Executive Committee in this county it will be impossible for him to say to the Lexington meeting whether or not Boone is in sympathy with the move to reduce the area of her 1899 crop of tobacco to 50 per cent of her last year's crop. Let those appointed to ascertain this much desired information make an earnest effort.

The Sheep Fund law for this county seems to be so thoroughly muddled by an amendment passed by the last Legislature, as to confound both the County Judge and the County Commissioners, and neither will undertake to enforce it. Someone holding a claim against the fund will now have to sue something or somebody so as to get a construction of the law as amended, before any more of the fund will be paid out to farmers. The amendment seeks to pay off first the claims against the fund for 1887 instead of those of 1888 out of the dog tax of 1888; thus, taking what was intended by the original law for a lot of claims and appropriating it to another. The amendment speaks of the Court of Claims, and attempts to impose duties on it, whilst there is no court of that style in the county. Judge Mountfort will delight in, untangling the knots produced by this amendment if someone will bring them before him.

The Republican campaign managers in Indiana, have assessed Gov. Hovey with \$2,500 to help pay for the recent Republican victory in that State. But the Governor, instead of quietly sitting down and drawing his check for the amount, is kicking more vigorously than a young mule, and the assessment because he refused to pay. His assessment has been made and General Hovey notified of the amount he was expected to pay just previous to the election, he would, no doubt, have shelled out enough "blobs of five" to liquidate the little demand. It is easier to "fry out the fat" before than after an election.

There are now two candidates announced for the Democratic nomination for Clerk of the Court of Appeals. Both the candidates now announced are citizens of Southern Kentucky. It is early to commence a canvass for that office, the election for which will not occur until one year from next August. This part of the State would like to see James T. Willis, of Grant county, get the nomination for that office, and he is expected to announce his candidacy in due time.

MICHAEL pays her Governor \$2.75 per day, while the janitor who has charge of the horse gallery in the capital costs \$88 per day. The Jackson Patriot wants to know why it wouldn't be a good scheme, in the charge of relieving the governor to private life at the end of his term, to promote him to the office of janitor.

A BULLITTVILLE BLIZZARD.

Too Much Money Given Away by Our Legislature—The Price for Kissing Dirty Face Infants Raised.

To the Editors of the Recorder:

A great blizzard, which was the only place a certain kind of misapprehension occurred was at Washington, D. C. We have known for some time that they would steal anything stealable, from the Presidency down. But a short time ago our eyes were opened, and we saw things going on in our proud old Commonwealth which would be called breaking one of the commandments.

The course which proved to us that once we were blind, was the rapid visit of "Honest Dick" to a city situated somewhere. We can see furthermore that the safety of our governments, both National and State, depends upon the "boys in the trenches." The time has come when we should correct our error, and we take the last best chance of shooting until the whole infamous target is shot away.

Not many years ago we sent men to congress, their salaries were regulated by law. They knew what their compensation would be before they went to the Capitol. After congress assembled they passed a law increasing their salaries, these Congressmen were called "salary grabbers." It was a bitter loss for years afterward for a man to vote for a "salary grabber."

But, dear sirs, right here in the State of Kentucky, we have salary grabbing, on a small scale. We send men to the legislature, the amount per diem which they are to receive is fixed by law. Now let us see if there was any "grabbing" in the last session of the legislature; not that it was any worse than its predecessors, but we take the last because we have recently examined Acts of that body. Turn to p. 127, first vol.; we see the following in sec. 3: "To Guy Barrett, for daily newspapers furnished General Assembly during the present session, the sum of \$1,273 13; also same sec. 4, to the Capital Pub. Company, for daily papers laid on the desks of members of the General Assembly during the present session, the sum of \$600." Now we have no doubt that these were interesting readings, if they had not been a legislative body of stalwart Kentuckians would have been the last man in the world to have voted the laboring taxpayer's money to pay for them. So you see there was grabbing to the amount of \$1,873.13. Then there are other things to look after.

On page 219, vol. first, resolution 5, we find that the Public Printer is directed to print 200 copies of each day's journals of both houses daily, and lay the same on the desks of the members of the Gen. Assembly. These things cost money; does it pay the taxpayer? We think not and cannot see whom it benefits except the Public Printer.

The speakers pro tem of the house and senate to receive \$5 each for every day they are in the chair. This too, comes from the taxpayer instead of from speakers of the house and senate.

We find on page 143 that the Circuit Judge's salary is raised to \$3,000 per annum. We can not remember when we had a scarcity of candidates at the old salary, and every one of them would stop and kiss the dirty face infant, and call for more of the same. They would take the man who is a slave to alcohol, lead him to the bar, fill him with "one hundred yarders." They would give the Murphy man good Havana cigars, and the good fellows, tell smutty yarns, &c. Thus spending from \$500 to \$1,000 for the office, and yet there was no pay in it. That's too thin! But I suppose it is all right if the taxpayers think so.

On page 262, Resolution 69, we have the Librarian instructed to furnish to said Traders and Labor Assemblies in Louisville and Paducah with certain books. Of course no one will object to this, for the cost is so small.

On page 222, Resolution 9, the Auditor General is directed to find some guns in commemoration of the battle of New Orleans; and to draw on the Treasurer for the expense.

On page 261 the Auditor is directed to draw on the Treasurer for \$240 55 to defray the funeral expenses of Hon. R. M. Pierett. The deceased man, no doubt, was an honorable gentleman, but there is no more right to appropriate the public funds in that case than there is to appropriate funds for the funeral of the humblest citizen of the State.

On page 228 we have a sum not exceeding \$100 appropriated for a semi-centennial celebration of our school system, to be held at Frankfort.

Crop and Stock.

Virginia manufactured 40,875,545 pounds of tobacco in 1888, and exported 9,875,000.

The Hessian fly is destroying the wheat crop in Central Illinois, ascribed by dry, freezing weather.

A case of pleuro-pneumonia in a herd of cattle near Horse Cave, has awakened the fears of the farmers.

At the Bradford & Co., combination sale at Lexington, last week, 75 head of trotters brought \$33,795, an average of \$451.

A farmer near New Bremen, Ohio, sows his rye just before Christmas each year, and is successful in securing a good crop.

The News and Courier, (S. C.) thinks it is not extravagant to place the "totton crop of 1888-89 at 7,500,000 bales, or the largest crop ever made."

Henry Wallington, tobacco trader 35 years old, hanged himself in his father's barn, in Mason county, the other night. Poor health was the probable cause.

A decoction of tobacco leaves and salt water will destroy lice on cattle. Don't make the tobacco decoction too strong, or you will destroy the cattle.

A colored woman testified at a trial in Stanford "that she would have been killed had she not seen the bullet, which was aiming straight at her, and lodged it."

Tobacco in the Mt. Zion, Grant county, neighborhood, has been selling at prices ranging from five to twelve cents per pound. Kennedy & Hume, of Verona, have been buying a good deal in that locality.

May what went to \$1.02 per bushel in the Chicago market one day last week, which caused the prediction of another attempt to corner the market, with good prospects for some getting squeezed.

A few years ago, Jos. Salada, of Bath county, paid Jesse Tall \$11 for an old jacket, and now he has about \$2,500 worth of it for produce, and the service of Jacks raised from her. —Bath News.

Lease Jordan, near Seelyville, now over 80 years old, has time and again driven as many as 1,200 hogs to Charleston, S. C., and walked back to Lawrenceburg. Seven times he has floated to New Orleans, walking home. —Harrodsburg Sayings and doings.

The Paducah county Tobacco Growers' Alliance, has appointed a committee to correspond with P. Lorillard & Co., to ascertain what inducements, if any, could be offered to get them to come to that county to buy the tobacco direct from the growers.

A majority of the farmers in the southern portion of the county who have been the largest tobacco growers have either decided to plant no tobacco at all this year or greatly reduce their crops. This is the wisest policy the farmers can adopt as it is the surest method of reducing the supply to the demand and thus get the great surplus out of the way. —Hopkinsville New Era.

The tobacco growers assembled in this city Monday and did very wisely in adopting compromise measures as to the amount of tobacco to be grown the present year. Too short a crop would invite competition from inexperienced outsiders, and a full crop would keep the price as it is now, low. A half crop will result in a better cultivation, better handling and better prices. The speeches of the convention were nearly all characterized by intelligence and good sense. —Lexington Observer.

General News.

Lots of counterfeit silver dollars in circulation—look out for them.

Owingsville is making an effort to get a new \$20,000 Court-house.

The State Board of Equalization will meet in Frankfort on the first day of next month.

Cynthiana pays a tax of 80 cents on the \$100, 50 cents of which is for school purposes.

The next District Meeting of the Tobacco Growers will be held in Lexington on the 26th inst.

There have been more steamboats at the landings here last week than at any other time since about 1856. —Frankfort Argus.

Penitentiary bounty has \$3,181,883 taxable property; 4,502 males over 21 years of age; 3,550 voters and produced last year \$170,150 pounds of tobacco.

trict, 65 are now in full operation, and all but three of the large ones are making all the whiskey and high wines their capacity will admit.

An old fellow in a Wisconsin town, who has been running a saloon for some years, was recently requested to publish some sort of a statement. So he posted the following on the door of his bank:

"NOTICE—This here bank has got \$50,000 behind her. She doesn't owe nobody a cent, and she's a good body discounted as heretofore, and nobody proposes to cut sticks for Mexico or Canada."

Governor Lee, of Virginia, has been interviewed on the negro question. He is of the opinion that the whites and blacks can never assimilate and that negro control of State governments will not be tolerated.

Some person or persons stole a batch of forty-two indictments from the office of the Circuit Clerk some time last week. It is not known whether they were taken in daytime or at night. Bench warrants and subpoenas had issued on all the indictments before they were stolen, and they are in the hands of the sheriff. So the thief has gained nothing. There will only be a short delay in renewing the indictments. There were a hundred other indictments in the office at the time, which the thief overlooked. These have since been deposited in a bank vault for safe keeping. —Owingsville Outlook.

A Secret Well Kept.

Probably the only secret process which has been kept inviolate, and for ages openly defied the world of science, is the iron trade of Russia. The secret of making Russian steel iron is owned by the government, and is such an immense monopoly that it is currently supposed to defray the entire expenses of the government. The works constitute an entire city, in isolated and fortified against the rest of the world. When a workman enters the service he bids a last farewell to his family and friends, and is practically lost to the rest of the world. He is never to hear of or from, and whether he lives or dies all trace of him is forever lost. There have been several desperate attempts made to steal or betray the secret, but in every instance it has resulted in the death of the would-be traitor. In one case a letter attached to a kite, which was allowed to escape, was picked up by some peasants, and despite their protestations that they could not read, they were at once put to death by the guard to whom they delivered the letter and it was afterward decreed that the guards themselves should pass the remainder of their days within the works. The wonderful properties of this iron are so well known that it is unnecessary to enlarge upon it. —Mining and Scientific Press.

[Mayfield Democrat.] Law and justice are not at all times the same thing. Frequently the two are on extremes from each other. For instance, it is law to exempt about \$1,750 worth of property from the payment of honest debts but it is not justice. Justice is in no wise related to such a scheme. Justice never says a man may gain the confidence of the world, and then get in debt and refuse to pay a man to commit fraud. It will not hold him harmless if he does commit fraud. It does not put a premium on deception, dishonesty and rascality. Does law? Let's see. Under the present exemption law of this State, a man may get in debt, and the law will not let an execution touch the property of the debtor, unless it has set aside nearly two thousand dollars worth of property.

For a man to get in debt he must assume honesty. He must deceive the public into the belief that he is honest and will pay his debts. In short he must act the consummate hypocrite. In all his rascality the law is his partner.

All honest men will demand the repeal of this infamous statute. It is no protection to an honest man, because such will pay his debts regardless of the law, and dishonest men deserve not the protection this law deigns. This law has done more to develop and protect rascals than any other ever passed by a legislature, pandering to a dishonest constituency. The policy of law and government should be to cultivate and produce a healthy and upright moral sentiment. Nothing should be held out by a law to encourage or develop dishonest practices. If a man is a rascal at heart the world is better off if he is not allowed to develop his infamy. The State should pass no laws which tempt men to exercise dishonesty, and honest and fair dealing can not be expected among individuals when the law places a premium on fraud and injustice. This is what the exemption law does. It gives a man \$1,750 worth of property he is to owe nobody, and he is to pay no money for it. Let the law be repealed and honest men will fare well, and dishonest men will not be allowed to prey upon a confiding public.

County Directory

OFFICERS.
Assessor—O. M. Riley.
Jailer—Samuel Cowen.
County Surveyor—W. M. Vest.
Dr. A. A. Murat, Covington.
Superintendent of Schools—J. P. Ryle.

SETS OF

[illegible]

April 30, 1889, the centennial anniversary of the inauguration of President Washington, has been declared legal holiday in New York.

A NEWSPAPER MAN has been turning over the files of the *Pekin Gazette*. He finds that it has been published for eight hundred years, and is no "great shakes" of a paper yet.

The Amer of Afghanistan is not a person to be fooled with. He cuts off three hundred heads a day—the people who interfere with his frontier trade being the recipients of this delicate attention.

There will be forty-two States in the Union and forty-two States in the American A. For the two Dakotas, Montana and Washington shall have been admitted to the glorious sisterhood of States.

In Brooklyn, Mass., lives a peculiar married pair. They separated twenty years ago, but were never divorced. Every Sunday, however, the man calls on his wife and passes the evening with her.

After having been married four times and having lived ninety-one years, a Steubenville (O.) woman has come to the conclusion that marriage is a failure, and wants a divorce from her present husband.

KARLOVITCH, pretender to the Serbian throne, has come into a fortune. But, says an exchange, to be frank, he does not care what he has, so long as he didn't come into our office to be introduced around.

Mr. Mr. BAXTER, an English clergyman, announces that the end of this world is surely coming in 1901. He claims that his calculations have been made with the greatest care, and that there is no possibility of failure.

RICHARD GATLINS, inventor of the Gatling gun, has devised a police gun for use in riots, which will fire twelve hundred shots a minute. High explosives, he thinks, will be the device for force employed in future warfare.

RAILWAY WORKMEN near a New York suburb on the Harlem road, not having hot water to warm into an explosive condition five dynamite cartridges, placed them in the baggage track. A train passed, and off went the dynamite. One window in three cars was not broken. The engine train seemed to rise. The explosion made a hole nearly two feet deep, partly in rock.

There are now 101 geographical societies in the world. Of these, France and her colonies have more than any other country—29, with 19,800 members; next comes Germany, with 20,000, and Great Britain and her colonies with 9 societies and 5,600 members. There are altogether 199 geographical societies published in the various countries in the world.

A CUNEOUS case is reported from a Berlin hospital. The patient is a boy of about twelve years of age, who was suffering from a slight inflammation of the windpipe. The doctor found it was found that his heart was not in the left, but in the right side of his chest—a fact of which his parents had been in entire ignorance. The explanation does not, however, interfere with the boy's ordinary well-being.

There has long been a popular belief that the greatest number of deaths occur between four and six o'clock in the morning. Dr. Charles Fere has taken the trouble to tabulate the death hours of all patients dying in two Parisian hospitals during the last ten years. He found that there were rather fewer deaths between seven and eleven o'clock in the evening than at any other time, but that there was no special preponderance at any hour.

According to an English statistician the total annual expenditure of Europe for its military establishments is equivalent to \$1,750,000,000. That amount, properly applied, would feed the whole of the continent, place in every home the means of comfort and send every boy and girl to school for eight months of the year. Yet the expenditure of today boasts of their civilization, yet the barbarian ages of the past, and make computations how near the millennium is.

The work of surveying the entire route of the Congo railroad, now finished, and work will probably soon be begun. The length of the route is about two hundred miles. The engineers reckon that it will take two or three years to build it, that it will cost about \$50,000,000. It is said that "it will open up the very heart of Africa."

But it is doubtful whether either the way or through the interior will pay big interest on \$50,000,000. But it may civilization to Africa more certainly than any move over before.

The Director of the Mint a few days ago submitted to Congress his report on the production of gold and silver in the United States during the calendar year 1888. The gold product was 1,647,927 ounces, the value of \$38,175,000. This is about the same as in 1888, being an excess of only \$175,000. The silver product was 78,832,000 ounces, the commercial value of about \$48,000,000. This is an increase of 4,315,327 fine ounces over the product in 1887.

Half a million Chinese are on the verge of starvation, and unless aid is sent to them they will die by thousands. The Chinese Government is doing its best to relieve the suffering, but the famine is so great that an appeal to the whole civilized world has been made. It is the first time that the Chinese have asked for aid from foreigners for assistance in their troubles, which must indicate how desperate is their financial condition. Funds are being raised in London and New York to send the sufferers over until next crop season.

FIFTIETH CONGRESS.

WASHINGTON, Feb. 28.—SENATE.—A number of light-house bills and other small measures were passed. Pension bills were read and referred. House amendments to Mr. Sherman's Dakota bill were passed. The army appropriation bill was passed. The late Rep. Brewster's bill, of Missouri, followed until 6 p. m. when the Senate adjourned.

HOUSE.—In the House filibustering was continued by Mr. (Bland) (Mo.) to prevent consideration of the agricultural appropriation bill. Mr. (Bland) was sworn in to succeed the late James M. Burns. The California election contest case of Sullivan vs. Peltan was called up and filibustering resorted to. Senate amendments to the agricultural appropriation bill were not considered. Roll-call and exit of the House continued until 11:15 p. m. when the House adjourned.

WASHINGTON, Feb. 28.—SENATE.—In the Senate a private bill was passed over the President's veto. A number of House bills were reported. The House amendments to the California election contest case of Sullivan vs. Peltan were called up and filibustering resorted to. Senate amendments to the agricultural appropriation bill were not considered. Roll-call and exit of the House continued until 11:15 p. m. when the House adjourned.

ANOTHER VICTIM.

St. Higgins, One of Those Injured in the Accident on the Grand Trunk Railroad.

St. Higgins, one of those injured in the accident on the Grand Trunk Railroad, is now recovering from his wounds. He was one of the injured in the railway accident on Wednesday night, and his injuries were serious. He is now in a critical condition, and his recovery is uncertain.

The coroner opened the inquest yesterday morning. The evidence went to show that the disaster was purely accidental and could not have been prevented. William Black was the engineer, having taken charge of the train of the road. The engine had been examined by the engineer. The fire of the driving wheel was found on the opposite side of the track in an adjoining field. It had broken near the station, thirty or forty yards from the bridge, and evidently something else had broken at the engine and lamp on the station building were wrecked down.

Thomas Doughty, the temperance lecturer, says that when the passenger car was struck by the engine, it was traveling at a speed of about thirty miles an hour. He says that the car was struck on the side, and that the engine was running at full speed. He says that the car was struck on the side, and that the engine was running at full speed. He says that the car was struck on the side, and that the engine was running at full speed.

On the train were Mr. and Mrs. Sandell, of Detroit, on their wedding trip. At the time the accident occurred, the train was traveling at a speed of about thirty miles an hour. The car was struck on the side, and the engine was running at full speed. The car was struck on the side, and the engine was running at full speed.

On the train were Mr. and Mrs. Sandell, of Detroit, on their wedding trip. At the time the accident occurred, the train was traveling at a speed of about thirty miles an hour. The car was struck on the side, and the engine was running at full speed. The car was struck on the side, and the engine was running at full speed.

On the train were Mr. and Mrs. Sandell, of Detroit, on their wedding trip. At the time the accident occurred, the train was traveling at a speed of about thirty miles an hour. SOFT SNAP FOR LAWYERS.

A Virginian Child by a Colored Woman.

Richmond, Va., March 4.—Some time ago W. A. Thomas, an old citizen of Richmond, died, leaving property amounting to a quarter of a million dollars. His only child, a colored woman, who claims the child as her own, was disinherited by Thomas' will. The case has come into court and has been turned over to a jury.

Subsequently an administrator was appointed by the Richmond Chancery Court, and later the daughter asked for the appointment of a receiver, which was refused. The case is now before the court for further proceedings.

At the same time the highest-priced lawyers have been retained, and to-day the attorneys ask the protection of the court against further expensive litigation. Altogether the case is a novel one, and will probably draw a large crowd of spectators.

Thomas left all of his property to his daughter, but made it so that she could not take it until she was twenty-one years of age. The case is now before the court for further proceedings.

the other two expounders of the faith have risen and clubs were formed throughout the city, one for each of the two groups who call themselves Theosophists. The clubs were established at a meeting called and taught by Confucius as attendance.

The meetings are usually on week days, and the evening prices are not have no prices especially on week days or for their classes.

The peculiarity of this belief is "immortality." In essence, one of their aims is in the habit of meeting at the home of a lady who lives in an old Chinese Thirteenth street and who has a large number of pupils.

A change was made to a new house on Seventy-ninth street.

The reason assigned was that the "immortality" of all the people who had been taught at that house and who were present day by day made such Confucius spiritual senses that very few of the profit of their meeting was of them eschew flesh as an article of food.

The Theosophists believe in reincarnation and many many believe in transmigration. One of the latter class hold that one of the arguments for sin is being punished to pass a lifetime inhabiting the body of a lower order of animal.

One of them have a very comfortable belief that the things we miss in life will be made up to us in this life as to follow.

One of the faith claim that a being may be produced with high spiritual sense, such freedom of will that is earthy, that the world is in a state of sin. It may be entirely free from sin.

One of them was the principal of a school, say, a process which has been used by us we have seen the proof of their theory they cannot intelligent, highly cultivated and wise men and women, but men and women who existed in pre-historic times with pre-historic law and instinct know the raw flesh of animals and no other source of food and no other animal desire.

Their teaching is a new religion.

FEMALE GAMBLERS.

A Few of Those Who Figure Conspicuously in English History.

In England, as in France, the passion for gambling has often reduced the sons of the noblest birth to the lowest degree of depravity. From allusions in

pl's, such as "The Provoked
band," and from Walpole's "Let
and other publications, it is evi-
dent that the sacrifice of honor was
an ineffectual method of paying gam-
bling debts. The stakes were generally
small, and the debts incurred were a
charge on the sensitiveness of the
fortunate lady players:

So tender these—of debts, could fast up-
SHE HAD her virtue to pervert her
honor, in his picture en-
"Piquet, or Virtue in Danger," re-
exactly the female gambler's fallacy.

his truthfulness was amply tested by frequent occurrences in his life. A single illustration of his many suffice. A lady was married while very young to an Englishman. Ere long she was introduced to a professional gamestess, was led into, and lost more in a single night than she could hope to pay. Her husband paid the debt. Soon afterwards the gambler's boasts revealed the truth to the lady's husband, and a duel was the necessary result. The gambler, ~~that died~~ by the injured husband's

which the latter actually offered to pardon his wife and restore her to her former position. The wife refused, gave herself up entirely to grief and its consequences, and the husband died of a broken heart.

The stakes for which ladies were during the closing years of the seventeenth and the opening years of the eighteenth century, were often of considerable magnitude. In 1776, a lady of a fashionable quarter of London, in a single sitting—according to the

Lady Buckinghamshire, the most marked, was perhaps the most successful gamesteeper of her day. She is depicted with a pair of pistols in a blunderbuss by her side for the protection of her cherished hunting career, however, was a somewhat checkered one. In the Times of March 13, 1797, there is a polite

...report which goes to show the
Buckinghamshire's speculation
is not always free from worry. A
of days prior to the appearance
report her ladyship, together
Lady E. Luttrell and a Mrs. Stone
brought up at the Marlborough
police court and fined £50 for
at faro, while Henry Martindale
manager, was mulcted in £200.

Later in the same year her
got into trouble through the
appearance of the cash-box. A
series of stolen purses, snuff-

works began to be told, and Martindale became a bankrupt of £328,000, besides "liability" to the amount of £150,000.

Lady Buckinghamshire, by the way, was not the only titled damsel who not only gambled but kept gambling establishments. In these professional gamblers' society applied to the House of Lords for protection against police intrusion the plea that she was a peeress of Great Britain.

—*John D. MacFarlane, Birmingham*

"I, Dame Mary, widowess of Sir John de Langton," ran the petition, "do hereby certify that my said husband had gotten or procured by his means a dunnage of a hundred marks of wool sold and sold in London, viz., ten twenty-penny pieces, five shillings each, and an operand sevenyngg, amounting to an hundred and seventy pounds."

The House of Lords very graciously refused her request.—All the Year Book.

Extraordinary License

"It seems to me," remarked the citizens the other day, "that physicians allowed extraordinary license in their use of their jargon with the benefit of their patients."

"Now here is Dr. — who was Mr. — up to the time of his death. A treated him for one thing he doctor said different disorders. Doctor said pneumonia was the then it was consumption. Then it was doosed for heart trouble, and still just before he died it was said that disease of the kidneys was trouble, and that which had been treated as pneumonia, consumption

"But then it was too late. That is only one case in a hundred beginning to lose faith in me altogether. In fact I haven't had for their services since I began Warner's Safe Cure in my book over three years ago. Whenever a little out of sorts I take a few drops and I am confident that the source of all the ills in the kidneys, which I know Warner's Safe Cure will keep in good order, and I don't create any disease that may be lurking in the body. Had Mr. — followed a similar course he would have no doubt that he would be all right."

—Edison has invented an
to be attached to a locomotive
do away with the detestable
whistle and render even the c
unnecessary. It will shout
when, then, necessary.

—Mamma (to Edie, aged one-half years, just home from nursing at the kindergarten). Edie, how did you like it? Edie, how did you like it? I didn't like it a bit. The teacher on a chair, and told me

—Lady (who has just discovered she has been sitting on a new seat)—Oh, dear, there's all come off on to my dress. Never mind; it don't matter. I can soon paint the seat again.

LOCAL NEWS.

We are authorized to announce John A. Higgins as a candidate for the State Senate in the 23rd District, comprising the counties of Owen, Boone and Gallatin. Subject to the action of the Democratic party.

We are authorized to announce Dr. J. G. Furbush as a candidate for the State Senate in the 23rd District, comprising the counties of Owen, Boone and Gallatin. Subject to the action of the Democratic party.

We are authorized to announce Robert Conner as a candidate for State Senator in the 23rd District, comprising the counties of Owen, Boone and Gallatin. Subject to the action of the Democratic party.

We are authorized to announce R. O. Higgins of Richmond, as a candidate to represent Boone county in the next General Assembly of Kentucky, subject to the action of the Democratic party.

We are authorized to announce W. T. Warrill, of Petersburg, as a candidate to represent Boone county in the next General Assembly of Kentucky, subject to the action of the Democratic party.

Some gardening done last week.

Home rain has fallen this month.

The grain has grown up nicely.

The rain that fell Monday was needed.

A great deal of tobacco seed has been sowed.

March has been very favorable to the farmers.

Only two weeks until the primary election.

Considerable plowing for corn has been done.

Circuit Court begins two weeks from next Monday.

Fruit was as bright as late as the middle of this month.

The Uttinger store is now the property of a corporation.

How much are you in a pike from Burlington to Hebron?

The painters commenced work on the Court-house last week.

Straw hats and spring gowns made their appearance last week.

Boone Rogers rejoices in the advent of another daughter at his home.

The warm weather last week revived a few cases of chronic fever.

The fine weather recently enjoyed may be at the cost of a fruit crop this year.

Mrs. Green gave the little folks of the town a party last Saturday afternoon.

Geo. H. Walton was in town last Saturday with a wagon load of extra maple molasses.

Several days last week great volumes of smoke could be seen ascending in every direction—plant buds.

Joe Reed and H. P. Stephens commenced forming a partnership in the dramatic business. Perry is to be the playwright.

Don't forget W. A. Crippler's sale of the don't of April. It will be a big one. Much blooded stock will be disposed of on that day.

Thos. D. Goodridge says he has vanquished his fox hound and hung it up taken down his fishing tackle and tied the points thereof.

W. S. Acra, who, several weeks since got one of his ankles very badly sprained, is so as being getting about again we are glad to see.

We hear that James A. Riddell, of Hebron, has gone to Cincinnati, to take charge of the lively stable recently purchased there by J. M. Conner.

The Constable Building and Loan Company will offer one or more shares for sale at their meeting Saturday evening, April 6th, 1880, at Constance, Ky.

The frogs have been singing their spring songs. According to an old saying they will have to look through ice three times before the arrival of spring.

Fred Zimmer and Fred Prohle, of Constance, were in town Monday, on business pertaining to the Constable Building Association of which they are members.

The other day Mr. T. D. Goodridge presented the world with a gallon of splendid old cider, one of the most delicious drinks that it has ever been our pleasure to sample.

Prof. Newton has rented the suburban residence recently vacated by Jno. W. Gaines, and will move to it in a few days, while John Hyle will move into the house vacated by the Professor.

Andrew Birke, formerly a citizen of this place, and father of Jos. Birke, of Grant, died at the residence of his daughter, in Lewisburg, Covington, Ky., last Friday morning in 72 years of his age.

To our customers—This week closes our first year of business, and wishing to secure our books, we will have no meat market until the first Monday in April, when we will furnish our old and new customers with the very best Chicago beef at lower prices than ever.

KIM FOSTER.

A colored man named Jackson is going through the State, claiming to be a pension agent, making the darkeys believe the government has granted them a pension, and that for \$1 or \$2 he will collect it. He collects his fee first and that is the last of him. Jackson is a mulatto.

A few years ago there was quite an influx of tenants to this county, and they engaged nearly altogether in the cultivation of tobacco; but during the last year, from some neighborhood, many of these recent settlers have returned to their former homes, which will have some effect on the next crop of tobacco in those particular localities.

Uttinger with the new 'bus making daily trips to the city, and an incorporated mercantile company, is looking up rapidly. The spirit of enterprise which was, apparently, lying dormant is now leveling that community, and everybody out there now has a shoulder to the wheel pushing that section to the front.

Rev. T. L. Utz and O. M. Heng, the latter a localite, were engaged last week in a very interesting meeting at the Big Bone Grange Hall. These young men are making for themselves quite a reputation as pulpit orators, and last, too, in the immediate neighborhood, where they have been well received. In their new calling they have the very best wishes of the community.

John J. Platt, of East Bend, has sold his farm of 140 acres to O. J. Harris, who owns the land adjoining it. The price paid was \$75 per acre. It has been but a few years since the same land would have brought over \$100 per acre.

Mr. Harris now owns over 400 acres of the East Bend bottom, all in one body, which makes a very fine farm.

Mr. Harris will probably move to Arkansas this fall.

Squire Billeter, of Florence, died Monday morning of pneumonia, his wife having died of same disease only twenty-four hours before. The funeral was conducted from the Christian Church in Florence Monday at 1:30 p.m.

Mr. Billeter was a prominent member of Venus Lodge I. O. O. F., which had charge of the funeral. The deceased patient leave many friends to mourn their death.

Mrs. S. P. Bragg has in her possession two very ancient pieces of wearing apparel, both being of the very best state of preservation. One is a bonnet made in Europe sixty-one years ago. It is of the finest leghorn and immense in size. The other is a very handsome, heavy dress made sixty years old, made short waist, puffed sleeves, bell half skirt, quilted with heavy cotton, short skirt.

There is now a proposition before those interested to build a turnpike from Burlington to Hebron. Two routes are proposed, on either of which a pike easily can be built, owing to the very favorable fact of the country traversed. If the road is built, the trip from this part of the county to the city would be greatly reduced, besides the entire width of the county would be greatly benefited thereby. The proposed pike would soon become a very important piece of road. The proposition to build this road is not entirely the offspring of deep mud, but is fostered by men who see in it great advantage to be derived from good roads.

The Carrollton Tennesseans, without intending it, the court played quite a trick on culprits and dodgers. The grand jury adjourned last Saturday evening and were paid off, having found 39 true bills. But it appearing to the court that they had not been able to properly investigate two very important matters, he ordered the sheriff to summon a grand jury for the following Monday. Of course that of the court that day, just after they had adjourned. Those persons who had been dodging and scampering to avoid appearing before the grand jury, came back to their homes Saturday night and Sunday, thinking the adjournment had put them off. The sheriff took in a number of them. The new grand jury remained in session until Tuesday morning when 24 more indictments were returned.

A Wedding Interrupted.

John W. Gray, of Grant county, Ky., and Wood McGuire, of Boone county, came to Rising Sun, Tenn., yesterday, and, towards evening, were shooting at the setting sun. Marshall Hayman got in front of them and arrested the twin in front of the Ensign House. While Hayman was searching Gray, on whose person two murderous looking pistols were found, McGuire was seen to slip up toward the Marshall with his hand in his pocket, when John Williamson quickly grabbed him and found an ugly looking pair of knuckles on his right hand. They were jailed and on Wednesday were arraigned before Mayor Williams.

The table in the police court was decorated with the weapons, two shot boxes, and the cause of their trouble, quart bottles of whisky—a silent witness of their guilt. Upon a plea of guilty of carrying concealed weapons they were each fined \$25 and cost, the whole in each case being \$17.50.

Mr. McGuire had been paid the palmy "assessments," but McGuire not having the money to pay went back to jail, until he could get some of his friends over from Boone county to pay him out. York Hyle, who was on his way to Harborsville, Ky., where he was to have been married Wednesday at noon—Rising Sun Local.

County Court.

At the last term of the County Court business was disposed of as follows:

The viewers' report on G. W. Baker's motion to open new road from Hamilton to Fish Trap, was confirmed, and road ordered opened.

The viewers' report on H. O. Adams' motion to open new road, also confirmed.

Chas. W. Lewis was appointed Constable in the Vernon district.

F. L. Gordon made application for changes in road leading from the North Bend road to Taylorport.

Read Supervisors were appointed as follows: They are named in order corresponding with their districts.

Burlington—T. B. Rouse, D. M. Hewitt, Lewis Tanner and J. O. Huey.

Taylorport—Jordan Beall, W. W. McGinnis, Wade Watts, W. O. Kirtley, Bollevar—James Setters, J. M. Scott, J. M. Henderson, Ernest Grant.

Petersburg—James Duncan, G. W. Terrell, W. B. Hensley, Ben Grant.

Constance—Charles Boddy, Wm. Phillips, Hyle Wilson, George Smith, Elder McQuinn, Ed Beamon, Perry Weaver, N. S. Bristow.

Hamilton—Dan Richardson, W. W. Grimesley, Hamp Adams, Ray Huey.

Walton—James Stephens, Jas. P. Johnston, Allen, Ark Kennedy.

Florence—W. H. Clutterbuck, J. B. Clutterbuck, Jas. Barclow, N. B. Stephens.

Vernon—J. R. Johnson, Chas. Waller, W. B. Sparks, J. M. Fowler.

Beaver—Ed Snodgrass, Joseph Clark, Richard Madden, Enoch West.

Personal Mention.

Rev. T. L. Utz was in town Monday.

Atty. Gausephol, of Covington, was in town last Thursday.

Rev. David Byrd came home last Friday on a short visit.

Mrs. Hattie Arnold is visiting here, Mrs. T. W. Finch.

Montgomery Anderson, of Constance was in town last Saturday.

A. W. Smith and family, of Crescent, spent last Friday in Burlington.

Peter Hager, of East Bend, was in town on legal business last Thursday.

Col. John R. Whitson, of Union, made Burlington a brief visit Friday.

Dr. Furbush left for Gallatin county last Saturday morning on a political tour.

G. G. Hughes will shortly occupy the premises he purchased of John T. Graves.

Mr. Orville Williams returned to his home at Sanders, Carroll county, last Saturday.

Mrs. Maggie Marshall has been the guest of her sister, Mrs. R. C. Rice, for several days.

Mrs. Saxton returned home last week after a protracted visit to relatives in Woodford county.

Mrs. W. L. Riddell has been absent for a week at the bedside of a sick and in danger.

George McFarver, of Cincinnati, was calling on his visiting friends in Burlington last Sunday.

Mrs. Elizabeth Light and daughter, Miss Mary, of Covington, were visiting relatives in Burlington Sunday.

T. M. Rich, of Big Bone, was the guest of his son-in-law, Noah Clure, near this place last Saturday.

Mrs. Dr. Grant and Master Wallace and Miss Grace, of Petersburg, were in Burlington the latter part of last week.

B. C. Celkins, of Rising Sun, J. J. Harris, of North's Landing and J. J. Platt, of East Bend, were in Burlington last Saturday.

Robert Adams, a prosperous farmer of the Hathaway neighborhood, and his nephew, O. B. Utz, of the Union neighborhood, were in town one day last week.

Uncle Jubilee Bell passed through Burlington last Friday afternoon, on his return home after a long trip in the interest of Humechert & Co.'s marble yard, for which he is an agent.

Messrs. Conner and Furnish, spent week before last assisting the Owen county jobbers in preparing for their plant buds, and they are now well posted in the mechanism of the afore-said bed.

NEIGHBORHOOD NEWS.

LAMARBO.

Business is brisk.

Mumps on the decrease.

The Sandfords have moved to the Casey farm.

The chile music of the frogs and lizards can now be heard.

Last Friday night the brass band played the six with sweet music.

Mid-Madness has moved on the Ed Stephens farm near here.

The remains of Martha Dollie, were placed in the vault at Hebron on the 12th inst.

John Deane was out on Sunday night to see his girl, and on his way home he came in contact with Opossum Aylor and they had a monkey and a parrot time of it, but John finally got away with the monkey and Opossum Aylor chew the monkey up and went on his way singing, "The girl I left behind me."

UNION.

Dr. Adams preached to a good congregation here last Sunday.

F. E. Dickey has returned from a month's visit to Millville, Ga.

Miss Shelly Vance spent Saturday and Sunday with her parents at Walton.

The children of W. W. Couper and S. S. Smith are very ill with whooping cough.

Troublesome colds are still prevailing, with several cases of pneumonia among children.

Mr. Robert Blankenbuckler's condition continues to be alarming from paralysis and heart trouble.

Rev. Graybill will preach here next Friday at 7 o'clock, and on Saturday morning and evening, preparatory to the administration of the Lord's Supper on the Sabbath.

GRANT COUNTY.

The deposits at the Grant County Deposit Bank, Monday, were \$29,000.

Mr. L. B. Stephens, of Walton, was in town Tuesday, and subscribed for 40 shares in the Building Association.

R. B. Turner, of near Blandville, was expected to Cincinnati 30,000 pounds of leaf tobacco at from 4 to 9 cents per pound.

One of the largest cows was in town Monday, that has been here for some time. It was a very good one, and was a very good one.

The Building Association issued seven hundred and fifty dollars last Monday night at a premium of \$250.

Cap. Sanford Thill has leased the Abrahams farm above the Fair Grounds, and will be a tiller of the soil.

W. H. O'Brien, of the Register, Theodore Barkham, Capt. Jacob Riet and Edward Lee left the latter part of last week for Oklahoma Territory, on a sight seeing and prospecting expedition.

History of Niagara.

The Past and Future of the Unparalleled Cataract.

Geological and Scientific Facts Concerning the Falls Collected by Prof. Julius Folsom—Changes Wrought Within the Past Forty Years.

Prof. Julius Folsom, ex-president of the Buffalo Society of Natural Sciences, has made a thorough research into the geological and scientific facts concerning the Niagara Falls. He has collected a large number of facts, which he has arranged in a book, which he has just published. The book is a valuable contribution to the knowledge of the Niagara Falls, and is well worth a perusal by all who are interested in the subject.

He has prepared a paper embodying all the points which, says the New York Tribune, will be found interesting reading. Below is given an abstract of the report.

The first scientific survey of the Falls was made in 1867 by Prof. James Hall, the State geologist of New York, and all of our knowledge of the geological history of the Falls, counting the elevations from the water level, goes back to the year 1867, and he admits that the starting point, very far from the water level, is the fact that the water level has fallen 100 feet, and that of the Horseshoe Fall at 1,800 feet.

The Lake survey went over the ground again in 1875, and in 1883 three years after the Horseshoe Fall had fallen 100 feet, the level of the American Fall differed 100 feet from that of the Horseshoe Fall.

When the American Association for the Advancement of Science met here in 1880 the section of geology decided to make a study of the problem of the section, and for that purpose Prof. Woodward, of Washington, and some of his assistants surveyed the history of the Falls.

They found an average recession for the whole face of the Falls of about 100 feet since 1867, nearly five feet every year. In view of such rapid recession it is hardly probable that the older pictures of the Falls, which always place the Horseshoe Fall considerably lower than it is now, are, in fact, correct, or at least partially correct.

If the rate of recession remains during the next few hundred years as it has been for the last forty-five years, the inner edge of the Horseshoe Fall will have passed the east of Goat Island, and the inner edge of the American Fall will have passed the west of Goat Island, and the water level will be near the Canadian shore, and the rate of the river will be near the Canadian shore, and the rate of the river will be near the Canadian shore.

The Horseshoe Fall, overlooking the American Fall entirely and transforming Goat Island into a peninsula, in which the smaller islands of today, Bath, Luna, Chapin, etc., will appear as small hills.

The fall will then perhaps be higher than today because the present descent of fifty feet over rapids will be added to the height of the cataract, and the number of feet needed to give the necessary current. It is not likely that at present the water runs fifty feet to the mile. Considering that even now the Horseshoe Fall no longer recedes south but more east, than south, the recession will be more easterly yet in the years to come.

Five miles in that direction before the Niagara shall, which now occupies the lower part of the face of the falls, will have receded to the top of the falls, and the recession by means of undermining is stopped. For at present the changes that take place are due to the fact that the upper eighty feet of the face of the falls is a hard limestone, while the lower part is a soft shale, and the soft shale crumbles away, and the spray can wash away with such an extent that the overlying limestone loses its support, break off and tumble down with a crash, and the face of the falls is changed.

By the River View Cemetery Association will begin work at once upon the water works with which the cemetery is to be equipped.

Uncle Jubilee Hartford was considerably excited Monday over a shooting scrape—the killing of a dog—which may lead to shedding of human gore.

A popular spring rain would be very opportune at this season, as it has been a long time since we have had a shower.

Without fear of successful contradiction we make bold to say that Warsaw in point of business enterprise, and competition with any town three times its size on the Ohio river.

The Treasury now holds gold and silver, \$30,000,000; silver coin and bullion, \$30,000,000; gold coin and bullion, \$30,000,000; and outstanding gold \$129,850,000, silver \$245,730,000.

BRADDOCK, the successful Liberal candidate in the Kenilworth election, was not only a home ruler, but also pledged to favor the taxation of ground rents, the English form of the George laws.

JACKSON, Ill., is supplied with artificial gas, by a new process, is made to yield an enormous increase.

At least one of the new States now to be admitted will hold the first election in which the Australian system of voting, the territorial Legislature of Montana has enacted that law, and the election next October will be held under it.

At last an attempt is about to be made to convert the water power of Niagara Falls into money. The Buffalo and Niagara Falls Draining Company has incorporated with capital of \$5,000,000. It is believed that 100,000 horse-power can be produced.

ON a farm in Dakota, the other day, a cow was born with eight legs, and now they say no more are sprouting out of him. Considering that Dakota is young, she is doing pretty well, and there are probably dozens of legs in that soil that haven't come to the surface yet.

A WOMAN at Tucson, Wis., claims to have discovered a cure for hydrophobia. It is a tea made from a well-known herb, which, it is claimed, permeates the entire system, neutralizing the poison. As the name of the herb is withheld, the discovery appears to be one for revenue only.

TELEGRAPHIC communications with the United States have been established by cable from San Francisco to Cuba, Hayti and San Domingo, thence to the Island of Curacao, thence to La Guayra and Caracas, Venezuela, where connection is made with the Government land lines for places in the interior.

A NEW Philadelphia ink is aliphatic ink, colored in a number of different colors, black, on each side of which is stamped one of the letters from A to Z. It is well known that Philadelphia is slow and unprogressive, but it was supposed that the ink was fast enough to have struggled out from under such kindergarten classes.

QUEEN VICTORIA, having permitted two of her daughters to contract marriages with the Marquis of Lorne and Princess Beatrice to Henry of Battenberg, is now grievously offended that Alexander of Hesse, Henry's brother, should contract a marriage with the Princess of Wales, the Queen's daughter-in-law.

The calamities which have befallen world-wide sympathy for the people of Northampton, China, and the second largest river of the Empire. It is a remarkable fact that in 2,500 years this river has changed its course ten times. Upon such a river, it is not surprising that the people of Northampton should have been so unfortunate.

A CLEVELAND (O.) man made an arrangement with a newspaper publisher to immigrate by the terms of which the latter was to work for him from 12 o'clock noon until 8 o'clock the following morning, seven days in the week, for \$1 per week and board.

An amendment to the Canadian copyright act provides that the work copyrighted must be reproduced or republished in Canada within three months after its publication elsewhere. It is also provided that the exclusive right shall cease to exist if the work is not reproduced in the country of its origin.

A LEADING topic of conversation in Pittsburgh financial circles is the statement of the directors to the stockholders of the Bank of Pittsburgh, which was made last week by the President, Mr. W. H. Rouse, and which was published in the Pittsburgh Courier.

The International Congress which is to be held in Washington next October is gradually engaging the attention of the press throughout the country, and is evidently drawing forth more and more interest by all friends of an enlarged American commerce.

It is claimed that persons addicted to the use of alcoholic liquors can be entirely cured by the method of hypnosis. The method is said to be simple, and is said to be the only one that has been found by the doctor that he must never want to drink again, but must feel a disgust for liquor. This method of treatment is said to be entirely successful.

MISS WILLARD, the case was wonderful, and had excited so much attention that French specialists now have been called to the treatment, and published a review.

CAUGHT BY A CLERK.

The Daughter of United States Chief Justice Fuller Elopes.

With J. M. Aubrey, Jr., of Chicago—Married at Milwaukee by a Justice of the Peace.

MILWAUKEE, Wis., March 21.—Miss Pauline Fuller, the fifth daughter of Chief Justice Fuller, was married here last night at the Kirby House by a Justice of the Peace. The groom was J. M. Aubrey, Jr., of Chicago, and it was a runaway match. When the 6:30 train arrived, a petite woman was helped off the steps of the parlor car by a well-dressed young man with a smooth face, which, by a new process, is made to yield an enormous increase.

At least one of the new States now to be admitted will hold the first election in which the Australian system of voting, the territorial Legislature of Montana has enacted that law, and the election next October will be held under it.

At last an attempt is about to be made to convert the water power of Niagara Falls into money. The Buffalo and Niagara Falls Draining Company has incorporated with capital of \$5,000,000. It is believed that 100,000 horse-power can be produced.

In his talk before his Sunday-school class last Sunday, Postmaster General Wainwright came squarely out for prohibition.

It turns out that Gov. Foraker's compromise with the White Caps in Ohio was not a lasting one, and they are again at their work.

March was behaving rather nifty when she made her farewell bow to the month.

As a vindication Mr. Halstead will ask the Ohio legislature to send him to the United States Senate at the expiration of Mr. Payne's term.

EDITOR HALLSTAD and Senator Payne will both be candidates for United States Senator in Ohio, and both working the vindication racket for all it is worth.

AMIDST HEAVY says that he will sue the *Cincinnati Enquirer* and the *Owensboro Inquirer* for malicious libel. In the next few years suits for libel against newspapers have not panned out much for the plaintiffs.

It has been discovered that the law passed by the last Indiana Legislature authorizing that State to borrow \$1,444,444 in anticipation of the next year's revenue, and much excitement is caused thereby. Indiana is in a bad fix, truly.

Is this issue the copied three cards which were published in the last issue of the *Owen News*. Two of these cards are Mr. Hoggins and Mr. McGinnis, and from these we judge those two gentlemen are getting warm under the collar.

NEXT Saturday is the Democratic primary election for choosing Democratic candidates for State Senator and County representative. Let every Democrat in the county go to the polls that day and vote for his choice of candidates for these offices.

MR. CLEVELAND had a long-legged soldier for his Commissioner of Pensions, but Mr. Harrison went him one better and has a long-legged soldier filling that office. Consequently only half as many applications for pensions will be kicked overboard.

We hear of something remarkable from Mason. Two years ago a man lost his wife; last June he married his second wife, and subsequently in February he married No. 3, making three legal wives in a period of two years.

WOMEN are now entitled to vote in fourteen States whenever special questions are involved in an election. In Kansas, they can vote at all municipal elections and in Wyoming they enjoy the full right of suffrage. During recent years there has been a marked growth of them in a period of two years.

At a meeting of the New York Central Labor union a communication was read which purported to come from Jay Gould, stating that Gould was willing to hand over to the union, \$11,000,000 in gold, with interest from 1881, if the Central Labor union would be willing to adopt a plan for co-operative industry proposed by Gould. The proposition is to be investigated.

FARMING in Indiana is to be developed to a science under the operation of an act by the late legislature, which provides that farmers' institutes must be held in each county annually sometime between the 1st of November and the 1st of April. Instruction is to be given in agriculture, horticulture and agricultural chemistry by lecturers to be appointed by the committee on Experimental Agriculture and Horticulture of Purdue University. An appropriation of \$5,000 annually is made for expenses.

THE United States Senate rejected Murat Halstead's nomination as Minister to Berlin by a vote of 25 to 19. When the Senate refused to investigate Senator Payne's election to that body, Halstead was particularly severe in his criticisms of some of the Republican Senators who opposed the investigation by their votes. Upon the sending in of his nomination for Minister to Berlin the first opportunity was offered them to give even Mr. Halstead will now know no longer to his abuse of those Republicans who have not applied their official toe to

To the voters of the 23rd Senatorial District:

In my speech at Warsaw, on Monday, March 18th I stated that Reuben Conner, one of my opponents in the race, bolted a Democratic Convention in Boone county and made the race against me. I did not dare deny it. He would not deny it publicly, my presence, but is doing so privately. Now, say to the voters that Mr. Conner is afraid to deny my statement, but is secretly trying to impress the voters that he is a genuine Democrat. I further state, that while Mr. Conner is in the Legislature he had an opportunity to vote for the most important bill ever offered for the benefit of the farmers of Kentucky, and in place of assisting the farmers when he had an opportunity, he voted squarely against the bill, regardless of a long petition from the farmers of Boone county. I make no statements that I can not prove.

For the truthfulness of the above statements, I would respectfully refer the readers of the *News* to Rev. J. H. Threlkeld, of Scotland, Ky., Owen, and Thomas Rouse, of Monterey, who are fully acquainted with the above facts.

Most Respectfully,
J. S. HOGGINS.

A Card.

To the voters of the 23rd Senatorial District:

One of my opponents, John S. Hoggins, has been circulating a report to the effect that I bolted a Boone county convention. This is done on the eve of the election to the intention of injuring me, and it is false in every particular. Why did he not make the charges before, as he had ample time?

March 26, 1889.
A Card.

To the voters of the 23rd Senatorial District:

Reuben Conner, one of my opponents for the State Senate, has published in this issue, saying that I published him as being a bolter of a Democratic convention, and I say to the voters that I gave him an opportunity at Warsaw, and at Owen, and he did not dare deny it, and I will send fifteen hundred names of respectable voters of Boone county, certifying that my statements were true. And as Mr. Conner is imposing upon strangers in regard to his popularity in Boone county, I will certify that he elected when he had opposition, and in a regular election he received but 700 votes of 2,900, and if there had been opposition he would have lost his seat. My presence has been the case ever since he went back on the Democratic party. I will further say that if he can get ten honest men of Boone county to say that he has ever received even a respectable vote since he bolted the Democratic convention, I will withdraw my claims before the primary.

Most Respectfully,
J. S. HOGGINS.

In the Treasury, Interior and Post-office Departments at Washington, President Harrison finds on the pay-rolls 3,352 appointments of former Republican Administrations who retained their places drew \$4,455,000 per annum throughout Cleveland's four years.

In the same three Departments President Harrison finds of Cleveland's appointees only 1,099, drawing \$1,603,340 per annum. The "holdovers", outnumbered the new appointees more than 3 to 1. Of 131 officers having salaries of \$1,900 and upwards sixty-five are "holdovers" and only sixty-six were appointed by Mr. Cleveland's Secretaries, and sixteen of these were appointed to vacancies made by the promotion of "holdovers" to presidential offices, to which they were appointed by President Cleveland himself.

The civil service reformers show a disposition to keep these figures dangling before the eyes of the new President all the time, as the disgust of the large army of place hunters.—St. Louis Post Dispatch.

The Democratic State Central and Executive Committees met in Lexington at noon Thursday and issued the following call:

TO THE KENTUCKY DEMOCRACY:

At a meeting of the Democratic State Central and executive committees held at Lexington, the following was adopted:

You are hereby requested to meet in a delegate convention in the City of Louisville at 12 o'clock noon, on Wednesday, the 8th day of May, 1889, for purpose of nominating a candidate for the State Treasurer to be voted for at the next August election. In appointing delegates to the convention it is recommended that the vote for Cleveland and Thurman be taken as a basis and that the ratio of representation be one delegate for every two hundred of said votes and one for each fraction of one hundred and over. It is further recommended that the delegates shall be elected in every county on the same day, to wit, the 27th day of April, 1889, in such manner as the County Committee in each county may prescribe. If from any cause a County Committee cannot be formed, a meeting of the Democracy to be held at the Court house of such county or counties at 2 p. m. of said Saturday, April 27th, 1889, to elect delegates to the convention it shall be the duty of the Chairman of each Legislative District to hold said meeting, and they shall be held at 3 p. m. M. C. Alford, Chairman.

W. P. Kimball, Secretary.

S. D. Goff, of Clark county, bought last week in Chicago one hundred feeding cattle, weight 1,200 lbs., which cost him \$3.68 a head.

Wayne Wilson, the celebrated Stager Boy stationer, 5-y-o, record 2:24, owned by Breuneman & Bros, was sold at the Cambridge City, Ind., to a gent from Columbus, Ohio, for \$11,100.

Col. Geo. A. Singler, of Philadelphia, has sold to a wealthy Cuban, Prince Wilkes, 2,144, 9-y-o, by Red Wilkes, dam Rose Chief by Brown Chief, for \$30,000. This is the highest price ever paid for a gelding.

From inquiries among the farmers last Monday the fact was developed that not over 50 or 60 per cent of a full tobacco crop will be set in Owen this season. If a farmer can put in five acres and make a fine crop what is the use to put in ten acres and not give it the proper attention when it will not bring in any more money than the five acres would bring. Does he not save his soil and labor? Put in less tobacco, and more corn.—Owen News.

We are surprised at the lack of interest shown by several of our exchanges in the Blue Ridge district looking toward the curlew. We are satisfied that the decrease in Owen will be 40 per cent, if not fully one-half, and if the producers of other counties do not do likewise, low prices will rule, and all steps hereafter taken by farmers for self-protection will be looked upon as a failure. Owen is in earnest.—Owen News.

Last Thursday Mr. S. S. Dunbar, who lived four miles east of Columbia, was out on his farm where he was trying to prevent fire from catching to a field of broomseed. The fire finally caught the sedge and also caught to his clothing, the flames spreading over him burned all his clothing from his body. He was found lying insensible, burned to a crisp from his waist down. His feet were burned so badly that the flesh fell from them when taken up. He lived until 10 o'clock the following night. Mr. Dunbar was one of the oldest citizens of the county, being 81 years of age.—Columbia Spectator.

The Agricultural Department estimates that there is now in the hands of American farmers 112,000,000 bushels of wheat against 132,000,000 bushels a year ago. The question of bread has been a leading one since Noah was a sailor. It has over-turned dynasties, disrupted Commonwealths, revolutionized governments in every age of the world. Bread was never so cheap as at present, and the indications are that the day is not distant when one crop of wheat in England's East Indian dependencies will suffice to feed the civilized world two years. It bodes good to mankind, but on the surface it would seem that such a consummation bodes evil to the Western farmer.—Louisville Times.

The chief objection to Mr. Egan is that he has been a resident of this country but a few years. He came here in 1883 and it is doubtful that he is a citizen. If he has completed his naturalization it was but recently, and there is a natural protest against sending a man to foreign parts to represent this Republic who is something of a foreigner himself. There are scores of Republican Irishmen in this country who have established their claims to citizenship by army service and long residence, and they must naturally feel slighted in view of the extended devotion to Mr. Blaine and the party.—New York World.

Around the family burial grounds of Alpheus Lewis, deceased, near Wade's Mills, in Clark county, is perhaps the only "post and-railing" stone fence in the world. It was erected 47 years ago, and is as good as the day it was finished. The posts are limestone and the rails are sandstone. Dr. T. Lewis, son of Alpheus, who lives on the farm, showed us a photograph of this quaint old structure, which includes a piece of ground 40 feet square and a handsome family monument.—Mt. Sterling Sentinel.

Joseph Craig, of Flat Rock, Bourbon county has left for New York, where he will join Barnum's circus and travel with them as their agent. He has been a merchant at Flat Rock for many years, and on several occasions received big offers from Barnum to travel with him, but the offer this year is so tempting that he can not refuse. Mr. Craig is over seven feet tall and weighs near four hundred pounds.

Ex-Treasurer James W. Tate is now in Japan. Several letters have been received by his friends in Frankfort from him, in which he makes no effort to disguise himself or his whereabouts in the slightest degree. He was always fond of perambulations, and that is the finest country for them in the world.—Lexington Observer.

The three candidates to represent Franklin county are Gen. Scott Brown, Len Cox and George Bacon.

Mr. N. R. Hitley, Representative from Todd county in the last General Assembly, has been nominated for re-election.

Robert Richardson, the well known Covington lawyer, would like a South American Mission, and is looking after it.

William Taylor Barry South has announced himself a candidate for State Treasurer, subject to the action of the Democratic party.

The Democrats of Graves county, in mass convention assembled here, endorsed Capt. T. G. Poore for Clerk of the Court of Appeals.

It is said that the Federal patronage falling to this Congressional district for the next 4 years is in the hands of ex-Congressman Thomas Mayville Democrat.

The postmaster at Milton sent in his resignation some days ago. Postmaster General John Wainwright may compel the women to make breeches for him at 10 cents a pair, but he will never get a chance to apply the toe of his boot to the other side of the breeches worn by the Democratic postmaster of Milton, Kentucky.—Milton Free Press.

Henry county is just now the most out-of-the-center for Democratic nomination for Representative. The contestants are James Rodman and Wm. P. Thorne, both of Eminence, and John T. Bashaw, of Newcastle. They are turning the light on each other, so that they may "see themselves as others see them."—Eminence Constitutionalist.

It is reported that Dr. James Rodman will resign his office of Superintendent of the Western Insane Asylum. In Europe and in America Dr. Rodman is regarded as the ablest man who ever had charge of a public institution for the insane, and his methods have been generally adopted in both hemispheres. Dr. Stone, who is spoken of as Dr. Rodman's successor, has been Dr. Rodman's assistant for many years. What's the matter with Dr. Jim for Governor?—EX.

Some of the State papers are congratulating the Democracy of Kentucky because the State Convention is to be held in Louisville. We do not see that it is any cause for congratulation. Louisville is not so central as Lexington, and not easily reached from all portions of the State. Lexington could have had the convention if she had wanted it. She does not want the earth, however, and sent the convention to Louisville from pure generosity.

These disappointing fellows who stand up and howl every time the Blues get anything.—Lexington Transcript.

In the selection of candidates for State offices the man best fitted for the office and one of unimpeachable character should be "the choice, and sectionalism should not be considered. Whether a man comes from the border or the heart of the State is of little importance. It is his integrity and ability that should be the recommendation, not his place of residence. There is undoubtedly considerable rivalry existing between the different sections of the State, and each feels that it should be represented upon the State ticket, but if one section brings forward a candidate unquestionably superior to the candidate of another section, why should not the best man be chosen? It certainly should be the aim of the Democratic party to put forth its best timber, and it is to be hoped that it will do it, no matter from what section of the State the candidates are from.—Danville Advocate.

If the twelve national gas companies of Louisville spend all their profits at home, we shall need twelve more bars to hold our iron.—Courier Journal.

This talk about seven-year-olds of Kentucky whisky is very absurd. If they make whisky in Kentucky March 15th you can bet it is all gone before sunset March 16th.—Minneapolis Tribune.

Hanging is certainly played out in Rockcastle. A jury let off the negro convict, who brutally murdered his guard for the purpose of escaping, with a life sentence. There seems to be a very tender hearted jury anyway, judging from the lightness of the verdict it has rendered.—Stanford Interior Journal.

At the city election in Cincinnati, Monday, Mosby, Republican, was elected Mayor, while the other eight city officers were divided equally among the Democrats and Republicans. The citizens' ticket was scarcely in the fight.

HUGHES and Terrill, candidates for Representative, Conner and Furnish, candidates for Senate, were very busy among the crowd Monday.

Notice is hereby given that there has this day been acknowledged and filed Articles of Incorporation in the office of the County Clerk of Boone County, Kentucky, under and by the laws of Kentucky.

The incorporators are Mat J. Day, J. J. Ferris and Solon Early, under the name of "The Petersburg Milling Company." The principal place of business and office to be at Petersburg, Ky.

The general nature and business to be transacted by said Corporation shall be the construction of a mill, the manufacturing of flour and the milling of cereals.

To commence business March 9th, 1889, and March 9th, A. D. 1914.

The affairs to be conducted by a board of five directors to be elected annually on the 21st Saturday of January.

The highest amount of indebtedness or liability incurred by the express contract after the capital stock paid in shall be one thousand dollars, and in no event shall the indebtedness exceed eighty per cent of the unpaid capital stock subscription.

The private property of the incorporators and stockholders to be exempt from any liability for corporate debts.

The amount of capital stock authorized is \$15,000, twenty per cent of which is paid in, the remaining eighty per cent or any portion thereof to be paid within twenty days after call by the Board of Directors.

Witness our hands this March 11th, 1889.
MAT J. DAY, J. J. FERRIS, SOLON EARLY.

INCORPORATION NOTICE

The undersigned Corporators have this day acknowledged, acknowledged and filed for record in the Boone County Clerk's office, Articles of Incorporation, incorporating "The Utzinger, Ballewsville and Cincinnati Omnibus Company."

1. The business of said corporation will be the transportation of Passengers, Freight, etc., for hire between Lexington, Ky., and Cincinnati, Ohio, and ways points, and to conduct the business of a Common Carrier between said points.

2. The principal place of transacting the business of the corporation to be in Lexington, in this county.

3. The capital stock of the company is not to exceed \$1,200, to be paid in on demand of the Board of Directors of said Corporation, without condition.

4. The Corporation commences March 4, 1889, and is to terminate March 4, A. D. 1914, unless sooner dissolved.

5. The affairs of the corporation are to be conducted by a Board of seven Directors, stockholders, elected annually on the first Saturday of March, commencing in the year 1889, the undersigned corporators conducting them until the first election they constituting the Board of Directors until the first election.

6. Private property belonging to stockholders is to be exempt from all debts and liabilities of the corporation, direct or contingent.

7. Clinton Gaines, Charles A. Gaines, M. T. Graves, T. G. Graver, Thos. Whitaker, Fred Palgraf, F. P. Watson.

FOR SENATOR.
HON. REUBEN CONNER.
Of Richmond.
FOR REPRESENTATIVE.
HON. G. W. TERRILL.
Of Petersburg.

It is claimed that Mr. Harrison has given Governor Foraker a rap that is a stinger. Let the war progress.
The trial of Allie Parsons for the killing of Theetie in Aurora last fall was commenced in Lawrenceburg Monday. His plea is self-defense.

We are all for Conner and Terrill now, and with their legislative experience know that Boone's interests will be closely watched again in the next General Assembly.

The citizens of Washington county, this State will celebrate the one hundredth anniversary of Washington's inauguration with great eclat. It is claimed for Kentucky that Washington county is the first piece of territory named for the father of this country.

This Chairman of the Boone county Democratic Executive Committee has called a Democratic mass meeting for the 27th inst. to select delegates to the State convention which meets in Louisville on the 8th of May. Let every Democrat be present and participate therein.

Next Monday the Oklahoma Territory will be thrown open to settlers. There will be a rush into that country like of which was never before seen, and unless there is great diligence on the part of Uncle Sam's conservators of the peace out there, a riot will ensue. The excitement is now very high and it increases as the 22d inst. approaches.

Jas. T. Willis, of Williamson, Grant county, is a candidate for Clerk of the Court of Appeals. Mr. Willis was for many years Clerk of the Grant Circuit Court and was a most excellent official. Having a very extensive acquaintance throughout the State there is no question but what he will be a strong man in the contest for the nomination. Mr. Willis is one of the cleverest men in Kentucky, and this end of the State should give him its unanimous support.

The following bill, introduced in the Illinois Legislature, has the tracing:
"Any person who shall attempt to confuse the public mind by assuming or insinuating that any other day is ground-hog day than that fixed by this act shall be guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding \$100. It shall be lawful for the governor of this state, by public proclamation, to call the attention of the people to the recurrence of this holiday, and to invite all good citizens to refrain from their usual labors and close their places of business so that better opportunities may be afforded for celebrating the emergence from the slumber of the subsequent emergence into the light of the festive animal of which is the patron saint of the day."

There is something very ludicrous in the thought of Bill Dudley coming to Tennessee as the representative of the Republican National Committee to investigate elections in this State, and to prepare a report which is to shock the world with a story of fraud and corruption. It is absurd, in the first place, because there are no facts upon which to justify such a bold charge; it is ridiculous in the second place because the man who is sent on this business has been a fugitive from justice for the villainous plot perpetrated by him in the last election, and is in such deep disgrace that the President for very shame dare not even countenance him. A disreputable, corrupt and rascally brawler, he is a fitting agent to prepare the way for the dirty work the Republican party has in view. This exposed corruptionist, this scoundrel "Christian statesman," is very properly sent on to the advance guard of a "southern" policy which is to place Southern elections under the control of such knaves as he and his rascally under-Congressional-disgraced party already in power as the popular will—Nash-

MR. BECK'S CAREER.
We take the following from the last issue of the "Scottish World":
The United States Senate is the highest legislative body in the world. It is the States General, the Grand Inquest, the Upper House of Parliament, where the people meet to discuss the affairs affecting the national welfare of a people where the science of government has reached its nearest approach to perfection. To be elected a member of this august body is to be among the most distinguished of men. To become a leader in this grand arena of debate is to be one of the kings of humanity.
There have been few foreign-born citizens during the hundred years that have been honored by an election to the Senate, and it is a pleasure to present to the readers of the "Scottish World" the name of our Scot who has not only raised himself to the high office, but who is universally acknowledged to be one of the best equipped men for its various duties that there are in the American Union.
James Burnie Beck, United States Senator from Kentucky, was born in Dumfriesshire, Scotland, on February 13 1822. He received a good rudimentary education in his native country, and came to the United States settling in Lexington, Ky. At that time the bluegrass region was entirely agricultural and the future Senator began his industrial career as a laborer on a plantation. He was young, vigorous and faithful. In the fields he took the foremost and widest row, and weeded it well. He had the strength of an athlete and an endurance that no labor could fatigue. These qualities, backed by a resolution that no difficulty could daunt him, his toil beneath the southern sun was mere recreation to him. In his leisure hours he read all the books he could get, and read to good purpose. His naturally clear, logical intellect gradually led him to the study of law, and after a few winter sessions at Transylvania University he was graduated at the law school in 1847.

The bluegrass region was inhabited by a population as proud and as haughty as it was generous and chivalrous. It was in that section that the blue blood of the southern chivalry had found its strongest lodgment, and he was a man indeed who could rise from the ladder to the highest round of the ladder in that section. The Kentucky lawyers looked askance at the big, burly Scot, with his horny hands and sun burnt face, but they soon saw the real mettle was in him.

After being admitted to practice at the bar Mr. Beck rapidly attained a front rank among the elite of the profession, and soon achieved a large practice. He had repeatedly declined nomination for public office, but at the beginning of the reconstruction period he began to take an active interest in national affairs, and was elected to Congress from the Ashland district in Kentucky. This was in 1866. During the four successive terms to which he was elected he took a prominent part not only in the great question of reconstruction, but in every important measure which came before Congress. The South was then prostrate and almost at the mercy of the triumphant North. It required great courage to stand on the side of the minority, but Mr. Beck was the man of the hour. He soon became the admitted leader of the Southern Democracy, and led his party through a long and earnest struggle for the integrity of their State and the rights claimed by their people—a period which was the most critical in the history of constitutional government in America. Although on the side of the minority he was appointed on many important Committees. In 1876 he was a member of the Commission defining the boundaries of Maryland and Virginia, and in the same year was elected to the Senate. He took his seat on March 4, 1877, and was re-elected in 1882, and again in 1888, and enters upon his third term as Senator on March 4, 1889. During the whole of the period in which he has represented Kentucky he has scarcely been one day absent from his post. Last summer he was compelled to relax his incessant labors on account of failing health, and it is a matter of delight to his friends and of much satisfaction to the people of the whole country to know that a few months' cruising among the islands of the West Indian archipelago has completely recuperated his great strength, and he expects to take his seat in the Senate early in April.

Mr. Beck owes his success in life and his entrance as a legislator to the great capacity for labor. No man ever possessed this great gift in a larger degree than Mr. Beck does. An eminent Senator from New England has said that every other member of the Finance Committee might be discharged from the consideration of the appropriation of bills, and that Senator Beck could handle them all, revise and amend them, present them to the

Senate, fight them through that body, and find plenty of time to discharge the other Senatorial duties. It is universally admitted that the political history of the United States at the present time does not disclose the name of a purer patriot, or a more faithful and painstaking public servant, and even his bitterest political antagonists admire the honesty and industry of the man. Mr. Beck is as incorruptible as the granite of his native hills. The people of Kentucky fairly idolize him. He is above any other man in Kentucky, the man of the people—the man in whom the people entrust, and to whom they look with hope—a man whose stalwart blows for honest government have ever brought cheer to the hearts of his friends and carried confusion to his adversaries.

Socially Mr. Beck is spoken of by those who have the honor of his acquaintance as a royal man, the embodiment of good-fellowship. Springing from the people, he is still one of them, and the highest and the humblest are the same to him. He had no tie Senatorial duties, and the frivolities of what is improperly called "Society" has no attraction for him. His early experience in the green fields gave him a close acquaintance with natural phenomena, and he takes great pleasure in long drives and walks in the country. While at Washington his favorite relaxation is to stroll among the magnificent Botanic Gardens, which, under the intellectual care of Mr. W. R. Smith, another worthy Scot, have become such a charming feature of the City of Washington.

Those who would see Mr. Beck at his best, however, should see him on the floor of the Senate, when some economic question is before that body. The Senator is then at his best. On such occasions he is full of fire and force. His mighty arms swing like hammers. His Scotch tongue, which some call harsh and rasping, thunders out the shortest and simplest Anglo-Saxon words that could be found to dispose of his case. Now and then the clenched fist comes down on his desk with telling force. Then it is that the Senate and the galleries are all attention. The whole speech is made up of facts and statistics. If a flow of rhetoric should spring up in his path, he would crush it with his ponderous foot; if a trope should get into his throat he would swallow it. Adjectives and metaphors and similes find no place in his oratory. Like Joseph Home, he is a man of figures. Like him he speaks like a problem in mathematics. On all questions of finance he is as correct as the multiplication table. Upon such questions—and these are the great questions of the present time—every Senator, Republican or Democratic, is but a child to Mr. Beck.

In conclusion, the example of Mr. Beck's remarkable career ought to serve as a stimulus to every young Scot who feels like being a man among men. To the young emigrant coming to America with nothing but willing hands and a clear head and an honest heart, the pathway is open to the highest pinnacles of earthly renown. Mr. Beck has shown that a farm-laborer can prepare himself for one of the highest professions. He has shown that a parish-school education in Scotland is better than being educated beyond one's intellect in a half-dozen colleges. He has shown that blue-blood and high notions of aristocratic exclusiveness must give way before industry and intelligence. He has shown that in standing up for the right, as he sees it, commands even the admiration of his enemies. He never asked help from any one. His whole life is a lesson of self reliance, and its triumph the result of complete self-development. Let the struggling young Scots in America think of him; and we can not all be Senators, and we can at least rest assured that a continued effort in a right direction will bring a certain measure of success, shaping our lives to higher and nobler purposes, and leading us upward to the perfect end.

The census of 1880 will show a population of more than two millions, and a voting strength of 400,000 is pretty hard to control, especially if it breaks loose once. In the meantime more young men of promise are entering business than formerly when every local genius straightaway became a lawyer and a potential candidate for every office in sight. The law is not attracting young men as of old. In fact, many of the most promising lawyers have deserted their briefs for business enterprises or are looking out for good opening in that direction.—Owensboro Messenger.

The tobacco crop in Kentucky for 1888, was 282,331,421 pounds, while that of 1887, was 117,282,876 pounds. The crop and one-half times as great. The number of pounds was raised in Christian county the amount being 17,211,510 pounds, and the smallest amount in Wayne county only 400 pounds.

Crop and Stock.
Columbus Thomas, of Clark county, has a saddle mare 32 year old which produced a colt last year.
At Squire H. C. Payne's sale in Fayette 100 Southdown ewes and lambs sold at \$12.00 per head and stock hogs at 8 cents.

Henry Domigan, of Winchester, bought of John Mann, of Montgomery county, a pair of 15 hand mules, two years old for \$225.

The heavy frosts have killed the pears and some other fruits. Don't know whether it got the apples or peaches or not.—Henry Local.

In Clark county W. D. Coons sold to I. Brown seventeen 1,300 lb. cattle to be delivered about the middle of May at 4 cents per lb.

Mr. E. P. Neale, of Bowling Green, it is reported, has refused from Mr. Robert Bonner an offer of \$12,000 for Blue Grass Hambleton.

There has been considerable stock lost in the neighborhood of Mt. Zion from the effects of mad dogs. T. J. Conrad has killed several cattle and hogs which had been bitten.—Williamston Courier.

Forty years ago Kentucky was the greatest corn-producing State, but the development of the West and North-west has been so rapid and so marvelous that Kentucky is now ninth in the list. Iowa is first.

The farmers of Union county, belonging to an organization known as "The Wheel," have resolved that "before we will pay more than twelve cents per pound for wheat, we will bind our wheat by hand."

J. A. Nash and Sam Hayden of Clark, sold to B. S. Mattingly, of Lebanon 28 yearling mare nules at \$110 each. This was considered by competent judges the best lot of yearling nules in this section of the State.

Good hogs will help out a farmer. As a hog is a very real and useful animal, it is a pity that for these symptoms—its weakness and disorder—a reflex in the brain, which is the headquarters of the nervous system, As a nerve tonic and tranquilizer, we believe that not one can be pointed out so effective as Hostetter's Kidney and Bladder Pills. It is a powerful purifier of the blood, and a powerful stimulant of the system. It is a powerful tonic and tranquilizer, and a powerful stimulant of the system. It is a powerful tonic and tranquilizer, and a powerful stimulant of the system.

There is, says an exchange, a coppe factory located at Seidan, Mo., which is doing a rushing business. The factory pays at the rate of 15 cents for one and a quarter inch hogs and 15 cents for one and a half inch hogs. A man hauled a load the other day of one and a half inch hogs which brought him \$64. The time may yet come when the people will raise wheat for the chaff.—Clarksville Tobacco Leaf.

Mr. Robt. Hendricks rode over about forty miles of the rich land in the vicinity of Massey's Mill, Rich Pond and other points yesterday, and says there is the finest wheat prospect he has ever seen, the largest crop of oats sown, up and coming along finely; that there is more corn planted than was ever known before at this season of the year, and the ground is in good condition. He also says that there are not half the number of tobacco plant beds there was last year.—Bowling Green Times.

Capt Tom Collins, who is one of the progressive farmers of Logan county, Ky., has experimented a good deal in the cultivation of corn and gives it as his best judgment that late deep plowing is disadvantageous. That is, corn should not be plowed after it begins to put out brace roots. The breaking of the roots checks the growth, and sets the plant back to take a fresh start before it can mature the grain, and consequently it weakens the stalks. After various tests and experiments his best results have been obtained from early planting, and rapid preparation of the land and rapid cultivation keeping the land well stirred with the harrow and plow until the corn is over knee high, beginning to spread its roots, and then it should be laid by.

The Cultivator will add to Capt. Collins's experience that of laying by corn with peas. Sow stock peas late when laying by, which is equal to two plowings. The children go up ahead of the plow, taking it by rows, dropping ten or fifteen peas in the balk. They will scatter in every direction and be turned under by the plow, and in ten days the vines will cover and shade the land, keeping the moisture in the soil to the shade the corn while the peas vines feed upon the ammonia in the atmosphere. If peas are dropped in the balk with corn at the planting time, all the better, yet sow the middles. The corn will be benefited and a good crop of peas for stock feed produced, leaving the land well covered with litter to improve the soil. Try it.—Clarksville Cultivator.

State Politics.
The Republicans of Franklin County have nominated Wm. H. Murray for the Legislature.
It is said that Hon. G. M. Adams, present Secretary of State, will be a candidate for Clerk of the Court of Appeals.

Judge Grace, of Hopkinsville, has decided that the election by which Christian county voted \$200,000 in bonds for the Ohio Valley railroad is invalid, on the ground that two tax propositions were voted on the same day.

Mr. Drury K. Burchett, of Louisville, who has been named by the President to succeed Capt. Jack Cross as United States Marshall for Kentucky, Mr. Burchett was a Republican candidate for Congress at the last election.

According to the Mt. Sterling Gazette the recent primary election in Montgomery county was a close one, \$10,000 being the amount named as spent in the interests of the various candidates for the office to be filled at the election in August, 1890. One flower is said to have realized \$105 on its vote.

The State Convention which meets in Louisville in April to nominate a Treasurer, will be composed of 917 delegates. 152 more than were in the last similar gathering. Capt. Sharp, the present incumbent, and Col. South of Frankfort, are the only aspirants so far announced.

A candidate for judge of Wolfe county publishes a card in the Hazel Green Herald from which the following remarkable extract is made:

"I am a cripple and not able to work, and by a little of your help I don't bust his latitude and settle his egg bread. You all know old crowner, and if he gets there he will feed the boys on plenty of egg bread, you bet."

Unsuccessfully Laughed At.
The undertaker is prone to make game of himself. Yet this is a very real and useful animal, it is a pity that for these symptoms—its weakness and disorder—a reflex in the brain, which is the headquarters of the nervous system, As a nerve tonic and tranquilizer, we believe that not one can be pointed out so effective as Hostetter's Kidney and Bladder Pills. It is a powerful purifier of the blood, and a powerful stimulant of the system. It is a powerful tonic and tranquilizer, and a powerful stimulant of the system.

LOCAL NEWS.

A MASS MEETING.

The Democratic of Boone County are called to meet at Burlington at 1 o'clock p. m., on April 27th, 1890, in mass convention for the purpose of selecting 12 delegates to represent the county in the State Democratic Convention which meets in Louisville May 18th, 1890, to nominate a candidate for State Treasurer.

J. M. LARSON,
Chm. Boone Co. Dem. Ex. Com.

Delightful weather again.

The grass is growing nicely.

The trees present a very spring-like appearance.

The plastering is under way at the Court-house.

Mrs. Rucker is having a new roof put on her residence.

The shading business has commenced this early in the season.

Eringer is about to be covered over with pig iron and still it comes.

The ground was showing pretty hard previous to the shower last week.

The preaching at Oscar Ryle's is on the 3rd Sunday instead of Saturday.

The ground was getting very dry before the shower of the latter part of last week.

Some have already commenced predicting a failure of tobacco plants. Wait a while.

W. J. Rice is erecting a very neat little residence on the lot he recently purchased at his late in Burlington.

Geo. W. Brown, father of Mrs. J. O. Huey and Mrs. Mary Huey, died a few days since at his home in Southern Illinois.

Since new corn would do to grind last fall W. P. Sullivan's mill on Gunpowder, has worked over 3000 bushels of corn.

At last we have found out what is to happen at Buellville on the 17th of April. If you don't believe it just ask "Heaven." Our rag.

There will be preaching at Hebrew Church next Sunday morning and evening at the usual hour—Sunday school at 3 o'clock p. m.

There will be Easter exercises at the Methodist Sunday school next Sunday morning. The little ones are making preparations for the annual egg race.

A Mrs. Slayback, until recently a citizen of the Richmond neighborhood, attempted to commit suicide by jumping into the river at Covington last Saturday.

We don't like to excite the curiosity of our thousands of readers by this statement, but we shall do so, nevertheless. There is a wedding on the tapis we are very credibly informed.

That portion of the Petersburg plying within the limits of Burlington is in a wretched condition, and the town should repair it, as the pike has never changed lot further than to the town limits.

Notice—All stock of any kind running at large on the road or any of our premises will be taken up and turned over to the Sheriff after April 20, 1890.

W. I. ROUSE,
John J. Berkebile, Ed. Berkebile.

In mentioning, a few weeks ago, the sale of a portion of the Collins farm, adjoining town, by A. G. Winston to J. R. Gaines, our information on the subject was sadly at fault. There was 100 acres of the land and the price paid was \$475 per acre.

A lively little party consisting of Clint Gaines, Miss Mary Cropper, Dick Stephens, Miss Laura Gaines, E. G. Cropper and Miss Pearl Gaines were royally entertained by Mr. and Mrs. George Kreylich at their pleasant home in Keaton county last Sunday.

In this issue will be found the advertisement of Mrs. Amelia Clore, of Rising Sun. Mrs. Clore has been in the millinery business for a number of years, and knows what will please the ladies, she has received her spring stock and is now ready to give you just what will suit you.

We hear that to-night Hon. Reuben Conner will celebrate his nomination for Senator by an elegant reception at the commodious residence of Mr. Conner. The large crowd in attendance will be entertained by good music and interesting speeches, while the palatable refreshments will be a leading feature of the occasion.

A new departure—Tobias Bros., of Lawrenceburg Ind., have imported direct from Yokohama Japan, strictly pure tea put up in a pound perfection cans—this tea is absolutely pure, no coloring nor adulteration as found in all green teas. Satisfaction guaranteed. Holzer Terrell agent for Petersburg and Boone county.

"Aunt Sally," a colored woman, whose age was not exactly known, but supposed to be in the thirties, died Friday night of last week. She belonged to the Dismore family, of Boone County, before the war, but since the war she had lived in the town of the river, being well cared for by Miss Julia Dismore—Rising Sun Local.

One day last week in the absence of the family some person entered Mrs. Dempsey's residence and stole a pocket book containing \$75 in money. Suspicion pointed strongly toward certain parties who for a number of months before the grand jury. These witnesses did not appear but the pocket book and contents were returned and placed in a conspicuous place at Mrs. Dempsey's residence.

There is a scheme on foot looking to the enlargement of Verona. The proposition is to purchase a piece of land adjoining the town, lay it off in lots, and then organize a building association and boom the town from the word go. About the first thing that should be done, is to prevent on. Nashville and Nashville railroad to furnish the town with better railroad accommodation. The road seems to think that the people at Verona are not entitled to any consideration at their hands.

A Moss Back from Frogtown.

To the Editors of the Recorder:

There appeared in a late issue of your paper an article on some "Olive," in which he spoke at some length upon questions of importance to all good citizens, and it is to offer a few amendments to his article that I write you. He starts out by saying that every good officer will "upon sufficient notice" consent to have his records examined. Well we think he would for it they were not right, the "sufficient notice" would give him time to object to "fix them up," and then why object? Had the records not better be open to inspection at any and all times?

The next point he makes is that certain party victory in coming elections notwithstanding maladministration of offices, is a curse to any country.

How this can be more than we can comprehend. Maladministration is a curse we admit, but does not victory bring maladministration? We think not. Further—"The evil of the continued supremacy of any party by insupportable majorities can scarcely be estimated." How does this come? The continued supremacy without the force of maladministration is to us a "curse," but not this point: Every party is founded upon principle, and we do not intend to have the cause of education, the supremacy of law over morals, of knowledge over ignorance, of good over bad, in an evil that can not be estimated.

His next sentence is one replete with in statemanship. "The best thing that could happen would be the temporary success of the Republican party." This reads like a school boy's essay. To talk about the "temporary success of a party" as if the permanent success of the State were so much play that can be moulded and then remoulded at will.

The strong principles of the Jeffersonian doctrine has been stamped upon Kentucky's political sheet for many years, and are not to be erased in a day. "Olive" mentions the defection of Tate—the very fact of its mention is proof that the occurrence of such things have been very rare in our State. Corruption may find its way into the ranks of any party, but does its presence mean party endorsement? Is it not pruned out as soon as discovered? Did any Democratic candidate in this State pursue by Tates? When the Treasurer of the great republican state of Ohio took a trip to Europe a few years since, and carried a million dollars of the State's money with him, did he park down the state over "temporarily" to the Democrats, or did they do like Kentucky, condemn the act and put an honest man in his stead? We know that our party is not perfect, nor is any party—but we do not propose on this issue to turn the reins of government over to that party whose password is "book-keeping" and whose policy in the past has been to dispose of a needlessly accumulated surplus in the support of fallacious results whose only effect is to see that their party is kept in power. Yet "Olive" in casting about for some manner by which to fess the tax and give us better and more trusted officers would turn to the Republican party. "Consistency, thou art a jewel!"

We next notice his comment upon the ease with which appropriations are secured. He said that modern legislators appropriated the people's money with as much ease as a child takes candy. He is right, but he is wrong in saying that the statement is so broad that it needs no comment, we can not refrain from adding that the legislator is the authorized agent of the constituent, and if he should favor appropriations he would not be spending the people's money, but the people would be spending their own money through their own agent. And further, the Democratic (which is the party in power in this State) is a conservative party, and have ever been slow in making appropriations.

"Olive" next proposes to dispose of the office of County Superintendent. He says let the County Judge or some other officer (most any one we suppose) perform the duties of Superintendent, and receive for this additional service \$50 or \$100, or \$150 or very definite. He might, with as much reason have said, pay the magistrates \$5 or \$10 each per year and let them do the work of County Judge. One of the triumphs of the past century is the improvement of the public school system, and wherever it has reached any degree of perfection a Superintendent is employed and well paid. In this latter period if they had not been needed, would it not have been discovered? That is a false economy which in the long run would save a few dollars, would impede the progress of education. The receiving and paying over of the money to the teachers is but a small part of the work assigned the Superintendent. Did you ever know of a large Academy that had no principal? Of a College that had no president? If they are necessary where there are 10 or 12 teachers employed, would it not be all the more reasonable to have one where there are 50 teachers? Rather than cripple the schools so that they will lose their effectiveness, abolish them entirely and save? To the immense revenue which it takes to run them, but if they are necessary to keep them up properly; give them an executive head—one paid such a sum will support a good man, for no man can afford to accept the office when he has no salary.

"Olive" thinks that we should dispose of the Supervisors of Tax in the same manner. The duties of this Board is to correct, revise and generally manage the business of the Board. In one breath "Olive" says look after the officers, and in the next discharge those whose very duty it is to examine the records of one of the most important offices in the county. It is true that the Assessor is "chosen from among the citizens"—we could not well get one elsewhere. It is not equally true that he depends upon the patronage of the people. Further, which is his superior? And if it is not true, had he the slightest inclination to use the office for his political advancement, he could make it the most corrupt of any in the county. When you have discharged the Supervisor, the tax docket for the regular term, will be set by the clerk as if the regular term was an extension of the special term.

For men who do not live in the county to know the value of different property in the county. The result must inevitably be that the work must stand just as the Assessor might choose to do it. It is the duty of every citizen to see that the property is equitably assessed—this is the very aim of government, the "levelling out of justice." But, "what is every man's business is no man's business"—hence we must delegate our power to some one and in wisdom has the Board of Tax Supervisors been chosen. The Board costs the county \$50 annually, and it has never raised the taxable property of the county less than \$200,000. Aside from the justice which it does, from a financial point of view does it pay to keep the Board?

As to the sheriff's receiving the names of several hundred delinquent taxpayers with the understanding that what he collects he might keep, we can not speak. We have no right to fault the sheriff, who has been the recipient of such a present. Perhaps "Olive" can give him a name. We certainly do not favor such a plan.

"Olive" is right in saying we should not give a man a name because he is poor, nor any other reason than that he has the proper qualifications.

Our comments have been necessarily true, yet we believe they are just. We are a friend to every man who would not give a name because he is poor, nor any other reason than that he has the proper qualifications.

A Destructive Fire.

(Rising Sun Local.)

About 3 o'clock on Thursday morning the most disastrous fire that has occurred here for four years took place. At that hour the interior of Powell & Owbny's mammoth dry goods, clothing and millinery store was discovered to be on fire, and some complete control had the flames upon the building and contents that nothing could be saved of their extensive stock, and nothing remains now of the large structure but a mass of smoldering ruins. The adjoining two-story brick building owned by Wm. Colter, of Garden City, Kansas, and occupied by H. W. Lottier as a grocery and residence, was also burned. Mr. Lottier's loss was total, he and his family and mother-in-law, Mrs. Pearson, narrowly escaping with their lives from the burning building. The fire crossed the alley to the large house of John Eshman, which was quickly licked up by the angry flames. Next they leaped to the large frame livery stable of Steele & Stophrer, which was only partially burned.

To the west of Powell & Owbny's the Presbyterian church, Essey & Sons' building and several residences were on fire at one time, but the excellent work done kept the flames from spreading.

Credit is due, and the Local hereby returns thanks for the people to Gal Riddell, Capt. Jack Huey and others from Rabbit Run for valuable service rendered.

The company justly comes in for good share of praise for their effective work, and had it not been for them much more valuable property would have been destroyed.

The contents of the safes of Powell & Owbny and H. W. Lottier were found to be in good condition after the fire.

The origin of the fire is a mystery, but the general belief is that it was the work of an incendiary. The loss and insurance is as follows:

Powell & Owbny, loss \$20,000, insured for \$20,000, divided between the Globe, Royal, North British and Mercantile, North American, Home and Hartford Insurance companies.

Wm. Colter, loss on building, \$2,500, insured for \$1,500 in Phoenix.

S. W. Lottier, loss \$3,000, insured for \$1,500 in North British.

John Eshman, loss \$500, insured for \$500 in National or Cincinnati.

John Eshman, loss \$500, no insurance.

Dr. Langdale, damage to stock, \$300, insured in Lancashire for \$2,000.

From the Assessor's returns the following statistics of the tobacco crop are taken:

| | 1888. | 1887. |
|--------------|-----------|-----------|
| Breckinridge | 2,071,300 | 2,051,300 |
| Boone | 6,347,500 | 550,300 |
| Carroll | 253,200 | 253,200 |
| Grant | 4,252,700 | 1,409,500 |
| Harrison | 1,129,000 | 946,200 |
| Kenton | 2,161,000 | 530,600 |
| Fendleton | 5,170,100 | 1,966,500 |
| Other | 296,200 | 296,200 |

The above statement taken from an exchange is erroneous in so far as it is applicable to this county. The 1887 crop was about 2,000,000, while the 1888 crop was \$3,447,700. The statistician who compiled the above table is sadly off.

The Total Vote for Senator.

The following is the official vote for State Senator in this 23rd District, composed of the counties of Boone, Campbell and Owen, cast at the primary held on Saturday, 4th inst:

OWEN.

| | |
|---------|-----|
| Conner | 964 |
| Furnish | 691 |
| Hoggins | 424 |

BOONE.

| | |
|---------|-----|
| Conner | 521 |
| Furnish | 731 |
| Hoggins | 280 |

GALLATIN.

| | |
|---------|-----|
| Conner | 294 |
| Furnish | 153 |
| Hoggins | 50 |

At a meeting of the County Commissioners last Saturday, Commissioners Green and Stephens were present, and the following business was transacted:

The ex-Sheriff ordered to pay Dudley Rouse and Dr. Smith's claims out of the 1887.

John P. Allen allowed \$6 for burying pauper.

John P. Allen allowed \$132.50 on his salary for 1889.

H. P. Stephens allowed \$4.50, and E. H. Barker, \$5 for taking paupers out of the county.

Mrs. H. P. Stephens allowed \$75 for the use of her rooms in which court was held.

G. W. Baker was allowed \$3.60 for conveying paupers to the State House.

The deed from J. W. Kennedy to the county for a road leading to the county's spring at Big Bend was accepted.

For pauper practice doctors were allowed as follows: Dunn, Slater, Murray, Covington & Duncan, and Blanton, \$35 each, Adams, \$55 and Finnell \$30. Adams had two districts.

NEIGHBORHOOD NEWS.

PLEASANT VALLEY.

Miss Beatie Aera after a two week's visit at James Barlow's, has returned home.

The farmers are through planting potatoes and are now breaking up their corn ground.

The Big Bone string band was scattered at Early House's last Saturday night.

Mrs. Mattie Rouse was visiting Miss Pearl Kirkpatrick, of Burlington, one day last week.

OUNPOWDER.

Weather decidedly cool.

Farmers are busy planting potatoes and some are planting corn.

Our spring school is under way with Miss Little Burgett as teacher.

The mumps have disappeared, but the whooping cough have taken their place.

The important questions of the day: How many children have you got?

Let the Truth Be Told

Yes, Washington was a great man.
His name is dear to every patriot.
He was a good man.
Caesar won his laurels, Scipio his
honor, Hannibal was aggressive and
poleon was a soldier without a peer.

But Washington was great
all these put together. . . .
He was first in war, first
and first in the hearts of his
men.

All these things are true, O.
It is likewise true that he never
private wire running from his
to a convention; that he never
nights—figuring for an office; that
he was elected he didn't take his
sors and sisters and uncles and

and cousins with him for the support. He didn't hunt up natives for the soft places in government. He didn't hunt up any of his friends and parcel out things for them merely because fathers of sons were great men. All the truth he told about Washington, for he scorned Chicago Times.

FOR SENATOR.

HON. REUBEN CONNER.

OF REPRESENTATIVE.

HON. G. W. BAKER.

OF PETERSBURG.

A number of "bleeding" Republicans here are patiently waiting for "lightning" to strike them.

The Democratic State convention to nominate S. G. Sharp for State Treasurer meets in Louisville to day. The work of the convention will be short and sweet.

It is claimed that Mr. Harrison has shown his jealousy of Secretary of State Blair, by not allowing him to come to the front in any instance since he was inaugurated.

The office of Clerk of the Court of Appeals is the best office in the State, and the convention which selects the Democratic nominee will have a host of candidates from which to choose.

Official figures show that in the Ohio valley we are 3.30 inches short of the usual rainfall during the months of January, February, March and April. In the east and west parts of the north and west we have been a large surplus.

The fact that many of the leading Republicans of the country are not satisfied with Mr. Harrison's administration thus far, can not be overestimated, and if something is not done to bring about a reconciliation, this country will shortly witness a very interesting party row.

From 1,000 to 1,200 people attended the church dedication at Big Bone Springs last Sunday. Money enough was collected to discharge the church debt of \$700. J. F. Green, H. Reib, G. W. Baker and G. L. Miller contributed much to the success of the undertaking to construct the church edifice dedicated last Sunday.

Wheat, coffee and sugar at a price which places them almost beyond the reach of the laboring man, and the numerous recent strikes for increase of wages, are the best proofs that the high tariff seeks the laboring men of the country for its victims. The high tariffs are now 100,000 in the minority in this country, and the tariff lessening being daily taught will increase the opposition.

The candidates for State Senator in this Senatorial District, for Representative in this county, and before the people, and both parties will try to poll their full vote in August. This is an off year, but the Democrats of Boone should rally to the support of their nominees. Don't become lukewarm, and stay away from the polls because you did not get your choice at the primary. The primary election was a fair and square bout between the candidates, and the friends of the unsuccessful aspirants should now assist in swelling the Democratic majority in August, to the fullest extent.

The farm and home, of Springfield, Mass., speaks wisely and in the interest of the general public when it says: "This is indeed an era of adulteration. We note the statement that among all the large variety of articles used in the manufacture of paints, a 'substitute' has been found for every ingredient except one—linseed oil—and at present chemists are actively employed in trying to find some cheap substance with which to adulterate or displace that. Things must be cheap nowadays, no matter whether they are good or not. This law applies to almost everything we buy, and it is a dangerous sign of the times that it also applies to a good many of the things we eat."

Ten nonsectarian of all the Ohio river fish was arranged at early as 1804 by an erratic French artist named Rafinesque. A book, of which he published two hundred and fifty copies in Lexington in 1804, is now very scarce, and only three copies are known to be in existence. Though it has only one hundred and twenty pages, and is printed on common brown paper, it is worth \$300 a copy. One is in the Wisconsin Historical Society, one in the Library of Congress at Washington, and one in the Ohio Historical Society at Detroit. In some of the old libraries in Kentucky a few of these books may be lying around.

It is not by reason of the result of the primary election for Senator of this district, for we freely concede the election to be a wise one, that this subject is so generally a topic of conversation, but we consider the system manifestly unfair, which nominally leaves the nominating power to the county, but which practically robs them of it. In 1889 the first convention just after the last apportionment bill had passed, and which was held in Warsaw, there was an agreement among the counties of Owen, Gallatin and Boone that as Owen was numerically stronger than both Gallatin and Boone they should take the Senatorship in routine, beginning with Owen. At that convention J. H. Dorman was nominated and subsequently elected, and from that time until recently there has been a tacit understanding that each county when its turn came should present its favorite son, and the other two counties would quietly acquiesce. To say that Boone in the late primary had his choice is farcical. It was Owen's choice, because he declared the nomination, and Boone, on the contrary, repudiated. This is not the only instance in which this has been done. As in the beginning we say it is manifestly unfair, and should be remedied. Let each county select her most competent and popular man, and the other two fall gracefully in line. The county from which the candidate is chosen is unquestionably better qualified to judge of the merits of their citizens than those outside, and should be left to select without any meddlesome interference from those unacquainted—Gallatin Democrat.

Not many years since when it was conceded by Gallatin and Owen to be Boone's time to present the candidate for State Senator, under the agreement referred to by the Democrat, two of Boone's citizens entered the contest for the nomination, and it was left to the county to choose between them. This she did, after which the hue and cry was raised, that the gentleman whom Boone had chosen was not the nominee of the Democrats of the entire Senatorial District, and therefore, the party in the district was not bound by her nomination. Considering the point well taken, Hon. Howard Lindsay, of Gallatin, announced himself a candidate for State Senator, and at the regular election he defeated Hon. L. C. Norman, whom Boone had said she wanted to represent her in the Senate. With this scrap of history before it, the District Committee has since deemed it best to have all the counties participate in the primary election to select a candidate for State Senator, notwithstanding the county entitled to the Senator may not get her choice, owing to the result of the election in the other counties.

Some Superstitious Statesmen.

Senator Joe Blackburn not only takes the white horse, but also having a white spot on it, or one white foot.

Senator Edmunds regards it as unbecomingly for the first person he meets on entering from his house is a woman and will return for a fresh start.

Senator Sherman will not extend his left hand in greeting or receive one extended to him—a familiar habit with politicians.

Senator Call will bury or burn a pair of socks one or both of which he has put on wrong side out.

Representative Kennedy, of Ohio, wears a voodoo charm which he obtained from an old negro in the swamps of Louisiana.

When Senator Harris, of Tennessee, is in doubt as to a course of action, he decides it by spitting at a hawk.

Senator Vest, of Missouri, is a beggar in his streets before he has spent any money but invariably gives to the mendicant.

The first person Mr. McKinley meets in the morning is a colored man or woman he crosses to the other side of the street. He claims if he continues on the same side he will be hoodooed the entire day.

Senator Evans is a great admirer of the flaming beauties of the circus posters and theatre announcements on the billboards, which taste he has in common with Hale, of Maine; Butler of South Carolina, and Pascoe, of Florida.—Washington Letter in Cleveland Plain Dealer.

There is no doubt that there will be a material curtailment of the tobacco crop this season, not only in Owen but in the entire Burley belt. This fact is not due altogether to the action of the farmers' conventions (as many on the outside desired to take advantage of the curtailment proposed), but is due to an Allwise Providence who doth all things well, and caused cold winds to refuse to open the water gates of heaven upon the tobacco planters of this county.

The Burley belt were being reached by over-production and is teaching them another lesson, which, by the way, is earlier than a few years ago, when the crop was curtailed by a drought after being set. This year the farmer can put the ground prepared for tobacco in corn or other produce.—Owen News.

A very large crowd attended the dedication of the Erlanger Methodist church last Sunday.

Mr. Wilson, in his agricultural report dated May 1, says:

We have reports from 87 counties, showing a decrease in crop as compared with 1889. The season is generally from May to fifteen days earlier than usual, and crops of all kinds that are in season, are well advanced. Farmers are well up with their planting plans.

Forward wheat is heading out. Meadows and pastures generally look well. Gardens are well advanced. Stock, from the unusual open and pleasant winter, are in good condition. The rainfall has been remarkably light, and rain is needed badly in many sections of the State. Spring sown clover, and other grasses, and oats, are, in many sections, very seriously damaged; at the same time the State average is above the usual standard.

The increase of population, clearing new lands, and the redemption of abandoned fields, is every year adding to the loss of tillable soil. The increase of one or more crops accordingly reduces others.

As the increase seems to have gone to wheat, corn, oats and the different grasses, Kentucky being well adapted to their growth, and being one of the leading States for livestock, this is regarded as a move in the right direction.

It can be too often repeated that scrub stock should be abandoned and the better breeds substituted.

Crop and Stock.

Kansas farms are mortgaged for \$285,000,000.

But little hemp will be grown in Harrison county this year.

The growing wheat is looking fairly well, the drought to the contrary notwithstanding.

Nothing can induce Senator Voorhes to ride in a street car drawn by a white horse.

Farmers say that present prospects for wheat in Bath county are better than they ever before knew them.

Tobacco acreage in central Missouri this year will be the smallest since the state was admitted into the union.

Col. Brewitt, of Boyle county, has bought several thousand lambs to be delivered the last of May at 64 cents per pound.

Hon. W. A. Anderson lost two fine jacks, a 5-y-jack he paid \$1,000, and one 10-month old colt, valued at \$500—supposed lung fever.

The prejudice against horse flesh has now spread out in Paris that there are 132 recognized butcher shops where horse flesh is openly sold.

The Blue Grass Fair Circuit has 8 associations as members. The circuit opens at Harrodsburg on July 30th, and closes at Shelbyville on September 24th.

The drought complained of in other portions of Kentucky and throughout the Ohio Valley, does not include this part of the State. There has been an abundance of rain here.—Bath Co. Outlook.

Lafe M. Cheek, of Aurora, sold his Royalmont stud colt last week to parties near Cincinnati, for five hundred dollars. This is a good record price for a colt not yet two years old. But Royalmont stock brings big money the world over.

The Mayville Bulletin says, A party of Chicago capitalists have bought some valuable timber and stone land back of Vanceburg, and making arrangements to develop it. They claim they have 6,000 cords of lumber, and will soon start their saw mills.

Two large tobacco barns belonging to Mr. Wm. Jones near Woodlake, were burned by fire last week, together with the contents are a total loss. The two buildings were valued at \$1,000 and there was about 25,000 lbs of tobacco stored in them all uninsured.—Frankfort Journal.

A dispatch from Millersburg says the tobacco crop will be a failure in Bourbon and Robertson Counties. Owing to the drought the plants have all disappeared. Planters who expected to set out fifty acres have not plants enough to set one acre, and are planting their land in corn.

A mineral that resembles coal has been found on a farm at South-west Harbor, Me. It burns briskly but nearly half reduced, and when burning is as soft as putty. When burned out the substance is black jet and hard as flint. Rubbed with a wooden cloth it will give a brilliant polish.

The growing crops are said to be two weeks in advance of their usual condition, at this time of the season, and all promising a bountiful yield. Stock of all kinds are reported doing well, and commanding fair prices. The farmer is, as he deserves to be, now contented and happy.—Nicholas Democrat.

The Stanford Journal says: Mr. Wm. Welsh is putting in each hill of corn he is planting a handful of wheat bran. He says he tried this as an experiment while he lived up North and discovered that the increase in the yield of corn more than doubled the amount invested for the bran.

Austin Peay, who has been gathering statistics for the Kentucky

TO THE LADIES OF BOONE COUNTY!

Misses Seward & Griswold,
LATE WITH POWELL & OWENBY.

Rising Sun, Indiana,
Have opened a Fashionable Millinery Store in the building next to Walton's Gallery on Main St., an enormous stock of exquisite millinery.

Trimmed Hats and Bonnets
In the latest Styles and Shades. Ribbons, Ornaments, Feathers, Hosiery, Bustles, Notions, Etc., Etc., at

UNQUESTIONABLY LOW PRICES.
We can, and will give you better

GOODS, STYLES, WORK AND CHEAPER PRICES, than you can get elsewhere in Rising Sun. An examination of our stock is all that is required; it speaks for itself.

Your Patronage is Respectfully Solicited.

Spring Goods.

534 MADISON AVE., COVINGTON, KY.

Agricultural Department, takes the average of twelve farmers in Bell, Ky., for the years '88 and '89, and shows a decrease in tobacco of 45 per cent., an increase in corn of 35 per cent., and an increase in oats of 150 per cent.—Hopkinsville Kentuckian.

Considerable complaint is made by tobacco planters that owing to the recent dry weather, many of the plant beds will be failures. The fly has also devastated many beds. More tobacco remains unsold in the hands of the Clark county planter than ever before known. The larger part of tobacco sold has brought from 7 to 8c.—Kentucky Leader.

W. W. McElroy, of Marion county, bought a jack and foal 4 yrs ago for \$300 and since then his jack has made him \$1,200, besides the breeding of his own stock. He has sold from his pen 1,500 worth of colts, and he now has twelve of the largest and best jennets of any man in the State and has sold increase from them enough to pay for them all.

It is announced that Mr. F. B. Harper will attempt to lose the mile record of Ten Broeck with the mare Valuable. The mare is a daughter of Ten Broeck and is 5-year old. At a private trial recently she went a mile in 1:40, and it is believed by Mr. Harper that she can excel her sire's great record of 1:39.

The race against time will be made some time during the spring meeting of the Jockey Club.

Some farmers in the county profess their intention of curtailing their tobacco crop this season, but the large plant beds burned and sowed indicate that tobacco cultivation will not cease until starvation prices force the raisers to the wall. A prominent grower informed the Journal man yesterday that some of the plants in his beds could not be covered with a silver dollar, and were growing very fast.—Henderson Journal.

George Mitchell and family, who have been in Rice county, Kansas, several years, returned to Robertson Saturday night, they having sold their farm and other possessions in Kansas. George gives a rather gloomy view of the present condition of Kansas. He has lost two crops in succession. It seems they have what is termed a "hot breeze" or "warm wave," in some of the Western States that literally roasts crops some years.—Tribune.

Chas. A. Kenney had a cow on his farm that dropped a calf about six weeks ago. Since that time, he noticed that she was not doing well. So the other day she walked into the creek, in water a little above her knees, bowed her neck and gave a guttural sound, then plunged her head deep in the water, hering up mud and water; then she put her head entirely under the water, and there remained until drowned. This was witnessed by several parties, whose veracity is unimpeachable.—Bourbon News.

Last year potatoes were profusely planted, the crop was large, and winter mild—hence potatoes were cheaper this spring than they were last fall. This will more than probably result in a comparatively small acreage being planted this year, the coming winter being very cold and severe, and just result next spring potatoes will be worth \$1 or more per bushel. That is the usual way of things. Very cold winter weather has much to do with making

THE TWIN BURNER VAPOR STORE

Has Powerful Individual Burners. No Needle points to wear, get out of burning leak. A variety of Oil Stoves, a full line of Early Breakfast and Ladies' Cook Stoves, also

Monitor STEEL Ranges,

Signature for the Recorder.

LOCAL NEWS.

Flies everywhere.

Everything is growing nicely.

Let there be no more grumbling now.

There is a pretty liberal locust bloom this spring.

Mrs. Joel Deer, of Petersburg, died one day last week.

Cabbage and tomato plants were in demand Monday afternoon.

Sixteen of the Kanton Bicycle Club made a run to Burlington Sunday.

There has been very little sickness in this part of the country this spring.

Mrs. Elliott, of Hathaway, was visiting to Burlington a day or two last week.

Messrs. Solon Early and Reese Gordon, of Petersburg, are plastering R. C. Rice's dwelling.

Owing to the very dry weather vegetation has grown but little during the last five or six weeks.

Preschooling next Sunday afternoon, (the 19th inst.) at 8 o'clock by the Rev. Chandler at Ocean Hill's residence.

The oats crop hereabouts will be shorter than it was last year. Calling it a total failure is not far from correct.

Mr. McGarvey will sell at public sale next Saturday the foot house, and a large lot of stone on the court-house lot.

A few pounds of lime and a twenty five cent whitewash brush can add much to the appearance of your premises.

Squirrels are more numerous in this county than they have been for years. The same can be said about the hunters.

The housekeeping cost of fashion will necessitate the invention of something else for the consumption of old newspapers.

The best shower of rain had in this section for many weeks fell last Sunday night, but it was not the soaking that the season demanded.

Rev. Nicholas who has been pastor of the Presbyterian church at this place for the last three years, preached his last sermon here Sunday.

The dry weather has evidently shortened the tobacco crop, but while it has accomplished that, the wheat, rye and meadows are put in jeopardy.

Huchart & Co., of Lawrenceburg, Indiana, can not be excelled in workmanship and designs of monuments etc., and their prices are reasonable.

A party of Burlington men and boys went to the river sealing last Thursday but, owing to the river being so high, they were poorly rewarded for their trip.

The spring drought has evidently cut short the 1899 tobacco crop in this part of the State, and those who have not sold their last year's crops will surely realize good prices.

There has been at a good stage for some time, although the water courses in this part of the county have contributed nothing to its supply. Hains in the east furnished the material for a big river.

Mrs. Scott Walton died one day last week. Her funeral was preached at Hebron by Elder W. S. Keene, after which the remains were placed in the vault to await interment. Her husband has the sympathy of all in his bereavement.

The weather last week would pass for midsummer. The mercury had no trouble making its way up to the 85 mark. It has been said that no such drought as that we have had this spring was ever known during a Democratic administration.

Quite a wind storm visited this part of the country last Saturday afternoon. The town was enveloped in a dense cloud of dust that rendered it impossible to distinguish objects across the street. For a while it looked like a fine rain was inevitable but it proved a false alarm.

Thousands of young maples have come up in Burlington this spring. To some places they are so thick as to almost form a sod. Parties wanting them for shade could save them with but little labor and no expense, by taking them up and transplanting them in a moist place.

Notice—I will receive wool bought by myself and agents, F. A. Utz, W. F. Cropper, R. L. Rice, J. H. Walton, and others, the following days: At F. A. Utz's barn May 15th; at Bullitt's the 16th; June Bailey's the 17th; Petersburg the 18th; B. L. Rice's the 19th; Burlington the 20th; Bellevue the 21st and at Rabbit Hash the 24th.

J. M. CONNER.

The Petersburg flouring mill will be fitted up with the best machinery that can be obtained; and the company intends that the four manufactured be second to none found on the market. The mill should have the patronage of the Kentucky merchants who handle flour and so convenient to Petersburg as to other mills. Home enterprises should be patronized by home capital.

Four will cases, viz: Elwood Davis, ex-against S. J. Ewalt, ex-against Jackson Delph, ex-against Joseph Meyers' devisees, Alice McGowan, Walton, and Amanda Clutterbuck, ex-against J. M. Smith, ex-against Samuel S. Moore's administrator, ex-against the docket for the special term of the Boone Circuit Court. Those alone, if tried, are sufficient to occupy the entire special term.

All the floors are laid in the Court house, and the finish around the doors and windows is being put up. There is no doubt but Mr. McGarvey will get through with his contract on schedule time. The commissioners have ordered all the benches that came out of the old building, sold, and they will seat the court room with comfortable chairs, such as are best adapted to the convenience of a public hall.

When you want the services of an expert fisherman, don't send for anybody but Uncle Ed. Smith, and you will get the man you desire. The older he grows the better is his luck, and his greatest pleasure is to go to the river and catch a few fish for his friends. He is a very recent date, and was as follows: Going down to "Meadow Lake" on Gunpowder he cast his line, one of which supported two books. The weather being warm, the fish he caught was a nice shade near by, and was soon almost oblivious of the surroundings, when he was startled by a ript in the lake the like of which he had never heard in all his days of fishing. Running to the bank to ascertain the cause of the racket he discovered his double hooked pole skipping around over the lake like a skip-jack. After some time he succeeded in getting hold of the pole, and with a very large fish, one of a bass and the other a cat. Uncle Ed thought this would be the greatest achievement of his life in the fishing business, but he never might be so lucky as to catch a time with the same pole, which was being propelled up and down the lake by two monster fish, one on each hook. This is all straight goods.

Pursuant to the call for a mass convention of the Republicans of Boone county, to select delegates to represent the county in the Republican State Convention which meets in Louisville, Ky., on the 22nd day of May, 1899, to nominate a candidate for State Treasurer, was held in Burlington, Ky., on Monday, May 6th, 1899. The meeting was called to order by Wm. F. McKim, chairman Rep. Ex. Committee.

On motion Geo. W. Baker was elected permanent chairman and J. W. Kite secretary.

The following six delegates and six alternates were appointed:

Delegates—Wm. F. McKim, S. G. Botta, J. A. Bots, G. L. Miller, Harry Blythe and W. H. Dickerson.

Alternates—Wm. E. Leming, W. S. Cole, G. W. Gayton, J. J. Rucker, Cyrus Kelly and Lewis Rice.

The following resolutions were adopted:

That this convention ratify and unanimously endorse the nomination of Hon. T. T. Hardin, of Owen County, who was nominated by the Owen County Republicans in mass convention for State Senator.

That the delegates of this county in the Republican State Convention which meets in Louisville, Ky., on May 22nd, 1899, be and they are hereby instructed to vote as a unit on all matters brought before said convention.

That the proceedings of this convention be published in the Lawrenceburg and Warsaw Independent, and that said published proceedings shall be the credentials of the delegates and alternates appointed by this meeting.

On motion and second the meeting adjourned.

Geo. W. Baker, Chairman.

J. W. Kite, Sec'y.

Personal Mentions.

Mrs. John Rice was quite sick several days last week.

Mr. and Mrs. S. P. Brady are visiting at Bardonia, New Jersey.

C. C. Craig and Peter Hager, of East Bend were in town last Thursday.

It will be but a short time until R. C. Rice will occupy his new residence.

Geo. S. Walton, of Covington, and O. C. Utz, of Union, were in town one day last week.

G. G. Hughes has moved to his farm, and a bustle man can not be found in miles around.

Mrs. Williams, of Washington City has been the guest of Mrs. J. C. Revell, for several days.

Geo. Piper and wife were visiting Joo. S. Huey, of Locust Grove, and Joo. J. Huey, of Rabbit Hash, last week.

W. W. Gaines called in to see the Recorder a few minutes Monday on his way home from the Union neighborhood, where he had been to see—

NEIGHBORHOOD NEWS.

GOVPOUNDER.

Health of the neighborhood is very good at present.

Considering the dry weather the corn crop is looking nice.

The long wished for and much needed rain has come at last and the farmers are all smiles.

The Sunday school at Hopeful was organized last Sunday with B. H. Floyd as Superintendent.

The funeral sermon of Mrs. Frank Smith will be preached at Hopeful the 4th Sunday in this month at 10 a.m., by Rev. Lee Utz.

Fishing parties are all the rage. Every body goes—old men and women, young men and young ladies, little boys and girls and even the babies are not left behind.

UNION.

Mrs. Mary Wilkie is visiting Mrs. D. L. Frazer in Falmouth.

W. W. Gaines, of Bullitt's spent the last Sabbath here.

Mrs. M. C. Weaver, of Hixson Tenn., is the guest of her parents.

Mrs. T. C. Coverson, of Louisville, is the guest of F. Dickey, Esq.

Rev. J. W. Graybill will preach here next Sunday evening at 8 o'clock.

Mrs. Mary Hewitt is the guest of Mrs. T. A. Huey, in Covington.

Misses Susie Waters and Emma Roudshead, of Covington are visiting Mrs. H. Baunier.

Mrs. Elizabeth Huey and Miss Carrie Gaines are in Memphis attending the Southern Baptist Convention.

Mrs. J. A. Huey has recovered from the measles and is spending several weeks with her parents near Warsaw.

Several successful solving excursions have been made by Gunpowder, and sheep shearing and fish frye alternates.

Miss Callie Tallafiero left last Thursday, for Scott county, where the family expect to make their permanent home.

After weeks of anxious waiting a fair rain fell last Sunday night—a gentle good rain that brought hope to many farmers.

Otto Lowermann, a German who

has lived in this vicinity for the past twelve years left last week for a visit to his parents in the Fatherland.

CONTRACTOR.

Geo. W. Brown has purchased a fine trotter.

Mrs. J. O. Terrill and daughter have gone east on a pleasure trip.

August Knott, of Kenton Heights, had the misfortune to break one of his legs last Sunday.

Miss Emma Krumley, of Careyville, and Mrs. John Grimes, of Fairview, Ohio, were guests of Mrs. Murat last week.

T. W. Finch and a jolly fishing party of Burlington, visited this place last Thursday. They found the fishy tribe very scarce.

Dr. J. C. Terrill received a dispatch last week announcing the sudden death of his brother, A. W. Terrill, of Monroe, Mo.

L. Conner, of the Florence district, was killed on the right thigh one day last week by a horse, producing a very painful wound.

Captain Charles Kottmeyer has his 240 trotter on the track training, and expects to reduce her record to 2:10. Charles thinks more of her than his does of his ferryboat.

Mrs. Mary Hawkins's nine-month child was found dead in bed on morning last week. Coroner Murat was notified and held an inquest, which resulted in the following verdict: "We the jury find or believe the death of the child was caused from spasms."

BULLITT'SVILLE.

Willie Clore is visiting his aunt at Milan, Indiana.

Miss Florence Grady is recovering from the mumps.

Sam Huey, of Big Bone, was visiting friends here last Saturday and Sunday.

Dr. Terrill, of Covington, was down last Saturday attending Mrs. Clinton Gaines.

Mrs. John Cropper, who has been sick for several weeks is getting well very fast.

Clay Duncan's new dwelling is being put up rapidly by W. J. Rice and force. It will be a handsome home.

"Squire" John Stephens spent several days last week in Harrison, Ohio, attending a big revival at that place.

Miss Lizze Stephens spent two days last week very pleasantly with Miss Mollie Tupper, Kenton Heights.

Blackberry season has got a new buggy. They are determined that neither shall into the least advantage.

The young ladies and gentlemen of Union, are very fond of lemonade and candy. They are very exclusive with it too.

Miss Mamie Grady, an accomplished young lady of this place, was the guest of Miss Holton, of Petersburg, last Sunday.

The good farmer rejoices because of the rain Sunday evening. Corn has come up splendidly; oats crop will be a little short.

Mr. Harvey Hicks and wife, of Union, with their charming daughter, Miss Lizze, were visiting M. C. Graves and family two days last week.

E. H. Howard lost a very valuable young horse the other day, a son of Happy Medium. He valued the horse at \$2,500, had an offer of \$2,000.

Eljah Holton has bought of T. G. Graves his interest in the Omnibus line at par value—\$50. The bus is a paying concern as well as a great convenience.

The fish fry at Mr. Rally's last Thursday afternoon was the nicest ever had in this part of the county. People from all parts of the county were present, and a glorious time had generally.

Charles Cleveland passed through last Saturday evening behind a flowing beard. "How sublime it is," says Charlie, "to sit on the front stile at evening and admire the golden pendling across the western sky at sunset, and feel the soft breeze percolating through your whiskers."

Prof. Willie Howe's eight-month school closed last Friday a week. Instead of having an exhibition the pupils decided to give the teacher a feast. A large crowd of friends and neighbors were present, but not enough to eat all the ice-cream, cake and lemonade. Prof. Howe has taught a very successful school and has fully satisfied both pupils and patrons.

OUR NEIGHBORS.

OHIO CO., IND.

[Rising Sun Local.]

The ferry boat is on the way to receiving a thorough overhauling.

Unless we get rain very soon there will not be a ton of hay raised in this whole section.

A petition is being circulated here and will be presented to Gov. Hovey, asking him to pardon James Mitchell who was sentenced to one year's imprisonment at Jeffersonville at the last term of Court.

The work of tearing down the frame structures of Capt. Eney and J. Baxter was commenced Wednesday. Each of these gentlemen will erect a two story brick, iron front, 20 by 60.

GALLATIN COUNTY.

(Democrat.)

Sixteen head of fine cattle belonging to Logan County, were driven through here Thursday, going to Boone, where they will be put on fresh pastures.

Alex. Price, of old, has been granted a pension of \$4 per month, with back pay amounting to \$1,834. During the days of slavery Price belonged to Dr. Chambers and was a fine specimen of physical strength. He was the best man physically in his whole regiment.

While in the service he became subject to rheumatism from which he has since suffered. Alex. will buy a small farm with his money and live comfortably the rest of his days. He is the only colored Democrat in the county.

The town trustees, with the assistance of the energetic citizens, have given the town a general cleaning up this week.

Burglars attempted to get into the residence of Dr. J. T. Robinson Monday night, but the family awakening the parties were frightened away.

James W. Craig, Wm. Taffel's family, and others heard them prowling about the premises that night, but did not discover their identity.

THE GREAT Fire At Rising Sun,

HEYN & BROTHER

Has not in any way interfered with the business interest of that city; although slightly scorched and blistered, the old reliable business firm of

HEYN & BRO. Is not only alive, but have laid in a much larger stock of Goods than usual. In order to dispose of this unusually large quantity of goods at the right time we have marked them

Down to the Lowest Notch So as to insure their speedy sale. We offer everything in full and complete lines of

Dry Goods, Ready-Made Clothing, Carpets, Shoes, Hosiery, Gloves, Laces and Embroideries, Hats and a big stock of White Goods, and many others too numerous to mention.

HEYN & BRO., Rising Sun, Ind.

TRIMBLE COUNTY.

(Million Press.)

The dry weather and cool nights are playing havoc with tobacco plants and oats. If they continue ten days longer the failure in those two crops will be complete in this part of the State.

Tuesday morning, Mr. R. K. Ashby, who lives on the Milton and Payne's Ferry road, about three miles south of here, left his home to return a neighbor's horse he had borrowed the preceding day. A couple of hours afterwards he was found lying in the road in a helpless and unconscious condition, about one mile from home. He was conveyed to the residence of Mr. M. A. McKay, the nearest house, and there remains in the same condition as when found. Dr. R. H. Haydon was called, and is doing all that medical skill can do to save the life of the patient, but with very little hope for his recovery.

OWEN COUNTY.

(Owen News.)

The wheat crop, which has been doing so well all along, is beginning to show signs of rot for rain.

The oats crop throughout the county is almost an entire failure, and many farmers are breaking up the ground and planting in corn.

Candidates for the county offices to be filed in 1899 are already looking over the ground. This is occasioned by the fact that the primary will be held next April.

Mr. N. E. Pace has just returned from a trip through the counties of Henry, Franklin and Shelby. He reports everything very dry and crops suffering for want of rain. Tobacco plants he found to be an almost entire failure, and many farmers are planting corn in the ground they intended for tobacco.

On Saturday last Hardin Hockett and Horace Fortner swapped horses. On Sunday Horace became dissatisfied with the trade, and, going to Beach Grove church, where Hardin also had gone to worship, he sought out the horse he had traded, and taking it out of the vehicle, left the other horse in its place. Hardin stood by and watched the operation with interest, and came to town Monday and had a writ issued for his arrest. The grand jury is investigating the case.

DEARBORN CO., IND.

Lawrenceburg Register.

The potato bug has made its appearance.

Dr. Getch has been elected president of the State Medical Association. A high honor and a merited compliment.

Tom Darling of the county court, in the Ohio county court for \$4,000 against the Big Four railroad last Saturday. Darling is suffering from St. Vitus Dance, and the jury says his affliction comes from injuries received in an accident on the road while in the employ of the company. The railroad will take the case to the Supreme Court.

The Supreme Court reversed the decision of the lower court in the case of Lang against the Big Four railroad, and the decision virtually says that Mrs. Lang cannot recover from the company. It will be remembered that Lang was killed near Welshburg while employed as a section hand, and his widow recovered a judgment against the railroad company for \$10,000.

That the completion of the upper levee has increased the value of property in the lower portions of the city, is a fact beyond question. In former years there was danger of annual overflows, thus endangering property and having a depressing effect on its value. Now the levee around the lower part of the city is higher than in front. Water must first come over the levee at the great time, and in a few years more, if no obstacles intervene, Lawrenceburg will have a 68-foot levee all around its corporate limits.

(Agricultural Spec.)

The roadway to the ferry landing at the foot of Third street has been established in width by the proprietor of the ferry.

A reward of one hundred dollars has been offered by the city for the arrest and conviction of the person or persons who have been guilty of the death of the infant boy of John Redding on Wednesday morning of last week. His sister took the pot from the stove to pour a cup of coffee, and placed it on the table to get a cup, when her baby brother, eight months old, jerked it over into his lap, and the boiling coffee over all of the lower part of his body. The child died on Wednesday evening, and was buried on Saturday.

Wm. Carnage, of Indianapolis, an old army comrade of W. F. Chase, has been here these three or four days this and last week.

MILLINERY!

TO THE LADIES OF Boone & Callatin Counties, Ky.

I am indebted for past favors, and have made and am still making special efforts to merit a continuance of their liberal patronage. My stock of

—Plant trees in all waste places where they are liable to grow, and thus make use of the ground which would otherwise grow up to weeds. In this it will be worth something.

—The value of the garden as an ornament, or the farm is seldom over-estimated, but often undervalued.

—Mrs. Mowse's "Single Woman's Cabin" is still selling in the country at the rate of 1,000 copies a week.

him a chance to operate them with immense profits, while to improve to the utmost; that by paying the lowest possible wages, running "nick me stores" where two prices were charged for every thing, and compelling his employees to live in his tenements at fancy rentals, he kept them all so poor that they were never able to leave his service, lest starvation overtake them before they could get out of town; that he organized a big marble quarrying business, supported by legislation last year, and that, as a result, he comes pretty nearly owned by the State, and is in a fair way to get the whole State before him.

"The second contention was that the Chicago convention last June at

[illegible]

REUBEN CONNER
FOR SENATOR.
HON. G. W. TERRILL
FOR REPRESENTATIVE.

SPokane defeated Procter Knott for the Clark state at Louisville last week. Knott is a common race nor.

Mr. Halstead is going to Germany, but not at the expense of the United States. He is going there to try the springs for his rheumatism.

The Republican who makes the race for Clerk of the Court of Appeals, with the expectation of being elected, should seek refuge from frost very early in the fall.

At the Democratic primary last Saturday in Shelby county J. J. Long was nominated over his opponent by about 50 votes. The vote that day was the largest ever polled at a primary in the county.

A Texas bank president recently ran away with the funds of the bank, leaving a placard on the door reading: "Bank suspended." The depositors caught him, and, having hanged him, pinned this notice to his breast: "Bank president suspended."

The President is reported as desiring to run this government while he occupies the White House, without the assistance of any of the political hags who have been annoying him since his election. He wants new blood to come to the front. This is probably the cause of much of the dissatisfaction now prevailing in the Republican ranks.

Hydrophobia seems to be almost an epidemic in this State. In some localities the appearance of dead dogs have almost created panics. Several persons have been bitten and two or three have died of the horrible disease. It is best not to have much to do with dogs, and when you meet a strange canine, avoid any collision with it, and if it is the entire right of way.

Roxie Y. Thomas, editor of the *Shelby Herald*, shot and killed George Elmore, a merchant of Caseyville, one day last week. The trouble grew out of a publication announcing the marriage of Elmore, which proved a failure, and which he became enraged and attacked Thomas. Elmore shot and broke Thomas' leg and while lying on the ground he fired the fatal shot.

A Lancaster Ky. paper says: Another historic Kentucky feud is ended. Tuesday Dr. Evans gave Dr. Hill the right of way along the Lexington pike, and Dr. Hill touched his hat to Dr. Evans in recognition of the courtesy. Then the two horsemen separated, with the tacit understanding that the vendetta, of which they are sole survivors, was at an end. Ninety men had been killed in this feud since 1840.

Following utterances of distinguished Republicans are not sweet sounding to the ears of "blocks of five" Dudley. Hon. John M. Butler, of Indiana, in his centennial address at Indianapolis said:

"We ought to pray, and determine to labor, to secure the absolute purity and freedom of the ballot box in every election precinct throughout the nation. Four free institutions mean anything, but mean that the voter is the sovereign, and that the ballot-box announces the free and independent will of the sovereign. He who seeks in any way, by bribery or fraud, by deceit, by intimidation, by force, to interfere with the free and pure ballot-box is an enemy to the country and to mankind. His countrymen should brand him as a traitor, unworthy to partake of the blessings of a free government, and place him where his malignant spirit can not harm them or danger their cherished institutions."

Chaucer M. Depew, in an interview, and on the same subject, said:

"We need to improve our character, and by it improve our service, is unquestionably true. That we need to prevent the use of money in our politics is the burning question of the day. That we want ballot boxes beyond reproach, that we want high license and a regulation of the liquor traffic that will prevent the use of money in our politics is the burning question of the day. That we want ballot boxes beyond reproach, that we want high license and a regulation of the liquor traffic that will prevent the use of money in our politics is the burning question of the day."

"There doesn't appear to be any occasion for the tempest in a teapot that has been stirred up on account of the fact that the South Carolina soldiers don't carry the national flag in the centennial procession in New York. It happens that they are the custodians of the Washington battle flag which waved in triumph on the battle fields of Cope and Eutaw Springs in the Revolutionary war, and which antedates the stars and stripes. The commanding officer preferred to carry the national flag, but he was persuaded to display this Revolutionary relic, it being the only Revolutionary flag that can be paraded. This is all there is to the story of disloyalty on the part of the South Carolina troops. It is too attenuated to do them injury."—Boston Herald.

"That protection does not protect working men is a lesson that sooner or later will be learned by people who depend for their daily bread on their daily labor. The hypocritical pretenses that misled such men to vote the Republican ticket at the late Presidential election, can never, no matter how often or how unobscuringly they are repeated, deceive laboring men into working against their own interests. Ever since the recent election, manufacturers, for whose sole benefit higher tariff exists, have been opening kidnaping alleys over the country at which employs the learning object lesson of the utmost importance. Reduction after reduction has been made in their wages in place of the advances which were to follow hard upon the heels of the return of the Republicans to power. Strikes and lockouts are the common order of the day, and the world of promise spoken to the ear is every where broken to the hope. The latest object lesson for working men is now given at the kindergarten kept by the Dickinson Manufacturing Company at Scranton, Pa., and consists of a 10 per cent reduction in the wages of 900 men and the moral is that under protection the working man never is, but always before election—to be lost."—New York Commercial Advertiser.

A terrible tragedy occurred in Breathitt county, Friday, Judge Ned Strong has a beautiful sixteen year old daughter, Lydia Strong, who became enamored of a burly negro, named Milton Richmond, and an elopement was planned. Judge Strong and a few friends pursued the fugitives, and overtook them. A demand for surrender was answered by a shot from the negro's pistol, which pierced Judge Strong's hand. In another instant the black villain was dead, pierced by fourteen bullets. After giving the girl a severe whipping, she was taken back home. When her father, Pearl Strong, heard of it, he drew his pistol and fired at her. A friend struck his hand, and the bullet cut a lock of her hair. Crazed with the thought of the shame that had thus come upon his family, he placed the pistol against his own head and fired. His aim was true, however, and the bullet plowed its way under the scalp without penetrating the brain. He was disarmed, and has since been closely watched to prevent his committing suicide. The family is one of the most prominent in that section of the State—Kentuckian.

"The Farmers' Alliance of Louisiana, in session at Alexandria, has wisely decided to follow the policy already adopted by the alliances of Georgia and South Carolina, and try and make cotton bagging the general covering for the staple. The Georgia and South Carolina farmers, at the late meeting in Augusta, decided to take 2,000,000 yards of this bagging, for each State and the Louisiana Alliance now orders the same amount. And it not only does this, but it promises to give all the encouragement in its power to introduce cotton bagging, and pledges itself, if the price is favorable, to take an even larger quantity next season. Here is something practicable and far more effective than the most denunciations and resolutions that could be framed against the bagging trust. It will ultimately cripple or destroy the trust, and do far more than this. It will enable the South to make its cotton bagging at home, and save the thousands of dollars now shipped to India for jute; it will render cotton, like those of the last two years, impossible; it will create a market for the lower grades of cotton (to be used in the manufacture of the bagging) and thus improve its price; it will enable the Southern farmer to increase their acreage and crop without fear of overproduction and lower prices. It will add a new industry to the South that will give employment to many thousands of hands; and it will finally introduce and bring to general use a bagging cheaper in the end than jute, which preserves the staple better and decreases the change of loss from fire and water. These are some of the good results that will follow the general use of cotton bagging. It is not to be wondered at, therefore, that the Farmers' Alliance of Georgia, South Carolina and Louisiana should have given it such encouragement. There is something practical in a movement of this kind, some hope of success, and success here would do far more than merely check or ward off the jute ring."—New Orleans Times Democrat.

Crop and Stock.
Crops and fruit are looking promising in the Sandy Valley. Winchester Democrat.

The total value of beef and hog products exported from the United States during the month of April was \$3,388,002, against \$6,898,045 for the same time in 1888.

Wm. Sledd, of this county, has been feeding a lot of cattle since March 1st, and at that time they have increased 206 pounds to the head in weight.—Mt. Sterling Gazette.

The great Guy 2:12, was sold at public auction at the Frasier sale, at Cleveland, Monday, for \$29,500, and his owner, Mr. Gordon, is said to have paid the purchaser \$1,000 to rescind the sale.

Tobacco raising has been almost abandoned in Central Missouri and it is said that a smaller crop will be raised this year than since the State was admitted into the Union.—Centralia (Mo.) Guard.

The dry weather during the spring has caused the corn planted early to come up badly, and the bottom farmers, we understand, are furrowing out and preparing to re-plant.—Union Weekly Local.

Hardin County Independent says: Wash Bunnell, one of Hardin county's most skilled fruit growers, brought into our office two peaches of this year's growth one being surrounded by sixteen and the other eighteen smaller peaches.

In the New Hampshire Farmer is a flaming picture of half page size, of a horse, and underneath—"Kentucky Almost, the handsomest horse in New Hampshire." He was purchased of Gen. W. T. Withers, of Lexington.

State Politics.
There are thirteen Democratic candidates for Clerk of the Court of Appeals.

The Democracy of Kentucky proclaim to the world that they will take no step backward in the matter of tariff reform.

The Candidates mentioned for speaker of the next Kentucky Legislature are Cox of Bowling Green, Myers of Covington, Richardson of Meade county and Settle of Owen county.

A prominent Republican has given the Standard a straight tip that Swope will be the Republican nominee for Treasurer; that he will accept, and will make an active canvass. Straight tips, however, don't count for much lately.—Paducah Standard.

Major Burchett, U. S. marshal for Kentucky, has informed the Louisville papers that he will not appoint any colored deputies. He was a candidate for congress in the Ninth district last year, but no one heard of his announcing such sentiments when asking the colored voters to support him.

There is a negro candidate for the Legislature in Christian county, and, as there are more colored than white votes in that county, doubtless he will be elected. Now let us see how many of the G. O. P. will do as they have always advised the negro to do: "Stick to the party and never scratch a ticket."—Graydon Gazette.

John D. White looks upon the Clerkship of the Court of Appeals with eyes of longing, if the intimation of the Mt. Sterling Sentinel-Democrat is correct, and declares with a vehemence born of political misapprehension, that Bradley will be the next Governor of Kentucky. Mr. White's eyes will never look upon his coveted prize with eyes of longing, as his longing may pass, and Bradley won't be the next nor any other Governor of Kentucky.—Commonwealth.

Copious rains in Kentucky, Illinois and Indiana came just in time to save this year's crops in these commonwealths. As far as this immediate section is concerned we have hardly had enough of "wetness" yet. Other "vicinities" have enjoyed larger rainfalls, however, and there is no little or no danger of the disaster which was threatened by the long drouth.—Paducah News.

The Lexington Leader says: "It is developed by the statements of several farmers of Fayette county that some of the peach crop is injured and some not. The great bulk of it, however, is untouched by the blight. This is accounted for on the ground that some of the buds were very early. These are the ones that have been killed. The early bud catches the frost."

Much complaint of drouth comes up from the richer, agriculturally speaking, portions of the State, a great many exchanges predicting a total failure of the oats crop and much damage to wheat, unless Providence shall soon wet their fields with copious showers. These grumblers should hold their peace. The Good Book says that the Lord will send "rain on the just and unjust." We have had an abundance the past week, and it's their turn now.—Knox County News.

With no substantial or general break in the dry spell in the Western Tobacco belt, and with frost reported from various points throughout the Ohio Valley as occurring Friday night last it looks as if the '89 crop has gotten into difficulties from which it can not be extricated unscathed. And the effect of the continued dry weather is advantageous to prices of burley as is apparent in the market of the past week, prices have advanced from the opening to the close when they were from 1 to 3 cents better than the previous week. Receipts are light on account of the inability to prize tobacco for market due to its dryness, and even if a good season should occur, it is questionable if the receipts would be large until the prospects of the 1889 crop are more definitely settled.

It is certain that if a good warm wet spell does not occur generally throughout the West before the middle of May the crop of 1889 will be considerably shorter than was anticipated, as many planters despairing of getting plants enough to hasten to sow part of the land in other crop or crops before it is too late to miss the services of the land entirely, hence if plants should revive under the beneficence of good rains and the expected quota of the crop, the expected quota of plants

Potter's clay and white sand brought from a farm near Waco, in Madison county, have been analyzed at Paris, and it is said will make glass as fine as the best imported French plate.

In the Court-house in this city may be seen the largest chair, as well as one around which cling more historic memories than can be found in the county, and perhaps in the State. It is the chair long used by the Kentucky pioneer and Indian fighter, Capt. Samuel Estill, who was once Judge of Madison county, and whose portrait, painted in 1816 adorns the walls of our Court-house to day. The chair in question is a curiosity. It is of oak, with split-bottom, and has a wonderful seating capacity, as the distance between the arms, four feet two inches would indicate. Judge Estill weighed 440 pounds, and was 6 feet 2 inches high, so it is not remarkable that his favorite chair should be able to seat two full grown men. This relic was this week presented to the County Court of Madison by Col. James W. Caperton, a nephew of the celebrated pioneer.—Richmond Register.

FOR THE BLOOD.
WILLIAMS' PINK PILLS
FOR PALE PEOPLE.
It cures Menstrual Disorders, and all diseases of the blood.

NOTICE.
To whom it may concern—Notice is hereby given that the Capital Stock of the Constable Building and Loan Company authorized is five hundred thousand dollars divided into 2500 shares of \$200 each, payable in weekly dues of fifty cents instead of \$500,000, divided into 2500 shares of \$200 each payable in weekly dues of 50 cents each. The Constable Building and Loan Co., I. P. Stephens atty.

NOTICE.
All stock of any kind running at large on the road or any other premises will be taken up and turned over to the Sheriff after Apr. 30, 1889.

W. I. Rouse, T. D. Goodridge, John J. Borchert, P. H. Borchert.

FOR SALE OR RENT.
(Under selling), House and two lots on Garfield St., Burlington, Ky. Inquire of Mrs. SAKURA, Burlington, Ky.

COMMISSIONER'S SALE.
W. M. Terrill, Adm., vs. E. J. Terrill, &c. Notice of sale in equity. Defo. By virtue of a judgment and order of sale of the House Circuit Court, rendered at the April term thereof, 1888, in the above cause the undersigned will, on Monday, June 3d, 1889, at 10 o'clock p. m. or thereabouts, being County Court day, proceed to offer at public auction to the highest bidder on a credit of 6 and 12 months, equal installments at the Court-house door in the town of Burlington, the property mentioned in the judgment to-wit: 20 acres, 3 rods and 22 poles of land on the Bellevue and Petersburg road, this Co. bounded by the lands of E. J. Terrill, Mrs. John Terrill's dower, the Ohio river, G. W. Terrill, and Maria M. Terrill's dower, in the lands of W. H. Terrill. This tract will first be offered as a whole and then in two parcels as divided by the above described land. The undersigned will accept of the above described land, not letting money enough to satisfy the debt, interest and cost, I will then offer for sale on the above terms the undivided interest of W. M. Terrill's heirs in Maria M. Terrill's dower, free from any claim of E. J. Terrill, but subject to the dower of Maria M. Terrill. The said dower contains 23 acres, 3 rods and 22 poles and is bounded by Geo. Le. Borchert, lot No. 1 in division of W. H. Terrill's land, B. R. Gaines, &c.

The purchaser will be required to give bonds with approved surety, for the payment of the purchase money, to have the force and effect of a judgment, bearing legal interest from the day of sale, according to law. Bidders will be prepared to comply promptly with these terms. Bonds payable to the undersigned. Amount to be raised by sale \$1218.50.

W. L. RIDDELL, Master Com.

AGENTS—SOCIAL MIRROR.
Or Social and Moral Culture. Introduced by Rose Elizabeth Cleveland, is having the largest sale of any strictly subscription book published. Terms and circulars free. If you mean business, and want to commence work, send \$1 for outfit. Exclusive Territory Guaranteed. Hoping to secure your services for 1889, we are,

THE COMMONWEALTH.

MAN named Hamilton was stabbed dangerously wounded while trying to rescue two negro convicts who were being near Paris.

Republican State Convention, in 1902 at Louisville, a few days ago, unanimously nominated Hon. John E. Barstow of Louisville, for State Treasurer.

BERT ALLEN, twin. 1904d, son
 William Allen, a farmer of Garrard county, was drowned in the Kentucky river at the mouth of Little Hickman, the other afternoon at four o'clock. Water at this place is about fifteen

The unfortunate man is supposed to have committed suicide, as he recently partially lost his reason from brain

The following fourth-class postmasters appointed a few days since for Kan-
sas: W. A. Terrell, Bloomfield, Nelson
city, vice S. M. Wilson, removed; J.

Wills, Milwood, Grayson County, vice
Wills, removed; Price Oliver,
at Aerial, Allen County, vice G. F.
Well, removed. J. T. Badley has been
appointed postmaster at Fulton, after a
fight.

Snapping frost the other night in sev-
eral localities near Nicholasville did great
damage to the wheat, the low and marshy
land is suffering the most. Advanced gar-
den work and such.

HEAVY frost fell at Paris the other night, and all vegetables on the low-lands suffered badly. Several parties throughout the county lost all the tobacco plants which they had set out.

MISS ELIZ FOWLER, a beautiful young girl, suicided by shooting through the heart near Crofton, the other night, with a gun. Objections to her marrying a man were the cause.

THOMAS' ORPHANAGE, near Bardonia, once a famous Jesuit college, was totally destroyed by fire the other day, incurring an estimated loss of \$27,000. None of the 133 children were injured.

JERRY JOLLY has been nominated by the Democrats of Breckleridge County to represent them in the Lower House of the Legislature.

At Allen County, a few days ago, Mr. J. M. Allen, a prominent citizen, was

and Mr. and Mrs. T. A. Read collected their golden wedding. The gentlemen are brothers, and they were all married in the same year—1839.

EDWARD H. J. ABBETT, who was, perhaps, the oldest Odd Fellow in this country, died at FAYETTE.

DOUGLASS GREGORY, aged eighteen years, living in Todd County, took a dose of poison, giving as a reason, that he was

MEETING was held at Lexington to fund, to employ an attorney to sue in injunction against the committees the First and Second Presbyterian churches, enjoining them from removing dead from the old graveyard on North Westome street.

and was held in \$1,000 bond to the terms of the U. S. Court.

LOMIE GOODRIDGE, a colored prisoner of the Frankfort penitentiary, fell dead of a heart disease.

The following fourth-class postmasters were appointed for Kentucky a few days ago: A. E. Rankin, Augusta, Bracken county, vice Jas. H. Bonds, removed; J. Peters, Middletown, Bourbon county, vice W. H. Hays, removed.

survey of the Louisville, Hardins-
burg and Western railroad has been tem-
porarily suspended.

ORDER 3488 is still trying moonshiners
in the United States Court at Covington.
At a dozen cases were disposed of on
Friday, and one half of them were found
guilty. Three moonshiners were found
guilty in sixteen different counts, which
include from the raising of the corn to

drinking of the whisky. Mrs. PROCTOR, colored, charged with dragging a Negro girl, was taken from jail mob at Wickliffe, and hanged.

ROBERTA WOLF committed suicide at Louisville by taking "rough on rats." She was despondent over the death of her father.

THE Commissioner of Pensions has appointed Boards of Pension Examining

ments for Kentucky as follows: Mt. Vernon, P. B. Taulbee and J. E. Schell; Irvine, Dra. Bingham, Posey and D. D. Burdfield; Irvine, Dra. F. A. Lilly, G. Embury and M. P. Scott.

a quarrel over five cents, at Louisville, Louis Jackson shot and fatally wounded John Bailey.

EAR Bohan, a ten-year-old boy named Ney Tester hanged himself in a barn at a plow-line.

THE Republicans of Estill and Lee Counties met at Irvine a few days ago, and elected Hon. R. C. Kuhl the president.

DAVID STILL, of Hopkins County, was elected by a party of White Caps, who saw his furniture and household goods taken into the road and broke most of it up, after which they warned him to leave the county and return no more. Taking his wife and family with him he left for parts unknown.

JAMES MARTIN, thirty-six years of age, farmer in good circumstances near Moberg, hanged himself, the other day. No cause assigned. MIDLAND 10-1

A LITTLE two-year-old son of Charles Carter, residing near Hopkinsville, accidentally set fire to his clothing while playing with matches the other evening, and was seriously if not fatally burned.

Mr. Carlisle, Lindsey & Robertson were fined \$800 in Judge Herrell's court the other morning for selling liquor in violation of the local option law. \$100 a case, and Mr. Parks \$100 in one case for the same offense. The Law and Order League of the city have avowed that they will stop the sale of liquor as a beverage in the city. HENRY was a mad dog killed in the town of Livingston, the other morning by a

FOR SENATOR.

HON. REUBEN CONNER,
Of Richmond.

FOR REPRESENTATIVE.

HON. G. W. TERRILL,
Of Petersburg.

PENDLETON county has eight candidates for Assessor.

There is trouble in the office of the Republican Assessor at Indianapolis.

There are thirteen announced candidates for Clerk of the Court of Appeals.

Col. Swope emphatically declined the nomination for State Treasurer by the Republican convention at Louisville last week.

Joe Lineback has been fined \$2,700 for violation of the local option law in Todd county, and sent to jail in default of payment.

The Louisville & Nashville Railroad exacts steepest tolls from its employees while on duty. This is done with a view to the better to preserve life and property entrusted to their charge.

Plans for the new Protestant Episcopal Cathedral in New York City, which is to cost \$1,000,000, and be the grandest church building on the continent, have been submitted by a number of leading architects.

The Republican State convention met at Louisville last Wednesday and nominated John Barrett, a young Louisville lawyer, to oppose S. G. Sharp, the Democratic candidate for State Treasurer.

The school teachers of Boone should not forget that they are required to stand an examination in July on civil government which embraces the constitution of the United States and the constitution of Kentucky.

The account of John I. Davenport for Campaign purposes, which Judge Durham refused to allow and for which his resignation as Controller of Treasury, was asked has been allowed by the new Controller Mathews.

Among the resolutions adopted by the Republican convention at Louisville last Wednesday, the most notable of which was that each legislative district in the State be instructed to nominate a Republican candidate for each house of the General Assembly.

A. M. Neely, colored, who was charged with instigating the riot at Fort City, Arkansas, in which three of the prominent citizens were killed, was shot to death by a mob. Neely was a prominent Republican, and an applicant for Registrar of the Land office at Little Rock.

Montana having gone Democratic since the passage of the act authorizing that and other territories to come in the Union, the Chicago Evening Journal wants the President and the Republican Congress to knock Montana out by some means, lest before the next act.

Mr. Harrison having failed to find any Democrat ready to turn out of office, he went to the penitentiary in search of them, and there found Jim Coy, of Indianapolis, who was sent up for tampering with a tally sheet. He pardoned Coy, and the Republicans can not express their disgust.

The Philadelphia Times says: Montana will have a Democratic State Constitution if it does come into the Union under a Republican administration. Its newly elected Constitutional Convention is Democratic by five majority. What a joke it would be if Montana should elect Democratic Senators.

A New York Republican paper asked several hundred Democratic editors throughout the country to express their preferences for the next Democratic presidential nomination. The replies indicate an overwhelming sentiment in favor of Cleveland, Governor Hill comes next with a good following.

A first-class sensation was produced at Frankfort, Thursday, by the receipt of a telegram from the sheriff of San Francisco, asking for an accurate description of ex-Treasurer "Dick" Tate. Many are of the opinion that "Honest Dick" is a name in this country, but the San Francisco sheriff was mistaken in his man or something further would have been heard of him.

State Politics

Over 2,000 coal miners are on a strike at Brazil, Indiana. They are receiving a reduction of wages from ninety to seventy cents for mining.

The Pennsylvania coal miner will continue to have a hard time of it until his employer finds out of him the money that Quay fried out of his employer.—Ft. Wayne Gazette.

We thought the loudest question was settled, but the Bardwell Star says: Some of our exchanges are figuring this out as loudest year. This is certainly a wrong calculation, or the locusts have changed the custom so long according to them to coming every seven years. To our knowledge they were thick here in 1885.

One of the most wide-spread of popular errors is that hydrophobia among dogs is most common in warm weather. Warm weather gives dogs the distemper, makes them peevish and cross, and sets them to snarling, snapping and biting, but it does not make them "mad." Hydrophobia among dogs is much more prevalent in the wet weather or early spring and late fall than in the so-called "dog-days."

Some weeks since Jimmie Craig had a fall, and although unaware of it at the time, a lead pencil in his pocket penetrated his side to the distance of three and one-half inches, breaking off and leaving the part in his side out of sight. He being taken sick and at length complaining of pain, Dr. Louis Coblin was called in, and upon examination discovered the cause of the trouble, and extracted the pencil, but thought at the time he was extracting a broken bone.—Carrollton Democrat.

Ex Congressman William Preston Taubee, has made a comfortable fortune. For some time past he has been negotiating with Eastern parties for the sale of 23,000 acres of land in Breathitt County, Kentucky. The sale was made Saturday and the money paid over to-day. Mr. Taubee received in cash \$25,000 for his share in the proceeds. This is more money than he would have made had he remained in Congress for ten terms. Mr. Taubee is in great luck and his friends are glad of it.

The next General Assembly of Kentucky will be called upon to pass a law requiring each county to support its own pauper idiots and lunatics. That is certainly a very necessary law and one that should be passed. Each county should defray her expenses. Many counties are feasting upon the earnings of other counties without any compensation. The new question was before the last General Assembly and was defeated by a small majority. This would make some new counties sick, but they would soon get relief by taking a great many of the idiot and lunatic class. We are for the measure square out, as it is equity that such should be the law.—Lebanon Enterprise.

The ominous click of the Post-office department guillotine has again been accelerated, and fourth class postmasters are now being decapitated at the rate of more than 200 a day. It is estimated that this week's record will reach 1,500 heads, Clarkson, in the role of the "zealous Robespierre" of the public service, will go into history as the speediest official headman of the time. As it has been proclaimed that only the interests of the public service are to determine removals from office, we are privileged to observe the remarkable phenomenon of one man discovering in a single day more than two hundred inefficient postmasters and finding an equal number of competent ones to fill their places. But the rule by which it is done is simple and easy when once you understand it. All Democrats in office are inefficient and all active Republican politicians are competent to run post-offices. That is the simple theory of Clarkson.—New York Times.

The News is by no means bloodthirsty, nor does it like to see a man in misfortune, but it can not forbear the conviction that the hanging of every man who is guilty of unjustifiable homicide in the South would do the great way toward restraining the fiery young fellows who habitually carry a pistol in their hip-pockets or a knife whetted to a razor-like sharpness in a handy place for immediate use. The experience of civilization is to the effect that in the certainty of punishment lies the surest preventative of crime. And what is true of bloodshed in the south is equally true in the north. The facility with which criminals escape the consequences of their crimes among certain classes as simply a "honor" so to speak to continue their depredations upon society. The Mayfield jury which sentenced young Carter to be hanged deserves the support of the entire community in its efforts to uphold the majesty of the law.—Paducah News.

Crop and Stock

Hog cholera is getting the pigs out of the pens, at Wabash, Ind.

Waller-Sheriff of Bath county has bought over 500,000 pounds of tobacco this year.

Some little tobacco was set ten days ago, most of which perished in the patch.—Owen News.

It is stated that over 16,000 thousand horses are slaughtered every year for food in Paris, France.

Mr. Wm. Bascom, who lives near town, had a fine bed of tobacco plants destroyed by the common red angling worms. After a shower of rain the worms working into the ground, loosened it from about the tender roots of the plants which caused them to wither and die.—Owingsville Outlook.

A full crop of tobacco this season is simply out of the question. It is true that the late rains will cause a great many tobacco plants to come on that wouldn't have done so, perhaps, but what account will they be? At best they can't make more than a poor article of trash, and will not pay the farmer for his labor. In this county the crop will be less than one-half of that put out last year.—Falmouth Guide.

The best use to make of poultry in summer is to keep them in the orchard. Make little houses 8 x 10 or 8 x 12 feet and place them in different places in the orchard, put the hens in them, feeding them there morning and night. They will soon become accustomed to these houses and will not wander far away. They will more than pay their way by destroying bugs, and they will do better there than in the best henhouse you ever saw.—Farm and Home.

The recent rains have improved the tobacco plants very materially, but have not, as far as we can learn, increased their number. There will certainly be not more than a half crop in the White Sulphur District and if all of the farmers will raise an excellent quality of the weed, they will certainly receive a good price for it, as there is but a small percentage of good tobacco in the late years crop. The rains have put quite a different appearance on all crops and grasses.—Williamstown Courier.

As about fifty counties in this State there will not be one-fourth of a tobacco crop. The plant bed, failed, and in several sections the tobacco growers are planting corn. Out of forty exchanges sent to the Argus every one has nearly the same report about the scarcity of the Burley plant, and claim that the dry season is the cause. There has been plenty of rain in the past ten days, but too late to do any good for the tobacco growers. Good crops of tobacco are advancing rapidly in this county, and there are a number yet for sale, but in the hands of farmers that can hold it until the price suits them.—Western Argus.

TRIMBLE COUNTY.
(Millon Press.)
The squirrel crop is unusually large this season, and the woods are alive with them.

Wheat harvest will soon be here. On account of the dry season the stalk will be short, but in quality and quantity of the crop promises to be away above the average.

Every thing points to a prosperous year for Trimble county. A full peach crop is now assured and growers are busy thinning thinning the fruit—letting out the ground with peaches as large as the largest sized cherries. Strawberries and early cherries are plentiful and fine, and ready for marketing. The wheat crop promises to be the best for many years, and the rains have saved the oats, and enough tobacco plants to set a crop large enough for the present condition of the weed. The outlook never was better, but the "old inhabitant" talk as it is called, is doing its worst. It will be great and the town leaders will be expected to give the dogs a rest.

IF YOUR BACK ACHES
Or any other ailment, call on me for nothing but the best. I will cure you, and give you a good opinion, and all at no charge.

\$50 A YEAR.
One good Store-house in Bellevue, Boone county, Ky., for rent; suitable for any kind of merchandising; three rooms, cellar and out-dormer.

HARVEST HOME.
Parties desiring to rent the Harvest Home Grounds for parties this season, can learn the terms by applying to Jas. M. Craven or Chas. Grigler, Limburg.

Call on Joe Reed for paper hanging.

Not an average crowd in town last Monday.

Joe Reed desires to bid on that painting in latest having done.

Nearly every tobacco plant that was large enough was put out last week.

Prof. Newton's class in surveying will begin field practice in a few days.

A colt for which James A. Riddell had been offered \$100 at weaning time, died last week.

Elder Manley will preach in the Bellevue Christian church on the third Sunday in June.

W. B. Terrill had a fine colt to ride Tuesday. He thinks it is injured by being tramped on by its mother.

Mr. and Mrs. Arthur Blythe, of this place, celebrated the fifth anniversary of their marriage last Tuesday.

Those who had tobacco plants large enough to set, have been afforded a splendid opportunity for the summer.

Mrs. H. J. Foster will set privately, her household furniture, by hanging to buy will place call at her house.

Joe Reed is the boss grader, and you should not fail to get his figures when you want that kind of work done.

Grass of all kinds has greatly improved since the rains commenced, and the pastures have a good start for the summer.

James G. Jackson, who was indicted by the last grand jury for carrying a pistol, was tried by Judge Baker last Wednesday and acquitted.

Mrs. H. J. Casey, who has been visiting her parents, Mr. and Mrs. J. D. Comer, of Bullittville, has returned to her home at Richmond, Va.

John M. Lanning was one of the one hundred graduates turned out by the Cincinnati Law School last week. He is now ready to hang out his shingle.

George F. Piper and wife, heretofore leading members of the Burlington Methodist Church, united with the Baptist church last Sunday evening.

Those wishing to announce as candidates for county offices must send the money with their orders, as no attention will be paid to those not accompanied with the money.

Wm. White, of Burlington, Ky., was here last week looking at the farms with the intention of buying, if he could get one to suit. Spaulding, cor, to Lawrenceburg Register.

The trustees of the Burlington common school district have purchased an acre of land of T. W. Finch off the corner of his lot for \$250. They will erect a new school house there as soon as possible.

Hurdick & Co., of Lawrenceburg, Ind., erected a fine monument at the grave of Mr. E. H. Haver and wife one day last week. This firm is doing a great deal of that kind of work on this side of the river.

Harschart & Co., of Lawrenceburg, call attention to Boone county people to their large supply of elegant monuments and grave stones, and defy competition in price. John Beall, cor, Haveron, is their agent.

Joe Reed returned last Wednesday from Waterloo, where he was engaged several days painting and papering J. W. Kite's residence. He is now engaged on the residence of Mrs. Rebecca Berkshire, near Rabbit Hash.

The Sunday-school scholars of Burlington and vicinity will enjoy a picnic at Grandpounder Creek next Saturday, June 8th. Everybody is invited to join them. They will spend the day and take their dinner, croquet, hammocks, etc. Mrs. R. C. Green will chaperone the party.

A few days since Edward Berkshire lived a swarm of bees which remained in the gun one day and then left. He gave them up for gone, and was surprised to see them return after a day's absence and enter the gun, where they have since remained perfectly contented.

There will be a three days meeting at the Mt. Pleasant Church, beginning Friday afternoon, the 14th inst., at two o'clock and on Saturday and Sunday morning at 10:30 o'clock, basket meeting the last two days. Elders Heskett, Reed and Haveron will be in attendance. Everybody is invited.

We are in receipt of a neat invitation to attend the Fifteenth Annual Commencement of the Hospital College of Medicine of Kentucky, in Louisville, June 15th, 1890. Among those who graduate on that occasion is our esteemed friend Thomas H. Baker, son of the late A. Q. Baker, of this county.

The Million Press says: "The papers for some time have been saying that the 'bustle' must go; 'was going; etc. So it is, and if it goes much further out 'behind the aisles of our churches will have to be widened so that the women can make the turn to enter her pew without knocking the ladies' hats off on the opposite side.

In attempting to cross Middle Creek a few Sunday nights since in his buggy, Willie Star missed the road and struck a bed of quick sand. His horse and buggy went down until the water ran in the buggy, and the horse drowned and had assistance arrived the animal would have drowned in a short time.

An Indiana man says: "All dogs have a small white worm at the root of the tongue on the inner side, and running lengthwise. This worm is the source of all hydrophobia; take it out and your dog is safe. The operation can be easily performed by inserting a common shoemaker's awl under it in the middle and pulling it out. I have seen it done many times. A Scotchman taught me the secret about fifty years ago. He said that the practice was generally followed in Scotland and that dog eat breaks never occurred there."

BOONE ASSOCIATION.

First Quarter... \$5.00

Second Quarter... \$5.00

Third Quarter... \$5.00

Total... \$15.00

Claims for this year \$11.75

Debit for the amount above given, either sums for special work have been contributed which are not reported.

About \$1000 has been secured toward the proposed church at Erlanger. If the churches send liberal offerings by the remaining quarter, the year will show a handsome increase over last year. The board meets with the Association at Union, Wednesday September 11th, 1890.

J. H. Fullilove, Board-Secretary.

The Williamson County, of last week thus speaks of an ex-Boone comman:

"Mr. Riddell is certainly a veteran in the harness and saddle business. He is a native Kentuckian, having been born and raised in Boone County, and it is now fifty years since he first became an apprentice to what has since proved the occupation of his life. And yet Mr. Riddell remains an active worker, putting in his time faithfully at the bench and personally supervising all the departments of his business."

Mr. Riddell located in Williamson twelve years ago, then coming from Lexington, Kentucky, where he was in the harness business here at that time, he has since been the recipient of a large and growing patronage that is by no means confined to this locality, for he receives trade from Paducah, Owensboro, Harrison, Scott, Boone and Grant counties."

One day last week Dr. Furish had a thrilling adventure about five miles out on the East Bend road. He was going up a steep hill in a buggy when one of the traces broke. He held on to the lines and was drawn over the edge of the road, where he landed with his weight. By this time the back strap on the harness came in two, and the horse walked out of the shafts, the buggy starting down the hill like a stack of greased lightning. To check the vehicle the doctor grabbed one of the front wheels, which jerked him over on her over him two or three times, and went on down the hill. Picking himself up the doctor began an investigation, discovering a cut through the back of his coat, a considerable wound on one wrist, and a wrecked thermometer in his vest pocket. Congratulating himself that his experience was not as bad as it might have been, he got his horse and buggy together, repaired the harness and continued his journey.

The Master Commissioner made the following sale of land last Monday:

In the case of W. M. Terrill's admr. vs. Ella J. Terrill, etc., 20 acres, 3 roads and 22 poles, sold to Ella J. Terrill for \$125.50. This sale included an undivided one-half interest in Mrs. M. M. Terrill's 23d acre road. This land is on the Ohio river near Petersburg.

In action of J. C. Hughes' Executors against James Siet's heirs, 21 acres on the water of Mud Lick creek to the plaintiffs for \$300.

9 acres, 8 roads and 28 poles of land on the Petersburg pike, part of the Paschal Rucker farm, to E. M. G. Gaines for \$800 acres.

In the action of Smith Goodridge, &c. against Emma Goodridge, &c., 10 acres near Francesville to Thomas J. Watts for \$200.

In the action of C. W. Saxton's administrator against Peter Ayler, 4d acres near Burlington to plaintiff for \$50.

In the action of J. C. Kennedy vs. Richard Robinson, etc., 10 in Verona to plaintiff for \$150.00.

Probable program of the ordination services to be held at Rabbit Hash, Ky., Sunday, June 15th, 1890, beginning at 10 o'clock a. m.

1. After song and prayer the church will organize and reorganize the invited ministers and members of sister churches as a presbytery and council.

2. The presbytery and council will organize by electing moderator and secretary.

3. This, or some other, order of business, reported.

4. Relation of christian experience and call to the ministry. J. Rodgers.

5. Examination on doctrine. A. C. Davidson, D. D.

6. Council and presbytery will advise the church, whether or not to proceed with the ordination.

7. Church will decide whether or not to accept the advice.

8. Sermon by R. M. Dudley, D. D.

9. Ordination prayer by J. H. Fullilove, followed by laying on of hands by the presbytery.

10. Charge to the church, J. A. Kirtley, D. D.

11. Charge to the candidate by the pastor.

12. Presentation of Bible, G. H. Green, 13. Benediction by Elder J. H. Hodge. Submitted for consideration.

J. H. Fullilove, Pastor.

When Marriage is a Failure.

According to a bachelor editor, the following is why so many marriages prove a failure: He says that nine-tenths of the unhappy marriages are the result of green human calves being allowed to run at large in the society pastures without any yoke on them. They marry and have children before they do mistakes; they are fathers of twins before they have two pairs of pants, and the little girls they marry are as old as their grandmothers in schemings. Occasionally one of these gawling marriages turn out all right, but it is a clear case of luck. If there was a law against young goats appearing or worrying before they had their teeth, we suppose the little man, who would evade it in some way, but there ought to be a sentiment against it. It is time enough for these bachelors to think of finding a place when they have a money enough to buy a pair of laths to build a hen house. But they see a girl who looks cunning, and they think there is not going to be girls enough to go around, and they begin to get lost, work in a hurry, and before they are aware of the snatching of the marriage relation they are hit with the law, and before they own a cook-stove or bedstead, they have to get up in the middle of the night, and find that they are not married. I have seen it done many times. A Scotchman taught me the secret about fifty years ago. He said that the practice was generally followed in Scotland and that dog eat breaks never occurred there."

THE GREAT

Fire At Rising Sun,

Has not in any way interfered with the business interest of that city; although slightly scorched and blistered, the old reliable business firm of

HEYN & BROS.

Is not only alive, but have laid in a much larger stock of Goods than usual. In order to dispose of this unusually large quantity of goods at the right time we have marked them

Down to the Lowest Notch

So as to insure their speedy sale. We offer everything in full and complete lines of

Dry Goods, Ready-Made

Clothing, Carpets, Shoes, Hosiery, Gloves, Laces and Embroideries, Hats and a big stock of

White Goods,

and many others in numerous too mention.

HEYN & BROS., Rising Sun, Ind.

NEIGHBORHOOD NEWS.

PETERSBURG.

W. T. Stott was at Louisville last week.

The lumber for the flooring mill has arrived.

Miss Lida Terrill is visiting friends at Sparta.

Decorations day passed off very quietly in our town.

Miss Belle Carson, of Florence, is the guest of friends here.

Miss Carrie Junker, of Aurora, is the guest of friends here.

Mr. Scott, a cabinet maker from Aurora has located in town.

The distillery Co., are having the foundation laid for a large warehouse.

Miss Edie Hudson, of Aurora, returned a few days ago after a month's visit.

W. W. Smith has gone up the Kentucky river to purchase slaves for the distillery.

Mat. J. Day, President of the flooring mill company, spent several days here last week.

Rev. Dolph, of Lawrenceburg, will deliver a Masonic lecture here next Thursday evening.

Mrs. Wm. Chapin, of Mobile, Ala., has returned to her native home, to spend the summer.

The boys have organized a base ball club, and would like to hear from any other clubs in the county.

James Thompson, of Gallatin county, who has been visiting her mother has returned home.

Miss Clara Grant entertained quite a number of friends from Aurora last Thursday afternoon.

The entertainment given at the M. E. Church last Saturday night did not meet with a glittering success.

Dr. J. M. Green was called to Addison, Ohio, last week to the bedside of Mrs. Hyatt, who is very low with consumption.

There is talk of entering some running horses from this place in the Ohio Derby. Two local jockeys have been engaged.

George Olds who has just finished an apprenticeship under Wm. Baterson, is prepared to fill all orders for stone work, with neatness and dispatch.

Mrs. Mary French, formerly of this place, died at Cold Springs, Ind., last week with consumption. Her remains were interred in the cemetery at this place on the 5th inst.

Leon Riddick came here losing his life a few day since, while unloading a coal barge, he lost his foot and fell in the river, passing under the float, but by the timely arrival of Mrs. Theese his life was saved.

PLATTSBURG.

Snow on the last day of May.

The frost last week killed the young potato buds.

Petersburg has five secret orders all in a flourishing condition.

Mr. Noah Seebre has returned from the Southern Baptist Convention.

Mr. Nicholas and son have the contract for remodeling J. D. Cloud's residence.

The vetter caught a cat-fish out of the back water that weighed 8 pounds.

Judge Baker has a host of friends down this way who will make it warm for the opposition.

We understand that J. Frank Tilley, of Petersburg, will be a candidate for County Supt. of schools.

Last Saturday was the annual election for school trustees, but no election was held in the Ashbyford district.

Little Warren Monfort Tolin fell from a gate the other day and struck his head on a rock, making a very painful wound.

Carrie Deagle, daughter of Jas. Beagle of this place, died at Danville, Ky., where she was attending the deaf and dumb school.

The Petersburg distilling company will build a new tower on the Big Four railroad opposite Pete for their own accommodation.

GUNPOWDER.

Health of neighborhood good.

L. M. Tanner is closing out his grocery at this place.

Mr. Little Battle, of Boyle county, is visiting his father, Moses Tanner, of this place.

Farmers are busy setting tobacco-plants are more plentiful than was expected early in the spring.

Early House lost a valuable mare one day last week, this makes the fifth that he has lost in the last few years.

There will be communion at Spring next Sunday. Prof. Hackett, of Hopkinsville, Ohio, will do the preaching.

We have been blessed with all kinds of weather the past week--warm and cold, hail and snow and plenty of rain.

The grocer's--rebate work.

One of the youngest men of Burlington will come over this way we can furnish him out worse enough to cut him all the wood he needs during his life time.

UNION.

Mr. J. A. Huey is quite ill.

Miss Mary Whitke is home from a visit to Fairmount.

Much rain has made the grain and grain look fine, but has retarded the growth of corn and the gardens.

Mr. Lanning, who graduated at the Cincinnati Law School last week, was welcomed among us last Sunday.

Mr. Billy Woods, who lives on the Rising Sun road, had his leg badly broken by the falling of a derrick at a barn raising.

Mr. John Stephens and family, of Bullittville, attended the funeral of Mrs. Julia Utz, which was preached at Sardis by Elder Moore last Sunday.

There will be a lettuce-eating contest here shortly. All wishing to enter the list should address Miss Norman & Co. (If you will let us eat all we want, put our name down--DEVIL.)

"Children's day" was observed at the Presbyterian church last Sunday afternoon. The church was well filled with the school and visitors. Among the latter were Miss Daisy Bedinger, of Richmond; Miss Daley, of Virginia; and W. W. Gaines, of Bullittville.

Mr. Green's frequent appearance here should arouse the ladies of Bullittville, and the beaux of Union to suspicion.

Is the County Court Monday, one Franklin made one of his intentions of becoming a citizen of this county.

Some time since the County Commissioners authorized Judge Baker to have the bar in the court-room enlarged. The judge ascertained the cost of the proposed change, and it being larger than he liked to take the responsibility for, he laid the matter before the commissioners Monday, all of whom were present, and they decided not to have the change made.

The appeal of Thornton Ridge against A. B. Whitlock was tried in the Quarterly Court before Judge Baker last Saturday. Whitlock getting a verdict for \$35. This was a long trial, in which the attorneys and clients could scarcely keep their temper under control.

It was through the kindness of Mr. J. S. Huey that Joe Reed was enabled to find his way to Burlington when he left J. W. Kite's a few days since. He had reached Mr. H's towards Big Bone when he was called back by the information that he was off his road if he desired to go to Burlington. Mr. Kite attributes Joe losing the road to the confused condition of his mind, occasioned by the "Queen." Joe never told when he came home--caught it off of the wires.

Mr. Jameson Ayler was in to see us Monday, and made the lead of the month water by the statement that he has new potatoes about large enough to eat.

HARVEST HOME.

Parties desiring to rent the Harvest Home Grounds for plowies this season, can learn the terms by applying to Jas. M. Craven or Chas. Crigger, Lima, Ind.

BROWN'S IRON BITTERS

Cure Indigestion, Biliousness, Dyspepsia, Malaria, and all the ailments of the blood. It is a perfect tonic and a perfect blood purifier. It is a perfect tonic and a perfect blood purifier. It is a perfect tonic and a perfect blood purifier.

OWN COUNTY.

For Reuben, owner, of Boone Co., Democratic nomination for State Senator, arrived here Monday at noon to spend a couple of days. He is looking in the best of health, and Owen, who gave him such a handsome vote in the primary which nominated him in April, will give him a rousing majority in August.

The May term of the Owen circuit court closed last Saturday after three weeks' session, and the three prisoners, were sentenced by Judge Monfort as follows: Albert Costigan, 21 years for the killing of Abrams; John Cook, 13 years for killing D. Nash; and Bud Carroll, ordered, 1 year for breaking into Smith's Churn's store and stealing whiskey. The indictment against Bob Cook, who was indicted with Carroll, was fled away. This is a case where the one who turned State's evidence, got the best of the case.

The recent continued wet weather, as predicted several weeks ago, has brought to life tobacco seeds that have been in the ground for several months, but it is impossible to depend upon them for a crop, though with the most favorable weather from the 20th of June--at about which time they will do to set--and a very late fall, the plants may mature, in which case about one-half of last year's crop would be cut of the early plants there is not more than sufficient to set one-third of the 1889 crop, and the flax and cotton, especially in soil and stubble land, are cutting them down as fast as they are sown. Farmers, generally, are afraid of this character of soil, and are only setting in now land and planting the soil in corn, Hungarian and millet.

MILLINERY!

TO THE LADIES OF

Boone & Gallatin Counties, Ky.

I am indebted for past favors, and have made and am still making especial efforts to merit a continuance of their liberal patronage. My stock of

SPRING

MILLINERY

is now complete, I have spent some time in Cincinnati selecting my stock and I never felt more sanguine as to a good spring trade and have bought accordingly.

Hats, Bonnets, Corsets, Ruching, Bustles, Tinsel Cords, Ornaments, Veilings, and all kinds Hat and Bonnet Trimmings.

All of which will be sold cheaper than can be bought elsewhere for cash. Mail orders promptly attended to.

MOURNING OUTFITS A SPECIALTY.

Hoping all my old customers and as many new ones as possible will call on me this season. I am Respectfully,

Mrs. Amelia Clore,

Main Street opposite Christian Church.

RISING SUN, INDIANA.

Office over G. W. Bennett's harness establishment. Open during all business hours. Satisfaction guaranteed.

M. STEINERT & SONS.

Established 1862.

153 W. FOURTH ST., CINCINNATI, O.

GENERAL WESTERN

WHOLESALE AND RETAIL REPRESENTATIVES

OF THE CELEBRATED

Steinway & Sons,

Weber,

The honor shown Mr. Cleveland

deserved. In reading his remarks contrast between the late Administration and the present one is made most instructively, and this contrast is great strength to the Democratic cause.

The address of Mr. Cleveland was characteristic; showing earnest conviction and an abiding faith in the people. Few public men have reared so confidently their cause on the right judgment of the people; few, in other words, have held more strongly to the dictates of Democracy. Mr. Cleveland is entitled to the regard, not of a party alone, but of all good citizens regardless of party. That he will in time enjoy only few who have flung high and empty titles at him, he has proved, we need not doubt. God can do this and much more, in wisdom and

mination of Mr. Cleveland without realizing that he alone is to be considered responsible for the past two years' losses. But certainly Mr. Harrison's Administration has not established in the least the chances of success which have been so confidently nominally held by the mercantile aristocracy of a nation; party or he must represent its trust.

The following are the principal purposes concerning the issues of the late... Louisville Courier-Journal.

DRIFT OF OPINION.

"—Any information that will lead the discovery of A Vigorous Foreign Policy, wearing a brass collar engraved with the initials 'G. B. R.'—Chicago Times.

Nepotism and plutocracy are the alarming features of this Republican Administration. The Federal Government is saving laborer's wages, it is devoted to personal preferences instead of the public good.—Pittsburgh Post.

Republican organs are so-day

from too early in indignation against the outrageous course of the Pension bill. "I am sorry," he became aware, "that I did not make 'Himself' the essential and discriminating basis of killing the office, as he said he would, but that I did make 'party service,' as he so expressly engaged that he would not. N. Y. Evening Post.

The wool season approacheth, and the price of wool is expected to be high as the Republicans and Democrats gave the voters last fall to understand they would be if they only elected Benj. Harrison. They elected him all right and now they want the really increased prices for their products. It is hoped they may be disappointed. —*ingham-county* (Mich.) Democrat.

—To Date President Harrison's course of nepotism of various economic forms is: The appointment of his

The appointment of his son's father-in-law to a \$5,000 place in Utah. The appointment of his own father-in-law to a Federal office in Washington Territory. The dismissal of a man in the employ of his father-in-law for a request—N. Y. Sun.

The temerity of the citizens of Montana in voting that New State Back Democrats control has shocked the Republican editors. One of them is quoted as saying: "The people of Montana are so stupid that even if the Republicans had reasons this, 'there was no reason for delaying the admission.' " Thanks.

How fully. So glad that it does not put the rest of the party in the union exercising the right to elect a President as it pleases.—N. Y. World.

It is not a "free trade" journal, but the chief protection organ, which publishes a dispatch according to the constitution of the country, leading the Pittsburgh paper will "buy" the little operators by an expenditure about \$12,000,000, and secure a mon-

...they can divide
...to consumers. Wheeling, Cl
...massi, Louisville and other cities all
...way to New Orleans." And the
...public tariff, by maintaining a
...of seventy-five cents a ton on so
...to shield the tariff from combin
...possible.—N. Y. World

Sim Cox Upheld by Experience.

All that was said in partisan newspapers with regard to the attitude of the National Administration towards the tariff was so completely untrue that it is hardly necessary to say that we in Indiana a farce can not be seriously considered, but it is quite certain that the exercise of democracy towards such a man as the convicted felon, Sim Cox, is a farce. It is such an insult to the intelligence of the people of this country that it is not wisely ignored by President Harrison and those near to him. The country has not, either forgotten or forgiven the extraordinary means taken to shield this tariff from exposure, and very many severe suggestions are now sure to arise in minds other

to be friendly. The ends of justice could not have been over-reached if the Government had counselled to take the same course as the Government of the United States. The Government of the United States is not to be censured for its course as that of flagrant defiance of law and decency, and an example should have been made of him to the utmost militarily allowable. To let up on such a man of the parity of the ballot is to be a very glaring example for any Government to administer. The Government of the United States is supposed to have no affiliation with men of low-down political methods, North or South—Philadelphia Telegraph (Rep.).

Scandalous and Reprehensible.

The contrivance by which appearing officers have been concealed, or preceded, by no matter what manipulation, to report to the collectors that colored citizens are manufacturers of coal, although ever since 1824 and

...this intrigue are as scandalous and reprehensible as it would be if the president and the Republican leaders had at first attempted to bring the matter to pressure successively upon Judge McComb in New York, Judge McKim in Philadelphia, Judge Hodgson in Chicago, to give rulings in favor of the manufacturer against the tax-payers.

Subscription: \$1.00 per month in advance. Single copies, 10 cents.

FOR SENATOR.

HON. RUBEN CONNER, Of Richmond.

FOR REPRESENTATIVE.

HON. G. W. TERRILL, Of Petersburg.

The Republican State Central Committee meets in Louisville to-day to nominate a candidate for State Treasurer.

This history of each of the applicants for Collector of Internal Revenue in this district, as detailed by his opponents, would be mighty interesting reading.

It is said that the Latonia races were a great success financially, notwithstanding the very bad weather that prevailed throughout the entire two weeks.

The Republicans fight each other when they want the same office, harder than they do the Democrats, and it is under these conditions that the Democrats love one another.

Tax owners of the reservoir, the bursting of which caused such tremendous loss of life and property in Pennsylvania, lost \$250,000, and have donated \$60,000 to the relief fund, which at this time approximates \$1,500,000.

On instructions from Judge Boyd, grand jury of Laurel county inquiring into the case of the Interior Journal, of Stanford, for criminal libel for publishing a letter from London, stating that the Judge had suppressed indictments against Republicans for frauds in elections and had allowed them to stand against Democrats. The matter is regarded as a piece of political work, and Mr. Walton will endeavor to make it interesting for the Judge.

JOHN YOUNG BROWN is a candidate for Governor. The Owensboro Messenger says of Mr. Brown:

John Young Brown is a man of such distinguished ability that the mention of his name in this connection is an authoritative way of instantly commanding attention. Such is the magnitude of this truly great man that there is but little doubt that he will receive the nomination. Certainly it is no man has been mentioned in connection with the office who can compare with him in intellectual endowment or oratorical ability.

If the following is true, it indicates that President Harrison has a backbone that occasionally becomes rigid enough to give some of the office-seekers and their friends considerable trouble.

One of the last acts of President Arthur before he left the Presidency was to send to the Senate the nomination of Col. Milt Garrigus, of Kokomo, Indiana, to be Collector of Internal Revenue for that district. At that time Mr. Harrison was a member of the Senate, and charges against Garrigus were sent to him reflecting upon him for something that occurred during the war. Harrison secured the rejection of the nomination. During the last campaign Garrigus took an active part, being Chairman of the County Committee, and succeeded in giving Harrison an increased majority. Soon after the inauguration of Harrison, Garrigus became an applicant for the position of Postmaster at Kokomo, having, it is understood, no opposition, nearly all the Republican residents of the city being his endorsers. Several of his friends have been in Washington of late, and on the fourth of March in his interest, but the President has informed them on account of the old charges he could not appoint Garrigus. The charges were withdrawn from the Senate, and are in possession of only one man, who has told the President that he would not be brought against him. In fact, it is said to have told Mr. Harrison that he should insist on having Garrigus appointed or nothing, and the President has plainly told him that the appointment would be made, and the Republicans at the place will not present the case of any other applicant.

From the President to read the Hebrew Bible in the last National Republican platform, and to appoint a committee to enforce it, was a regular habit. The President has, however, refused to appoint him, and there is a great hubbub over the contest. Congressman Chesley, it is understood, has taken a stand in Garrigus' favor, and has told the President that he wants him appointed Postmaster of Kokomo before he does anything else for him. In fact, it is said to have told Mr. Harrison that he should insist on having Garrigus appointed or nothing, and the President has plainly told him that the appointment would be made, and the Republicans at the place will not present the case of any other applicant.

Teaching the English Alphabet.

Having had the pleasure of reading many articles published in your paper, for the purpose of creating a spirit of interest on the part of the many friends of education, and thinking that a short and brief history of the English Alphabet would be of some interest, I take up my pen with the view of giving a few facts concerning its origin.

Taking into consideration the usefulness and necessity of the English Alphabet to every English speaking person, it certainly is the most unsuitable and congruous of all alphabets. It is universally admitted by distinguished writers, that a true English Alphabet would consist of a distinct letter to each sound of the English language, which would bring into use forty-two letters and each letter would be represented by one letter. For the purpose of simplifying our language and increasing rapidly in our writing, our alphabet could be wonderfully improved without bringing into use the phonographic system of Isaac Pitman or any of his followers.

But, if a rule was adopted requiring a short vocal to be represented by a single vowel, and a long vocal by two vowels, on some customary plan, the difficulty of teaching of even learning the art of spelling could be greatly reduced; and also by entirely rejecting silent letters which are considered absolutely unnecessary, and even three or four diagraphs such as ch, sh, could be dispensed with and represented by new characters, thus furnishing a consistent and reliable alphabet, even as the letters are now formed. The advanced thinkers and writers are slowly approaching these ends, and the time is not far distant when a change will be made.

We have learned that the letter "a" represents nine different sounds, and the sound of long "e" is represented by twelve or thirteen different letters and combinations of letters. A great many contend that this cumbersome spelling preserves the etymology of our language, and furnishes additional beauty and power to written expressions. It seems to me that if the etymology of the language was of any importance or consequence to the masses who use it, this consideration might be well founded. But, thousands upon thousands never know anything of the etymology of the language, and never will take an interest in it. Then it becomes evident that the etymology of the language is of little consequence or importance.

It seems to me, after considering this subject variously, that a child will learn to spell or read in the Phonographic Alphabet in a great deal shorter time using the forty-two characters, than he would by using the ordinary alphabet with its twenty-six characters, for the reason that the forty-two characters representing extreme simplicity and logical classification, can be learned by a child with the slightest possible pains or effort. While the present alphabet is made more complicated from the fact that it can not be reduced beyond that of vowels and consonants. Webster's dictionary has done a great deal toward simplifying our spelling, and as the time begins it will be, it is hoped, pushed vigorously.

In securing the history and origin of our alphabet we go back to the Roman letters, which we use in part but not in representation. And reading further we find that the Latin secured or derived their alphabets from the Greeks, because the Greeks were the principal teachers of Roman youths, and by further observation we find where the Greeks were being taught by the Phoenicians, hence we see that they derived their alphabet from the Phoenicians, and it is asserted that Cadmus, a Phoenician teacher brought it from Tyre many centuries before Christ. So we are led to believe that the Phoenician derived their alphabet from the Hebrews. It seems to me by considering the nature of the case, that there is just as much reason to believe that the Phoenician Alphabet was derived from the Hebrews as the Hebrew from the Phoenician. We are also led to believe that Moses has also claim to the Phonic Alphabet as anybody, from the fact that the Ten Commandments were written in Hebrew language or in other words contain all the letters in Hebrew language.

I have attempted in a brief form to give a short history of our alphabet, and to the many readers of your valuable paper, and should this find space in your columns, I submit it for what it is worth. Very Respy, Z. K. PERRY.

The Failure of Protection.

Among the newspapers defending the doctrine of protection, we noticed several signs of atmospheric disturbances. Ever since the inauguration of Harrison there has been a uneasy feeling in the woolen trade and a steady decline in the price of iron. This produces just the situation Republican orator must follow the election of Mr. Cleveland. A number of manufacturers contributed so liberally to the campaign fund last fall that they have recently been forced to make an assignment, leaving their creditors with the bag to hold.

To recognize this situation with their promises and prophecies exhausts the ingenuity of the average editor, or his faith in the credulity of his readers.

So even such organs as the New York Tribune begin to hedge. It declares that as protection is not intended to retard the progress of industry, "therefore" it does not hinder the development of cheaper instead of more costly sources of domestic supply. This will be alarming information to the contributors to the Wansmaker fund.

"What are we here for if not to be protected?" they may well ask. It is not the strong industry that needs protection, but the weak establishments where it is expensive to make iron or steel or cloth. Other establishments, do not need protection. This was the burden of the Republican speeches in opposition to the Mills Bill. It was to protect the "costly sources of domestic supply" that the Republicans voted against a reduction of the tariff on pig iron from 66 to 62 cents. The best located furnaces make iron for less than 60 cents; they do not need protection to the extent of 66 cents. Seven million tons are used in America and the tax on this quantity would amount to \$42,000,000, and may be exacted before foreign iron can be imported to any considerable extent.

It was to protect the most costly source of domestic supply of steel rails that the Republicans opposed the reduction of the tariff from \$17 to \$11 per ton. The present tax is equal to 100 per cent. In addition, freight, commission, etc., serve to put foreign competition at a disadvantage. Just now \$25 is the price for steel rails, and if the tariff were reduced to \$6 it would be sufficient to protect the cheaper sources of supply. But the Republicans opposed any reduction because if there should be a boom they wish Mr. Carnegie to have the privilege of advancing the rate to \$35 and \$40 without interference abroad. This is sufficient to show that the purpose of the tariff act stands in to protect not the cheaper but the more costly sources of domestic supply. If this had not been the purpose of the Republicans they would not have opposed the Mills Bill.

The Tribune adds: "Neither is protection intended to make wages advance all the time." This we are all ready to believe; at any rate, if such were its purpose it has failed lamentably. The plea for protection is that as wages in America are naturally higher, as manufacturers must pay these high wages, "therefore," these same manufacturers must be protected. This is the plea that gets the money from the manufacturer. To get the vote of the workman the assertion changes and he is threatened with lower wages if the tariff is reduced. Thus when the Democrats proposed to reduce the tax on pig iron 72 cents, leaving the tax at \$6 a ton the workmen were warned that it meant a reduction of wages, though the wages in a ton of iron do not amount to more than half of six dollars. The bill failed; wages were reduced, and now the Tribune is explaining that workmen must not "expect wages to advance all the time." We commend this administration to the workmen who last fall were frightened into voting for Harrison.—Courier-Journal.

Crop and Stock.

If the hay crop is "short," now millet in July and August to piece out.

J. S. Coxy, of Massillon, Ohio, purchased of Col. R. P. Pepper, of Frankfort, last week, Alcolyte, the greatest son of Onward, the price being \$40,000. Hay harvest has begun. It is reported that the clover crop will be so good on account of the spring drought. It is stated that the timothy in some sections is full of seed and white blossom.—Harrodsburg Democrat.

THE NEW WHITLEY MOWER.

The Daisey ROAD CART.

THE NEW WHITELEY BINDER.

We also have full line of Machine Sections, Rivets, Etc. The Hamilton Cultivators, Tongue, Tongless and Riding.

WEBER & SCALES, 26 Pike St. Covington, Ky.

HARVEST HOME. Parties desiring to rent the Harvest Home Grounds for places this season, learn the terms by applying in J. M. Owen or Chas. Crider, Lanesburg.

PREMIUMS—James L. Riley will give a premium of \$70 at the Lawrenceville Fair this fall for the best three and two-year-olds of San Marcellus, divided as follows: Three-year-olds, first \$25, second \$10, and the same for two-year-olds. Colts to trot two best in three.

NOTICE—I will show two thirds of the colts of Tucker's get of 1888, for saddle and all purposes, against the get of any other horses for the same year, in the county. The time and place for showing to be agreed upon by the parties. J. H. AYLOR, Hamilton, Ky.

FOR DYSPEPSIA. Dr. Brown's Iron Bitters. Indigestion, loss of appetite, general debility, and all ailments connected with the stomach and bowels, are cured by this medicine.

Notice to Contractors. Bids will be received until 12 o'clock m., Wednesday, June 12th, 1889, for the building of a new school-house at Burlington, Ky. Plans and specifications can be seen at the County Clerk's office. The right to reject any and all bids is reserved. THE TRUSTEES.

The old Common School house and lot is for sale. Apply to the Trustees at Burlington, Ky.

\$50 A YEAR. One good Store-house in Bellevue, Boone county, Ky., for rent; suitable for any kind of merchandising; three rooms, cellar and good cistern. Was. BAILEY, North Bend, O.

NOTICE. To whom it may concern—Notice is hereby given that the Capital Stock of the Concrete Building and Loan Company authorized is five hundred thousand dollars divided into 2500 shares of \$200 each, payable in weekly dues of fifty cents instead of \$500,000, divided into \$1000 shares of \$500 each, payable in weekly dues of 50 cents each. THE CONCRETE BUILDING & LOAN CO. H. P. Stephens atty.

NOTICE. Bids will be received by the undersigned at Burlington, until 12 m., July 1st, 1889, for 1200 lbs. coal to be delivered at the Boone County Infirmary. Bids will be required to state the kind of coal and No. of pounds per lb. the proposer to deliver. Coal to be delivered by Oct. 1st, 1889. The right to reject any or all bids is reserved. DUDLEY ROUSE, Receiver. E. H. BAKER, Judge.

AGENTS—SOCIAL MIRROR; Or Social and Moral Culture. Introduced by Rose Elizabeth Cleveland, is having the largest sale of any strictly subscription book published. Terms and circulars free. If you mean business, and want to commence work at once, send \$1 for circular. Exclusive Territory Guaranteed. Hoping to secure your services for 1890, we are LYMAN W. DICKERSON & Co., 919 Olive Street, St. Louis, Mo.

J. W. J. RICE, CARPENTER & BUILDER, BULLITTVILLE, KY. Is prepared to Raise or Move EITHER LOGS OR FRAME BUILDINGS On Short Notice. And at the Lowest Possible Figures. 25-1/2 Your orders respectfully solicited.

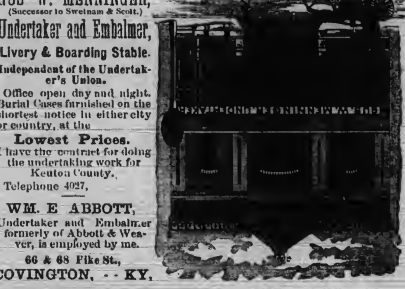

THE LOSS by the great fire at Seaton is now estimated at \$3,000,000. BROWN'S IRON BITTERS. Cures Constipation, Indigestion, Dyspepsia, Nervousness and General Debility. Prepared and Bottled by J. C. Brown, Little Rock, Ark. Beware of cheap imitations and avoid all others on wrapper. Take your Country Paper.

We also have full line of Machine Sections, Rivets, Etc. The Hamilton Cultivators, Tongue, Tongless and Riding.

WEBER & SCALES, 26 Pike St. Covington, Ky.

GUS W. MENNINGER, Undertaker and Embalmer, Livery & Boarding Stable. Independent of the Undertaker's Union. Office open day and night. Burial cases furnished on the shortest notice in either city or country, at the lowest prices. I have the contract for doing the undertaking work for Boone County. Telephone 427. WM. E. ABBOTT, Undertaker and Embalmer, formerly of Abbott & Weaver, is employed by me. 66 & 68 Pike St., COVINGTON, KY.

BOOMING. 1875. 1889. 14th. FOURTEENTH YEAR.

THE BOON COUNTY RECORDER. It shall be our aim to make The Recorder better the coming year than Ever, and to do this it will Take Money. Bring on your Subscriptions. Local Correspondents wanted in every Neighborhood to furnish the news and gossip. ADVERTISING. LOCAL NEWS.

Spring chickens are about ripe.

There is considerable oil in the price of coal this summer.

The recent protracted wet weather was favorable to the blackberry crop.

The trustees intend erecting a good school house for this school district.

Prof. Newton's class of surveyors are surveying all the land about town.

J. C. Allen, the dentist will be in town Friday and Saturday, 14 and 15.

William Craig of Trimble county died of hydrophobia one day last week.

The frame work for the flooring mill at Petersburg will be raised in a day or two.

At the last accounts Dr. E. W. Duncan, who was very sick, had improved considerably.

The hall floor and the grates and mangles are the handsomest parts of the court-house.

Coal! Coal! Coal! I will deliver from 60 to 2,000 bushels good, number one coal in Burlington, at 15 cents per bushel.

JAMES WESLEY.

A Limburg fishing party, bound for Woolper, passed through town Monday morning. When they returned that afternoon we saw none of the fishy tribe they had captured.

Some time since H. P. Stephens purchased the tool-house which the contractor erected, and last Monday he moved it, which adds some to the appearance of the town.

The presence of one of the Recorder's force was very much in demand yesterday, being very much to both a road working and a croquet party. But, to avoid a display of partiality, he stayed at home.

Hurchcraft & Co. of Lawrenceburg call attention of Boone county people to their large supply of elegant monuments and grave stones, and defy competition in prices. John Bell, of Hebron, is their agent.

Joseph Hodge will be ordained to the Baptist Ministry by the Baptist Church at this place next Saturday, on which occasion there will be a banquet meeting. Several distinguished Baptist divines will be present and participate in the ordination ceremonies.

L. M. Whitfield sends us a copy of Welcomes Tidings published at Elizabethtown, and which contains an account of the Shovers tragedy. The Tidings inclines to the opinion that Shovers shot his wife, and therefore takes but little stock in the suicide theory.

We failed, last week, to mention the fishing party from town and Limburg that visited Woodford Carpenter's pond on the Lexington pike. They went in a four horse spring wagon. The team was decorated with bouquets, and the pond went near the fun. The pond was found to be very fishy, and the fish expected to catch. The amount of fun they had there is no way of estimating.

J. C. Allen, M. D., Dentist, 837 Vine Street, bet. Ninth and Court, Cincinnati. Will be in Burlington every Sunday. Arthritis teeth \$3, best \$10, painless extraction included—vitalized air and spray used no extra charge. Silver filling 50c, gold from \$1—warranted satisfaction. Rooms in the city office and showing this item at a discount of 10 per cent. will be given on all work. Will be at the Palmer House, Burlington, Ky.

The small boy and the rubber stilt are the English Sparrows' most formidable weapons, and about Burlington they are waging a war of extermination. But the war is not waged solely by the small boys. Some of the married men have been seen following the example of the small boys, and carry a rubber stilt in one pocket, and a half pound of shot in the other. We note the unfortunate sparrows that comes in their reach. The most remarkable thing about this sparrow shooting is the very large number of shotguns, and especially old rusties, that accidentally get in the range of the shot propelled by these rubber stilts.

There has been trouble between the pastor of the colored church on Main street, Covington, and his congregation. Things simmered and simmered, and at last they have reached the boiling point. Thursday night some one poured the floor and seats in the church, and when the congregation came in the swishing of dresses and scraping of feet sent pepper whirling through the air.

A noise, loud and clear, startled the good folks even before the first "amen" was reached. Quickly it was followed by another and another until it sounded like the splitting of a hundred casks, with an occasional basso. Eyes grew red and watery, and as the tension grew unbearable there was a rush for the door. The rush became almost a panic, and many came near choking before the air was reached.

There are very many reasons awaiting the discovery of the identity of the joker.—Enquirer.

A very pleasant day was enjoyed at Mr. Oscar Gaines' last Thursday. On that day Mr. Gaines' three brothers, and nephew, O. W. Gaines, and niece, Miss Laura Gaines, Geo. Kreylich and wife, Mrs. J. A. Gales, and the writer constituted the guests. While the ladies enjoyed themselves at the house, the men, under the command of Hon. J. A. Gaines, engaged in spirited games of croquet, on the lawn, and a tennis prepared especially for the occasion. The only intermission in the game was at 12 m., when the balls and mallets were deserted long enough for the players to partake of an elegant dinner which Mr. Gaines' good wife and daughters had prepared. It was late in the afternoon when the day's enjoyment was brought to a close and the crowd dissolved.

Hon. J. A. Gaines, and his brother Milton, have for some time been considered the champion croquetists in their ballfield, but they were very suddenly vanquished last Thursday, by a couple of semi-pros, but as we were not to say anything about it, we refrain from a further mention.

Rev. and Mrs. T. W. Barker Delightfully Surprised.

One of the most complete and pleasant surprises ever given to any one here, Rev. and Mrs. T. W. Barker Wednesday night.

Mr. and Mrs. Barker were married ten years ago last Wednesday, and tonight before the congregation of the Eleventh-street M. E. Church thought they would celebrate the wedding anniversary of their pastor with an invitation.

All attended prayer meeting as usual, but after the meeting was over the members went down and took possession of Bro. Barker's home.

When these good people got home and found their house crowded with friends they were completely surprised, but when they entered the dining-room and found the table laid with good things of every conceivable nature, they were completely overcome.

Their surprise was not yet over, Rev. Mr. Holmes produced a suspicious looking box and made a neat speech and then presented Brother Barker with what he supposed to be an elegant suit of clothes. On opening the box, however, it was found to contain a rich and beautiful dress and was handed over to Mrs. Barker. Not to be beaten, however, Mr. Holmes produced another box, and it was the suit, which was a very fine one.

Mr. and Mrs. Barker were so affected by the goodness of the affair that they were unable to fully express their pleasure and appreciation, but all knew that they felt it. The party remained until almost 11 o'clock, and a most enjoyable evening was spent by all.—Friday's Commonwealth.

The attention of school trustees is called to the opinion of the Court of Appeals, just rendered in a case which was taken up from Franklin county. The following are abstracts of the opinion:

First—Under the present school law the Trustees of Common School Districts may order the collection of a tax to build or repair a school house, or to submit the question to the voters of the district, but it is a condition precedent of the right to order the tax that it is necessary to build a school house, or that the County Superintendent has condemned the school house and that it needs repairing.

Second—The Legislature has the constitutional power to authorize the Trustees of a school district to order the collection of a tax, not to exceed a certain sum, without submitting the question to a popular vote. While the Legislature must always prescribe the rule under which the taxation is imposed, and can not yet having prescribed the rule it used not fix the exact sum to be raised or the particulars of the expenditure.

Trustees whose districts lie on the railroad will also note the fact that the decision of the Superior Court to the effect that railroads are not liable to a District School Tax to aid in building a school house to the extent of the value of the road located within the District, has been affirmed by the Court of Appeals.

A Runaway.

About Sunday Monday a barouche drove into town, and stopped at the Boone House, where a young woman and a young man got out, the latter presenting a very comical appearance. It soon developed that the young woman and one of the young men wanted to marry, and the County Clerk, who was waiting in the city office and showing this item at a discount of 10 per cent. will be given on all work. Will be at the Palmer House, Burlington, Ky.

The small boy and the rubber stilt are the English Sparrows' most formidable weapons, and about Burlington they are waging a war of extermination. But the war is not waged solely by the small boys. Some of the married men have been seen following the example of the small boys, and carry a rubber stilt in one pocket, and a half pound of shot in the other. Mr. Lillie Hall has been visiting her mother in Covington several days.

CURRENT TOPICS.

The Mormon church has now 188,911 members.

Among the latest trusts is a school trust.

There are 8,000 vases in the United States.

Lord Bute's mansion, "Monkton," cost \$50,000.

Alvin Karpis has been manufacturing at Dundee, Wis.

Barry Hart has made his permanent home in England.

Fans of gas are now seen with freest of their handles.

It cost \$5,000 to cable a speech by the President of Chile to Europe.

A Vienna, (Pa.) lad of six attempted suicide to escape a strapping.

Sixty-five lake trout are made to salmons in the last five years.

San Julian Paucotro is one of the best swimmers in Washington.

This eight-hour law is being enforced at Chicago on all municipal work.

Four hundred monuments have been erected on the Gettysburg battlefield.

Silver ice cream plants are made to resemble crystal shells in their natural shape.

Man recently showed at Nebraska, Mich., yielded 36 1/2 pounds of wool on one clip.

Boiling sterilizes water, and within thirty minutes will have killed harmful bacteria.

California has 187,500 homesteads of 160 acres each that have not been applied for.

C. P. Huntington is to build a \$1,000,000 residence on a 450,000-acre lot in New York City.

Worcester educators are discussing a proposition to establish beds in the public schools.

Dr. Howard says that water for drinking purposes should never be below fifty degrees.

Florida has \$10,000,000 invested in the orange business. The sales this year were \$9,000,000.

Thirty-three Chinamen in New York contributed \$200 to the relief of the Johnston sufferers.

An engine on the Bound Brook railroad in New Jersey recently covered a mile in twenty-nine seconds.

Phor. Bell, the telephone man, calculates that a mother talking to her infant speaks 50,000 words a day.

Under the laws of China the adult who loses his temper in a discussion is liable to jail for five days.

Mayon Stewart, of Griffin, Ga., is only twenty-three years old, and is probably the youngest judge executive in the country.

When Mrs. Room, of Adamsville, Pa., took in her wash from the line she found a pocket of a dress a party built with her's.

The cotton bagging experiment is to be thoroughly tried. Assembler, the other put out 1,000 rolls for a single Montague, Ala. firm.

Governor Hill, of New York, has approved the law which provides that no salary for the State shall receive less than \$2 per day.

Or three hundred and twenty-four houses at Johnston two hundred and thirty-five were completely ruined by the late catastrophe.

Buffalo Bill is said to be growing so rapidly in the favor of the French republic that the French supremacy of Boulanger is threatened.

A Philadelphia citizen of Harvey County, Kas., has planted three miles of peach trees along the highway for the benefit of travelers.

The multiplication of 987,654 by 45 gives 44,444,445. Reversing the order and multiplying 456,789 by 45 gives the result 2,055,355,545.

Prisoners in the Eastern penitentiary of Pennsylvania have contributed the sum of \$100,000 toward the Johnston relief fund.

Of the "pure course of consumption" sold in Philadelphia was analyzed, they are, and multiply from 100 to 150, rum, molasses and extract of sassafras.

Three of the richest merchants in the country are comparatively young men. W. H. Barker is fifty-one, John Field, Chicago, fifty-three, and Phil. Armour, fifty-five.

Two steel bolts, one weighing 180,000 and the other 170,000 pounds, are a part of the armament of an Italian iron-clad, were recently shipped from the Gruson Foundry at Magdeburg.

Win. Laurin, of Glasgow, has refused \$100,000 for the famous "Alard" Stradivarius violin, but \$120,000 has been offered on behalf of an American, and the matter is now under consideration.

Chauncey Dreyfus takes no stock in the now-famous theory that marriage is a failure. "To be engaged to the woman you love is happiness; to marry her is cross-bread."

A veterinarian fell from the cross-bar of a pole at New Haven, and, after descending twenty-five feet, struck a horse that stood below. The horse was knocked down, but the man escaped with slight injuries.

The wheat in many sections of Kansas this year is so heavy that the binders can not clear the whole swath and do not attempt to cut more than one-half the usual width. There's always something about the matter with the crops in this State.

According to the statistics of Dr. Fodd, of the Georgia State Medical College, the life expectancy of various countries is as follows: United States, 55 years; England, 53; Russia and Chile, 38; Sudan, 28; France, 45; Europe (mediterranean), 40; Rome, in the time of Caesar, 18.

Osborne Wade, of Cadillac, Mich., has applied for a patent on a new "hobby horse," which he claims will replace the bicycle and other machines for travel. It consists of an automobile horse so constructed that by rocking backward and forward it moves in a regular loop as fast as the rider desires to travel.

A remarkable phenomenon was witnessed at Cardiff last night. After a fall of rain was noticed that the moon shined through the clouds and was dimly seen with red. The phenomenon was known as "bloody rain," and was in ancient times regarded as a sure sign of war.

The famous Lankin Tower of Pisa has been put up for sale by lottery. The municipality of Pisa, having become financially embarrassed, has decided to raise the money by means of a lottery of expensive improvements of the tower for sale in order to prevent the tower from being sold, and has decided to sell the lottery tickets to get the highest price possible.

BURNING THE DEBRIS.

Work of Clearing Up the Wreck at Johnston.

The Registration Bureau Reports 13,000 Former Inhabitants Unaccounted For—Twelve Hundred and Forty Men Have Been Recovered.

JOHNSTOWN, June 18.—At nine o'clock Monday night twenty or thirty men were seen lighting up the valley and mountain sides for miles around. The piles of wreckage removed from the debris during the day were then disposed of, making a great sight.

The horrors continue and there seems to be no end. Ever since the water receded into its channel, fathers, mothers, sisters and brothers seeking their lost, have wandered up and down the ruins. At each cry they have found another; some have been broken hearts, some have been found and rescued, some have been found and rescued, some have been found and rescued.

A charge of dynamite was exploded, the result of which was the death of a man and the injury of several others. The man who was killed was a former resident of Johnston, and the others were also former residents of Johnston.

APPELLING ACCIDENT.

Wreck of an Express Train in Ireland.

Nearly a Hundred Persons Crashed to Death—Over a Hundred Passengers Seriously Injured—Several Children the Victims.

DUBLIN, June 18.—A train containing an express party from Armagh has been wrecked near that place. The train contained 1,000 persons, composed of Malahide, Sunday-school children, and a large number of other persons.

The train was going on an excursion to Warren Point. The excursion party left Armagh at 10 o'clock. The accident occurred at a point where the train had to ascend a grade on a bank fifty feet high.

The first train ascended the grade without accident, but the second section, composed of the Sunday-school children, was derailed. The children were killed and injured.

ANOTHER "CONFESSION."

Containing Some Very Interesting Information by the Prisoner Woodruff, and in Which He Directly Confronts Alexander Sullivan.

CHICAGO, June 18.—All previous "confessions" of Woodruff, the horse-thief, who has been indicted for complicity in the Cronin tragedy, were collected this morning in an entirely new story from him, published in an extra edition of the Times.

He contradicts and discredits every other "confession" heretofore printed in the press, and now appears in the role of an ex-member of the Canadian militia, claiming that he was trained by Cronin's alleged accomplices because he furnished them with valuable information during one of the raids into Canada in Woodruff's narrative to say: "I went to Dean's bar, and returned and applied at Alexander Sullivan's. Alexander Sullivan was not in the bar, but I went on to meet him in the hall before I reached the elevator."

LOCAL NEWS.

Raspberries are ripe. It is hot but not dry. The clover harvest is near at hand. The warm weather opened the locusts. The days will soon be at their longest again. The fruit tree agent is abroad in the land again. The tobacco season has been of long continuance. Cut worms have been cutting the tobacco badly. The weather has been fearfully hot the past few days. Quite a wind storm visited this part of the county last Friday. Suit was filed last week to settle the estate of Richard Madden. Burlington is regularly visited by several itinerant beef vendors. L. Riddell on the other, resulted in a sweeping victory for the first named contestant. Rev. C. C. Conner will occupy the pulpit in the Universalist church in Burlington next Saturday morning and afternoon. At the conclusion of the service Saturday afternoon there will be a business meeting. Services Sunday evening. The picnic season begins next Saturday at the Harvest Home Grounds with an all-day basket picnic. From the names of the gentlemen that compose the committee, and the music, which will be furnished by Bros' Band, a grand time is assured those who may attend. While standing on a ladder cleaning out the gutter on his house, one day last week, Dr. J. F. Smith slipped and fell backward to the ground, a distance of about 10 feet. Fortunately no bones were broken, but the doctor was considerably shaken up, which kept him in bed several days. The young couple from Cincinnati who were granted license to marry last Monday evening a week, by the Clerk at this county, were married by Esq. Children, the toll-gate keeper this side of Erlanger. They had applied to the clerk in Covington for license that day but were refused, the young man's father having notified the clerk not to issue them a license, they both being under age.

The Republican of Boone County, Ky., are requested to meet in mass convention at 2 o'clock p. m., sharp, in the town of Lexington, Ky., July 1st, 1890, (county court day) for the purpose of electing delegates to the State Convention which meets in Lexington, Ky., July 4th, 1890, to nominate a candidate for State Treasurer. Resolutions are invited to be submitted. By order of State Central Committee. Wm. J. Landrum, Chairman, Wm. F. McKin, Ch. Sec. Com. The Henderson News, says: Two negro women are to be added at public auction at Paulsboro in a few days. The women are worthless vagrants, and being daily convicted by Jury in the City Court last Saturday, they were sentenced to be sold into servitude to the highest bidder for the period of twelve months each. The proceeding was under an old statute. It is now almost a dead letter, but a man was subjected to this degradation some two years ago in Bath county and there was a similar occurrence about the same time at Russellville. Emancipation Constitutionalist: Wm. Craig, living in Trimble county, attempted to put a bullet into the back of a dog which had been shot about May 21st, when the dog snapped him, from the effects of which blood poison, erysipelas or possibly hydrophobia he is, from being dead exactly nine days later. It is said that a part of the time it took several men to hold him in bed. His father, "Belle Craig," who assisted in nursing him, had a small sore on his hand that became so inflamed that he died and was buried last Monday. The title of "old maid" does not attach to a lady until she has passed her thirtieth birthday. Neither is there much opprobrium attached to that appellation as in former years. People now-a-days respect an unmarried lady according to her merits, not according to her ability to catch a husband. A lady who does not marry until she finds some man worthy of her heart and soul is now justly regarded as possessing good sense and sound judgment. The people of the eastern portion of Owen County excited over a rape committed near Holbrook last Friday night. It is impossible to get the full particulars, which are as follows as near as can be ascertained: On Friday night a little daughter of Geo. O'Brian, aged about 14 years, went to the house of her uncle to stay overnight. During the night her uncle, a man of about 25 years entered her room and after chucking her and wrapping a cloth about her face, accomplished his heinous deed and then made his escape. The entire populace turned out in search of him, but it was learned that he was seen in Lodi Saturday. A reward of \$500 is offered for his arrest. If captured and comes into the hands of O'Brian or his neighbors, he will get his just deserts—Owen News. Two men were seen near Burlington last week, in pursuit of the fugitive. They claimed to have last heard of him at Erlanger. Program Of the Sunday School Convention of North Bend Association of Baptists, to be held with Burlington Baptist Church, Friday and Saturday, June 28th and 29th, 1890. Commencing Friday Morning at 10 o'clock. Introductory Sermon, J. H. Fullilove. Responsibility and Preparation for Teaching. Rev. J. H. Averell. General Discussion. Methods of Teaching and Gaining Attention. Harry O. Butler. Sunday School Helps, Rev. J. H. Butler. General Discussion. Originality in the Study and Teaching of the Scriptures. Rev. C. H. Green. General Discussion. Sunday School Music. Warren McKee. General Discussion. What is the purpose of the Sunday School? Rev. T. L. Utz. General Discussion. Encouragement for active work. S. M. Adams. General Discussion. J. L. BRISTOW, Chm. of Com. There will be a general attendance of the Pastors and Laymen of the Churches, who will take part in the discussion of the topics. Ample entertainment will be provided for all attending, and a profitable time is hoped for. The ordination of Joseph Hodge occurred in the Baptist Church at this place last Saturday, in the presence of a very large congregation which would have been much larger had it not been for the clouds and the unsettled condition of the weather permitted. The examination which was quite lengthy, was conducted by Rev. E. B. Kirtley. This with some other business occupied the forenoon. The Vickers delivered the ordination sermon, which, although an impromptu effort, was regarded as a very fine discourse. James A. Kirtley, D. D., than whom there is no better for such a task, delivered the charge to the church. Rev. J. H. Fullilove delivered the charge to the candidate. It was not thought by the congregation that the attention of the congregation. The rain just at noon hour inconvenienced the dinner service in the program some, but not enough to prevent the enjoyment of a bountiful feast prepared for the occasion. The first of the were spread in the church on improved tables, and also in the yard, where it was originally intended that dinner should be served. The ministers present were J. A. Kirtley, D. D., R. E. Kirtley, J. H. Fullilove, Logan Vickers, O. M. Huey and T. L. Utz. Mr. Hodge is now invested with all the ministerial paraphernalia and is ready to take his place in his chosen field of labor. Notice—As it has been reported that some of our citizens are being misled by the fact that they can be had and will be for years to come. Weber & Soles, 28 Pike St., Covington, Ky., agent for the Champion and Whiskey Machines.

Personal Gossip. Isaac Flock, of Baltimore, was in town Monday. Miss Maggie Marshall is the guest of her sister, Mrs. R. C. Rice. Hiram Southern one of nature's noblemen, was in town Monday. Dr. Hayes, of Burlington, was one of the several in town Monday. Ransome Huey, of Big Bone, was visiting Judge Baker last Sunday. Mr. Hiram Bouse, a leading Lima burg citizen, was in town yesterday. Mrs. Clara Kirkpatrick is visiting W. E. Piper and family at Dayton. J. F. Scott and wife, of Ludlow, attended the ordination last Saturday. John Palmer and wife, of Waterloo, spent the day in Burlington Sunday. Miss Laura Zinn, of Riverside, was visiting at J. Wood Riggs last week. Leonard Origer and Tom Haffer, of Helron, were among the visitors to town Monday. Mrs. Dr. Grant and daughter, Miss Grace, were visiting friends in Burlington last Sunday. Mrs. Parker, who was visiting relatives at this place, returned to her home in Chicago last Thursday. Mr. Eike and Miss Minnie Huddleston, of Lawrenceburg, were guests of Mr. and Mrs. K. E. Bruce Sunday. Mrs. Lillie Hall returned home last Friday after a pleasant visit with relatives in Cincinnati and Covington. Miss Edith, Ryle, of East Bend, has been the guest of her cousin, Miss Lizzie and Corda Ryle several days. Our young friend John J. Walton came to town Sunday, and when he left he went in style, having purchased of A. M. Acra a new cart, laprobe and set of harness. Alex. Murray, the p. m., and Frank Buzek of Florence in town Sunday. The former is an apprentice of the Harrison administration and the latter wants to be. W. H. Smith and wife, of Cincinnati, were guests at Dr. Smith's from last Saturday evening until Monday morning. Henry's friends were glad to see him looking so stout and hearty. When Did You Get Them? The "Purchase order" of the State will demand one or two of the State officials next time and on that subject the people of Western Kentucky are going to demand a representation at the State government. They do not want the earth, but if they do they deserve it for at least a term, since they have been compelled to stand by and see the State government being sold to the highest bidder. This petted and pampered section has so long enjoyed political preferment that it begins to look upon the matter as an inherent right and all outside applicants are indignantly rebuffed. It is even the proverbial cold potato. One of the West Kentuckians, who has been consistent and persistent in this matter of the right of our section is Judge Creshaw, of Owensboro. In a well written and sensible article on the candidacy of John Young Brown for Governor, he touches on this point as follows: "He is an accomplished gentleman, an orator of the first type, a statesman of the Jeffersonian school, with a character of spotless purity. But he hails from Southern Kentucky! That is true. Is it a crime to live in this end of the State? Have we not Senators in Congress from the same section of the State? Have we not a Governor, a Lieutenant Governor, a Treasurer and an Auditor from the same section? Have we not men of honor and high standing in every good thing for rolling years, and have they ever said, 'You have done enough for us?' No, not once. If our portion of the State did not have as able a man as the Bluegrass section would favor this policy of taxation without representation, but so long as we have the peers of Beek, Buckner and Blackburn among us we fear favoring honors with them." Some Past Grand Master of the Order of Aunias relates the following to the Lexington Drummer: "A Mercer county farmer declares that here and chickens belonging to him were destroyed by the locusts that now infest the country. He did not notice the absence of his chickens from the yard until about 4 o'clock in the evening of the 10th of June. He then went out to look for them and was astonished at what he saw. In a thick- et of small oaks the trees were literally covered with the locusts, peck, buzz, buzz louder than a million bees, with some among them drumming in a sonorous tones louder than a trumpet. Suddenly he was attracted by a thick swarm close to the ground and the alarmed cry of a chicken that made toward him as fast as it could run. But it reached him a swarm of locusts swooped down upon it from the trees and it was soon silent on the ground. Groping as rapidly as possible to where he saw it, he was amazed to see it pecked and pecked by the locusts. Hundreds were around it, some with feathers sticking in their mouths, others with pieces of flesh almost swallowed and some were pulling at each end of a skewer like a dog with a bone. With the first of the locusts he saw one of his chickens lying under the tree and he thought that the locusts had done the work." We have a different kind of a locust in Boone, called the "two-legged" locust. They take meat, and they even leave the skeleton lying around. The corn needs plowing badly. It is thought that Leonard Anderson, who lost his mind a few weeks since, will not live long. The fellow who bets on his running once in every twenty-four hours now has a sure thing on the wire. Gratton, Grant & Norris' trotter, won his race at Mansfield, Indiana, last week, in three straight heats. Time, 2:38.

NEIGHBORHOOD NEWS. LEXINGTON. No clover has been cut. The farmers are water bound in their crops. Corn on low, flat land is being drowned out. Geo. Baker will build an addition to his residence. Very little plowing was done in this crop last week. Owen Aylor gave the young people a dance a few nights since. Mrs. Hiram Bouse, who has been very ill for several days, is getting better. Our brand new will turn out in a new uniform on the occasion of its next parade. The grain house has made its appearance here in the shape of oats, and it is feared they will ruin these crops. UNION. June 16—Miss Nellie Ray of South Kentucky, spent last week as the guest of Mrs. James A. Huey. Miss Mary White is spending some time at Walton. Misses Hattie and Lula Crouch of Warsaw, are visiting Mrs. J. A. Huey. Mrs. Lilla Cough spent several days with relatives in Cincinnati last week. The Baptist gave a delightful lunch at Mrs. N. S. Brinkman's last Saturday afternoon. Mr. and Mrs. Larry Judge, O. C. Utz and J. M. Wilson attended a meeting of the Covington, June 16th. The Elders conducted services at the Presbyterian church last Sunday evening, and will do so at the regular appointments until a pastor is secured. The "Ladies Society" of the Presbyterian church will give a supper in a few days. The date has not been decided upon, but the public will be notified as to the time. Marshall Hedges attended the Leeceve H. School of Covington, June 16th and 17th, and reported having heard much commendation of the Boone county graduate, Miss Bettle Gaines. C. T. Rice, a well known citizen of Union, was very busy employed last week chopping down cherry trees to secure the fruit—a plan he wishes to recommend to his friends over the county. BURLINGTON. Mr. A. W. Corn has the finest field of corn in this part. ATTY. ED. HOWARD, of Cincinnati, was the guest of Dr. Hayes a day or so last week. Miss Laura Gaines attended the commencement exercises at Oxford, Ohio, last week. Mr. John Holman and bride, of Owen county, spent the day last Sunday with Dr. Hayes. The "Ladies Society" of the Presbyterian church, who has been attending school at Georgetown, is at home for the vacation. W. J. Rogers and wife, of Walton, attended church at Mt. Pleasant last Sunday and Sunday. Quite a large crowd of young people spent last Sunday afternoon very pleasantly with Dr. Hayes and family. Miss Katherine Winston, of Helron, graduated with distinction last Wednesday at the Female Seminary, Oxford, Ohio. For an account of the most wonderful adventure since Baron Munchausen took his trip on a flying cannon ball, get Marshall Hedges to tell you of his exploit for last main street in Georgetown, last week. The Baptist Sunday-school Convention meets at Burlington, near here, on the 28 and 29 of this month. Come one and all. We will promise you good spiritual entertainment in day time and comfortable bodily entertainment at night. Last Sunday, the last day of the three days meeting at Mt. Pleasant church, the largest attendance that has attended worship at that place for many years was present. People were present from all over the county. Dinner was served on the grounds and you will seldom see a more bountiful and elegant one. Elders Hese and Yeomau were the ministers present. Last Friday was the fifteenth birthday of Misses Lillie and Lillie Watts, and it was one that doubtless will ever be remembered by them with great pleasure. Some fifty of their friends met with them that day at their home and the day was spent delightfully by both home folks and visitors. Part of the company went away the next day, and by the middle of the afternoon two quilts had been entirely completed. The little folks had part of the house to themselves, and the hours flew so swiftly by, so pleasant to them, that they were not aware of the time. But, perhaps the greatest thing of the occasion, was the dinner. The many good things to eat in such exceeding abundance, has been the talk ever since. Young man, the ice cream and sody water machine is upon you. We are sorry to hear of the appearance of the grain locust. It will have but a short time in which to work, but it is at a period when an immense lot of damage can be done in few days. The Burlington base ball club went over to Florence last Saturday and defeated the club there in a score of 20 to 8. At the request of Burlington club we publish the following selection of base ball law, to which they invite the attention of all the players in the county. Rule 3, Section 2. In all games the ball or balls played with shall be furnished by the home club, and the last ball in play becomes the property of the winning club. David Riggs was town yesterday. We suspicion he wants to get back in to the Revenue service. Died CORBIN—On May 29th, 1890, at his home in Kansas, aged 60 years, was born in Bourbon county, Ky., March 10, 1829. On the 30th of October, 1850 he married Rosanna Emmons, who still survives him. He became a member of the Old School Baptist Church at Union, this county, in 1855, and was a member of same church at his death, and by request of the family his funeral will be preached by Elder J. T. Moore at 10 o'clock a. m. on the first Sunday in July at Indianapolis. CINCINNATI, OHIO. Will practice in Kentucky courts. DR. E. A. IGOGUE, RESIDENT DENTIST, RISING SUN, IND. Office over O. W. Bennett's harness establishment. Open during all business hours. Satisfaction guaranteed.

LOCAL NEWS.

The potato crop is a good one.

Next Monday is county court.

The weather is quite pleasant.

The day is now at its longest.

Tobacco went off a little late.

There has been very little plowing done this month.

A big croquet party at Mr. James E. Dunham's last Thursday.

Next Saturday is the picnic at the Harvest Home Grounds.

The Erlanger claims that they sold 200 lots last week.

R. C. Rice's new house is completed and he moved into it last week.

For mile-a-good, fresh shortbread now.

The town boys are apparently the most thrifty class of population we have.

Some of the cornfields are producing double crops this year. One crop is weeds.

Some of the leading Republicans here, but not in the election season last Friday afternoon.

We bought a lawnmower to cultivate our garden with this year. We can recommend it as a success.

L. F. Jackson, of the Petersburg precinct, and one of the wealthiest men of the county, has lost his mind.

Thomas Goodridge and Everett Canon each left town last Saturday in a new buggy bought of A. M. Aers.

H. C. Dunham's palatial residence is nearing completion. Clay will have a handsome residence when it is finished.

Burlington has only eight who are booked for applications for positions in the Internal Revenue service in this district.

Joe C. Revell is going into the fruit business. Saw him the other day hauling in young raspberry bushes by the wagon load.

Wm. Woods, whose misfortune was mentioned by our Union correspondent two weeks since died of his injuries one day last week.

Harvest is at hand and catches the farmers very much behind with the work which should be completed before harvest time.

The hot weather "let up" one day last week, since which time it has been quite pleasant, and it is now very fine for harvesting.

The Linburgh band came over and serenaded the town last Saturday night. Come again boys, your visits are always enjoyed.

Miss Pearl Kirkpatrick's 3 months school closed last Friday. She had a very interesting lot of little juveniles under her instructions this spring.

Prof. Newton's school closed last Friday for the summer vacation. We anticipate that he will have a large school when he begins again this fall.

John M. Lassing's professional card appears in this issue. He has rented the office heretofore occupied by J. W. Calvert, and his shingle will swing out there in a few days.

If the Cincinnati Daily papers keep up their record from this on they will fall to reach the Burlington postoffice on schedule time 972 times during Mr. Harrison's four years of office.

J. R. Clutterbuck has purchased of John T. McClure, the old Lattimer farm adjoining the town. He is buying briar smokes and moccasins preparatory to commencing a war of extermination among the grubs, etc.

Hurchcraft & Co., of Lawrenceburg, call attention of Boone county people to their large supply of elegant monuments and grave stones, and defy competition in prices. John Beall, of Hebron, is their agent.

Mr. John Ryle has several pieces of the Johnston wreckage which was taken from a drift pile below Bellevue. In the drift pile which she took down to be for sale for sale of houses and all kinds of furniture.

There are two yestling colts at a mare both brown and both about same size. Owner will call and get his colts and pay the cost of this advertisement.

W. I. Rouse.

Notice—As it has been reported that repairs for Champion Machines could not be had, we wish to say to the public that they can be had and will be for years to come. Weber & Sons, 28 Pike St., Covington, Ky., agent for the Champion and Whiteley Machines.

The effort to reduce the 1896 crop of tobacco seems to have the opposite effect from that intended. Since the rainy season commenced an abundance of plants have come up, and a special effort has been made to get the plants out, and the crop in this county will not fall far short of an average average.

Grand Temperance Rally and Bazaar, Petersburg, Indiana, July 4th. All temperance societies and Sunday-schools are invited to participate. Notes speakers have been secured for the occasion. Half rates on all railroads, and the day celebrated in an appropriate way.

The trustees of this school district have not been able to secure a bid for the construction of a new school-house for that will come within the amount which a three year's tax levy will furnish the money. When they opened the bids they ranged from \$1,300 to \$1,800—quite a difference in the way some people make figures.

Consulting the marriage register in the County Clerk's office today we found the following order of license issued on Monday: R. B. Utz, aged 55 to Miss Rebecca Rogers, aged 55, of Gallatin county. They will be married this (Wednesday) evening at the residence of the groom's mother, E. B. Utz, at Erlanger, by Rev. Fullilove.

Mr. J. M. Lassing, of the town of Erlanger, Ky., July 1, 1896, county court day, for purpose of electing delegates to the State Convention which meets in Lexington, Ky., July 4th, 1896, to nominate a candidate for State Treasurer. Boone is entitled to six delegates. By order of State Central Committee.

Wm. J. Landrum, Chairman, Wm. F. McKinn, Ch. Clk.

The Petersburg post-office is a moderately good plant. It is now filled by Miss Bradley, whose political opinions are much sought by the three members of the county. A live counter is being waged for the position with the chances of the three applicants about even. Females generally become very enthusiastic when they enter the political arena, and should the contest be prolonged it may eventually disturb the tranquility of the town. May the handsome and most efficient of the trio of applicants win.

Capt. Ellish Allen, and S. G. Botta, of Petersburg, were in town last Friday. They are both State Treasurers, and are getting their credentials arranged for appointments by Collector Landrum. We don't know what Maj. Botta will ask for but it will be some lucrative position, and the Col. Landrum are old chums, he kindly expects a good office. Capt. Allen wants the position of Stamp Deputy at the Petersburg District. This office is worth \$1,200 per year, and is held by Capt. A. B. Harris. Capt. Allen is well liked by everybody, and is competent to fill the position in every way. The Col. may hunt the district over and he would not find a better man for the place.

The meeting of the stockholders of the Walton Deposit Bank for the purpose of organization, took place last Wednesday, the 19th inst., at Walton. About fifty-one of the sixty subscribers responded in person or by proxy. Rev. L. Johnson was chosen as Chairman of the meeting, and E. K. McClure, Secretary. The following gentlemen were elected directors: T. F. Currier, D. M. Bagby, J. T. Johnson, J. T. McClure, J. S. Higgins, E. J. Green, Dr. D. B. Allen and G. W. Stantley. The meeting of the stockholders adjourned, and the directors convened and elected Dr. D. B. Allen, of Napoleon, President, after twenty ballots. The names of Robt. Green and Ben. Records were nominated for Cashier, and Mr. Green was elected on first ballot.

Last Saturday we accompanied J. M. Conner and wife to the second annual opening of the Gentlemen's Driving Club, at Winston Place back of Cincinnati. This club will meet every Saturday afternoon to watch the racing horses made up for the occasion. No professional trotting horses are allowed to go, the races being confined to the untrained. The social feature of the club makes it very popular, and this season promises some very fine sport on the track.

Mr. Conner's many friends in this county will be glad to hear that he is doing a thriving business with his boarding and making stables here. His business is enjoying very rapid growth. There are few men who have the tact that Jim has for handling up trade, soon as he commended his stable was filled with horses.

Program

Of the Sunday School Convention of North Bend Association of Baptists, to be held at Burlington postoffice on schedule time 972 times during Mr. Harrison's four years of office.

SEWING

TO CORRUPT MONTANA.
The Latest Plot Hatched by Harrison and His Vice Managers.
So the Dudley and Quay methods are to be adopted in the fall to debauch Montana and win it away from the Democratic party. The political

signs in the new state have considerably alarmed the President and he has intimated to Matt Quay that Montana must be looked after; in other words, the blocks of five and other methods must be put in force to prevent three more Democrats from being sent to Congress. It is said that the Pres-

dent and his manager have outlined a plan of action calculated to save the new State to the Republicans. It is not known how much of the "fat" of last year's campaign remains in the hands of the Republican National Committee, but whatever it is, it will be devoted to the purchase of votes in

Montana. Should the amount not be sufficient, Sunday-School Wannamake may be called on again to help the cause of corruption. It is hardly possible that the rascality of last fall can be repeated this year in any part of the country with success, and that Montana should dignify its entry in

to the sisterhood of States by submitting to be branded in such a foul manner. Harrison and Quay may plot as they will and regard American voters as purchasable and in the market for the highest bidder. They will find themselves confronted by an indignant public opinion which will render their

The people of Montana will not allow themselves to be defrauded of their choice of Congressmen, as the Nation was of its choice of President by purchased votes, for they have been warned by the lesson of the last election.

tion. In the notorious Bradley attempt to employ his vile arts in the new State he will meet with a far different reception from that his agents experienced in Indiana. They have a very expeditious way of disposing of obnoxious characters in the far West. There is no Judge Woods in Montana.

to screen Dudley, but a certain Judge Lynch, who is very prompt and effectual in his methods. This execrable plot against a new State is befitting an Administration that obtained control of the Government by bribery and corruption, and is ready, at all times, to prostitute the functions of the Govern-

ment to gain votes. It is rather too early, however, to try again the four methods that made Republican success possible. The public mind is still awake to the enormity of the crimes committed against the most sacred rights of the American citizen, and the new conspiracy of Harrison and

CURRENT COMMENTS.
—People who expected Blaine to

—If Civil-Service Commissioner Roosevelt keeps on as he has begun with the Indianapolis post-office he is likely to render himself unpopular.

—Says Mr. Dana: "We Democrats should come together." "Come now," murmured the army deserter, as the provost guard overhauled him; "let us forget our differences and forgive old scores! Throw down your muskets."

—Grover Cleveland is kept pretty busy, it appears, declining invitations to banquets and such like great times. He is in hard luck. It's pretty sad to have to worry along through life without any of these great times.

without any of these invitations, but to have them showered on you and then to be compelled to decline is infinitely worse. Unhappy lies the head of a popular ex-President.—Chicago Mail (Rep.).

—Only one member of the Republican Executive Committee in Indiana

remains without a Government office, and he has been called to Washington to receive his reward. It is understood his dividend of the spoils will be the comfortable and lucrative post of Marshal of the District of Columbia. The lot of the office-begger in a "doubtful State" is a happy one.

Something ought to be done by the hungry Republicans of Illinois to make their State doubtful.—Chicago Globe.

—The Joliet (Ill.) Press and People says the Joliet rolling mill subscribed \$25,000 to Mr. Quay's campaign fund last year. Presumably the

company made a twelve per cent. reduction in the wages of its employees, by which, says the Press and People, "they will recoup \$15,000 of that sum." So the fellows who are getting "practically the sole benefit of the tariff laws," to quote Mr. Foster, are

very generally making the workmen pay their campaign contributions—Boston Post.

—Cleveland's Cabinet abolished the custom established under Grant of appropriating department funds to pay for and maintain horses and carriages for members. Harrison's Cab-

net is restoring it. Secretary Noble has bought a \$1,000 span of blooded Kentucky horses out of the contingent fund of the Interior Department and will soon buy a costly carriage at Government expense for his personal use. All the Republican magnates are exerting themselves to reduce the sur-

plus.—Cleveland Plain Dealer.

against foreign production. "There is no need to protect those who build brick houses," it avers, "because they are absolutely protected by the circumstances of their labor against foreign competition." Oh! are they? Since when are the bricklayers of the Old World shut out of our ports?

of this. - N. Y. World.

LOCAL NEWS.

To the voters of Boone—Having been solicited by voters in nearly every precinct in the county in the past few days, I am now myself a candidate for County Commissioner at the ensuing August election. Resp'y, L. P. ARNOLD.

Cut your dog's teeth.

The potato crop is a stunner.

This weather makes a fellow hunt the cool places.

Blackberries will be on the market in a few days.

Get Joe Reed to do your painting and paper hanging.

The Baptist Sunday-schools in the State have 40,000 scholars.

The cat crop is much better than was expected early in the season.

The Burlington juveniles finished their celebration the 4th on the 5th.

Some of the candidates for county of fices have commenced shelling the woods.

Fred U. of Florence, has bought considerable stock in this part of the county.

In papering, painting and graining Joe Reed is the boss. Give him a call and test his work.

We notice that some of our exchangers say that they need rain badly in their section of country.

Quite a number of teachers were present, last Friday, to be examined in Civil Government. They all passed.

The Burlington Sunday-school scholars are placed down on Gunpowder on the 4th, and all had a pleasant time.

For sale, five thoroughbred English Pointer pups. J. F. BLITTE, Burlington, Ky.

Elder J. R. Greathouse will preach at the Forks of Gunpowder next Saturday and Sunday, the 13th and 14th.

Rev. E. W. Whitney, of Cincinnati, will preach at the Universalist church in Burlington next Sunday, July 14th, at 4 p. m.

The wheat is about all harvested, and, while there are some fields yet to be made a good yield, generally the yield will be small.

A. Corbin & Son, of Bellevue, have been awarded the contract for furnishing 1200 bushels of coal for the County Infirmary. Their bid was 137 cents delivered.

J. H. Walton and daughter, Roxana, passed through town yesterday morning. At Erlanger Miss Roxana took the train for Lincoln county whither she goes on a visit.

The Supreme Court of Indiana very suitably expressed the Legislature's wish not to prohibit a citizen of Rabbit Hash, Ky., from selling beer in Rising Sun, says the Rising Sun Recorder.

One day last week Bert Coffman of Walton, stuck a nail in his foot, which caused him considerable pain and his family much anxiety. At last accounts he was getting along very well.

Hurchatt & Co., of Lawrenceburg, have been turning out some very handsome work in the tombstone and monument line this summer, at prices most reasonable. John Beal, of Hebron, is their agent.

The per capita for the public schools this year will be \$2.15. This does not include the interest on county bonds. The Boone County Teachers' Institute will commence August 19th.

Met Daniel Lawell and wife, from down on the East Bend road, at 11 o'clock Monday. They were going to Fayette county where Mr. Lawell will purchase some sheep with which to cross his already fine flock.

There will be a two days basket meeting at Mt. Pleasant Baptist Church on the third Saturday and Sunday in this month (the 20th and 21st) at 10 o'clock each day. Elders Hise, McGlade and Brown will be in attendance. Every body is invited.

The attention of those directly interested in education, we direct to the advertisement of Garrard College in another column. That institution offers special inducements to those seeking an education. J. C. Gordon, of Hebron is one of the faculty.

The Boone County Democrat copied the account of the tangled couch from our columns and gave credit to the Warsaw Democrat. That's doing worse than some of our other exchangers—copy and never give any credit—Warsaw Independent.

It was a "mist" in the "pick up," Bro. Wallace.

The following death notice is taken from the Frankfort Capital. Mrs. Jett visited Burlington several times during the last few years: "At her residence near Jett's Station, in this county, on Thursday, 20th ult., Mrs. Letitia Finch Jett, widow of Hiram Jett, in her 63d year."

The Boone County Democratic Executive Committee has decided to send a delegation of one member from each voting precinct in the county. Below are the names of the committee: N. S. Walton, S. C. Johnson, Jno. S. Huey, J. Clay Kennedy, Jas. N. Pearson, Jas. Rogers, Robt. Connolly, B. L. Bloe, O. S. Watts, J. W. Kennedy, J. M. Lassing, chairman.

Between American and French Amanda Coleman, two of Burlington's female citizens, of an ebony hue, there has not existed any good feeling for some time, and living next door neighbors an eruption was inevitable. Last Monday they met and proceeded to settle their differences. Amanda being armed with a stick and America with a long iron game knife. The war of extermination had only begun when Col. Jim Westley appeared on the scene and undertook to put the belligerents. They were pulling hair, scratching and hammering each other, but the brave man that is, Col. Westley rushed into the cyclone of rage and soon had the combatants so far apart that they could only use their tongues.

Walton Held in Five Hundred Dollars Bond For His Appearance at Circuit Court.

Last Wednesday Constable R. L. Roberts, of Hamilton, brought Dick Walton who killed King Craig on the Sunday before, before Judge Baker for an examining trial. Quite a number of persons came up from the neighborhood of the tragedy to hear the trial. The Commonwealth was represented by County Atty. Tully and the defendant by G. O. Hughes. The parties were ready and the trial commenced without delay.

Zir Craig testified in substance as follows:

Am a brother of King Craig and Roberts, and Walton's wife, and live on Blue Adam's farm on Gunpowder. As I was going home last Sunday evening I met Dick, Walton and wife and the two boys.

I told Dick that if he met King in the road to go on and pay no attention to anything he might say; that he was drunk, and that he had knocked him down over at the lick that morning without cause from which I learned.

He promised me that he would, and his wife feared trouble if they met me. We started back, Dick and wife in the lead, each carrying a club. King and Craig were behind me, Tom carrying a little child. About one-third of the way up the hill at Mosby Allen's we met King riding a mule. I went back.

I thought my brother might have trouble. I had heard him say that he would kill Dick Walton but did not think it amounted to anything. When I first saw King and Dick they were getting off the mule. Tom Walton was about 10 steps behind me; heard nothing said, had a full view of them; saw no rocks thrown by King; saw Dick have a knife and run after him. King was in the lead, and he was fired at the back of the mule and at King's head; he walked around the mule and fired the second shot which struck my brother near the right nipple. After the second shot was fired, Dick Walton's wife said, "I'll take care of him," and Walton said, "I'll kill him." My brother did not fall when the second shot was fired and King picked up a rock and struck him in the head. King was staggering drunk. The first shot was not fired in the air. Geo. Black and may be Geo. Chandler, was present when I heard my brother say he would kill Dick. After the first shot was fired I saw my horse and got to them as soon as I could.

Dennis Craig—This witness testified that he saw none of the fight until after the first shot was fired, after which he corroborates the first witness.

John B. Baker and wife—This witness, an old man, a brother of King Craig, was present. After Dick knocked King in the head with the rock he tried to shoot him again after he was down, but Dick's wife pulled the pistol up in his face and he put it in his pocket. I helped Dick to get on his horse with the rock, but he paid no attention to me.

Cross examined—The fact occurred about one-fourth of a mile from N. S. Waltonville last Sunday evening. I told Dick Baker and wife that I was going to see King Craig and that I was going to see King Craig and that I was going to see King Craig.

After the first shot was fired, Dick did not keep the child under his arm. He set it down.

J. T. Markberry—This witness was about 200 yards away in his garden and did not get to the parties until Craig was dead. He described the wounds and thought the skull was fractured.

J. W. Kennedy—Saw Craig after he was killed. This witness also described the wounds. When Craig was drunk he was troublesome, but I did not consider him dangerous. He was tall and slender and not a man of much power. Here the Commonwealth rested.

Richard Walton, the second witness, stood in his own behalf. He corroborated the two Craig boys up to the time of the fatal meeting. He testified: When I first saw King he was about 30 yards away and Zirabout 80 or 90 yards behind me. King was riding a mule and my wife with one of our children. King spoke first and said, "you got d-n a-u-o-f-a I am going to kill you right here," and jumped off his mule and threw a rock which I dodged when it hit my wife's hat and she fell over her face. He cursed me again and threw another rock, when I turned on my mule to keep my child from being struck by it, and it struck me and knocked me off. I still clung to my child and got up and looked him over. He threw more rocks as he might kill the child, but he kept after me around the mule and pulled out his knife and made for me. I ran at least fifteen feet to escape. The first shot I fired in the air to scare him but he did not stop and I then shot at him; he threw two more rocks after this. I heard that evening that he had said that he would kill me.

Thomas Walton, brother of the accused, corroborates his brother's testimony. As to throwing of the stones he said: When King rode up he had the rocks in one hand and the knife in the other—the first rock thrown knocked Dick's wife's hat off and she fell over her face. He then threw a second rock at Dick in the head and knocked him off the mule—Dick ran around the mule with King after him with the rocks and knife; Dick fired at Zir to stop King before he fired the first shot; after the second shot was fired King kept coming on and threw two more rocks at Dick.

Cross examined—Saw King take the knife from his left hand after he had stepped down from the mule and looked to see whether King went straight at or slinging at Dick; Dick called Markberry.

Joe Finnell—I know both parties, saw Dennis Craig at Dick Walton's residence; he said he had killed King; he told me that he had killed King; he told me that he had killed King.

Miss Baker—I know the parties; saw Dennis Craig yesterday morning; he said he knew nothing about the shooting except he heard two shots fired; that he was not there and he had heard that he would kill Dick Walton.

Last week the name of J. W. Kennedy was omitted from the list of those composing the County Democratic Executive Committee. The full list appears in this impression.

Miss Katie Platt, of Hanover, Ind., and Master Jerome Wilson, of Rabbit Hash, were in town last Saturday. It has been some time since Miss Katie was in Burlington, and her many friends were pleased to meet her again.

Our new physician, Dr. Shaw, seems to be doing well.

James F. Sanders, one of our local carpenters, left on the 4th, as he is one of the gentlemen that drew a prize in the recent lottery as Deputy Collector.

Our new physician, Dr. Shaw, seems to be doing well.

James F. Sanders, one of our local carpenters, left on the 4th, as he is one of the gentlemen that drew a prize in the recent lottery as Deputy Collector.

Some corn has been laid by. Clover hay has not all been made. Oats harvest will begin this week. What all out and put up in good style.

Where the tobacco has been worked it looks fine.

CONCERNING WAGES

In their campaigns the favorite argument of the friends of a high tariff has been the statement that protection increases the wages of workmen, and its advocates acted with the

and preached from one end of the land to the other, and they have often found it effective with people who do not care to investigate for themselves and discover the falsity of such a conclusion.

England is the highest type of a law

county, and it has not yet become generally known in the United States that wages are advancing greatly there, accompanying the steady improvement of trade in all parts of the United Kingdom. This has been accomplished so quietly that little public attention has been attracted.

tracted to the matter, even in Great Britain herself. During the latter part of last year the coal miners of Lancashire, Yorkshire and the midland counties of England obtained an advance in wages of ten per cent. Some time ago they asked for another advance of the same proportion.

After a little delay, it was conceded them that they should have an increase of five per cent. the first of this month, followed by five per cent. on top of that at the first of October.

These satisfactory conditions are not confined to the coal miners of

Great Britain, but iron-workers, ship-builders and employes in all kinds of manufacturing are rejoicing in an increase of wages. These pleasant results have been brought about without recourse to strikes, and are the natural consequence of Great Britain's immense trade monopoly, secured by ad-

In the meanwhile, things are not going so well in the highly protected United States. Thousands of workmen in the iron region of Pennsylvania are on a strike; the 2,500 employees of Carnegie must take a great reduction

miners will have to make a choice between starving on scanty pay or starving without it; at Braidwood, Ill., they are in the same condition; throughout the Union it is a story of strikes and destitution, all under the

...tolerating and beneficent wing of the
...high tariff. Great strikes are of such
...common occurrence here that they
...have ceased to be news. In England
...there has lately been only one—that
...of the seamen at Liverpool and Glas-
...gow. As wages go up with the Eng-
...lish, they go down a corresponding

These baneful workings of the tariff are becoming so plain that the people can not much longer remain blind to the facts which are every day forced upon their notice. Here are two nations of the same Anglo-Saxon race; one

enjoys over the other immense advantages in the way of extent and freedom; they employ precisely opposite commercial systems; in the small, overcrowded country the masses are daily improving their conditions and increasing their earnings; in the other, where, under the same con-

THE COMMONWEALTH

J. W. ROYSTER and others were engaged in placing a stone over the grave of Mrs. Nick Long, in a Hopkins cemetery, the other evening, when the stone broke, and, in falling, struck Royster, inflicting injuries of w

A SIX-YEAR-OLD son of Pat McElaid down on the railroad at Pat's other afternoon, and a switch came along and cut one foot stub of which had to be amputated.

JOHN PIKE, a young desperado shot and probably fatally wounded his father at Owensboro.

THE will of the late George V. ton was admitted to probate in the County Court at Louisville, this morning. The will was made Nov. 5, 1886. It directs that the estate be divided into seven parts, and that each of his six children receive one of them. The estate is valued at \$5,000,000, the largest ever owned by a single individual.

Ernest J. Norton, grandchildren have been given \$25,000 each. The permanent endowment fund of the Southern Theological Seminary of Louisville \$5,000.

At an early hour the other mob appeared at the jail in Pasadena overpowering the jailer and holding

cell, and, proceeding a short distance from town, hanged him to a tree. A short time ago ravished the wife of a section boss of the Kentucky Coal Co. There was no doubt of the negro's guilt. The assaulted woman on the 21st was in a very critical condition and her chances by no means favorable.

REICHARD SULLIVAN, a young man residing near Kirkamsville, was seriously and dangerously wounded by the fall of a young lady to whom he was paying attention.

UPON a petition signed by 930 of Henderson and 227 citizens of Bardonia, the Henderson County Board of Commissioners has agreed to

has submitted the proposition
tax in those two precincts to the
line railroad. The proposition
somewhat modified since it was
submitted, and the railroad
claim that there has been such
of public sentiment in its favor
will now carry.

The following fourth-class teachers were appointed on the Kentucky: J. B. Everett, Todd County, vice W. B. Brinsford. J. W. East, Newcastle County, vice J. C. Scoble, rem.

PATENTS issued for Kentucky: T. Orgo, automatic switch; P. assignor to himself, W. C. Port D. Davis, ironing board; Jas and E. B. Walker, furnace.

MARY BARRY, colored, aged 35, was killed in a horrible manner at 10:30 p.m. on the other evening. She was in a boxcar in the Kentucky Central when a train backed down, knocking her from the car on the track. The train passed over her, cutting off her leg at the ankle and at the thigh, and another train passed over her at the thigh, the bones passing through and coming out at the back.

Mrs. MARY E. CANTY and John Canty died in London.

W. S. LYON, a patient from Lyon County, in the Lunatic Asylum at Tallahassee, Fla., where he has been confined for some time.

years, has recently whitened a knife out of bits of pine boards ingenious and complicated in toy. The toy is a miniature stage three feet by two in dimension which twelve male and female figures from six to eight inches in height form a series of lively and antics, in which they mimic the of their human counterparts with

The other night at Maxon's Cracken County, Francis Miller his wife with an axe. After the deed he gave himself up to the authorities and was locked up in jail.

At Louisville, George Harris Bryant, both colored, were g from church the other night with other negroes. Harris ant if it was true that he ac stealing tobacco plants. Bry in the affirmative, adding th accused him, and drew back

Harris, who was struck him across the back with a heavy stick and injured him, his hands on the ground. Harris was one of his usual party and himself.

LOCAL NEWS.

Money to Loan.—A. G. Winston.

New hay is selling at \$7 a ton put in the loft.

Lot of nice pigs for sale. Call on Jas. Westley.

Some have commenced digging their potatoes.

David Blythe is at home on a short visit from Pikeville.

The invitations are out for the ball during the Institute.

Sixteen teachers were on examination last Friday. They all passed.

In some fields there will hardly be room to lay the potatoes after they are dug.

The one-legged negro has not made his appearance at the jail since his escape.

The juveniles are now counting the days until they are called to renew their studies.

There will be a big basket meeting at Ashbyford school-house on the 4th Sunday in this month.

The election passed off very quietly in Burlington Monday, a little over an average vote being cast.

Some of the Burlington base-balls visited Bellevue last Saturday and engaged in their favorite sport for a few hours.

Rev. A. G. Gaines will preach at the Universalist church next Sunday morning and afternoon at the usual hours.

The best hay was put up last week. It may have been too ripe but it was not injured by the rain after it was in the swath.

Georgia watermelons made their appearance here several days ago. The crop in this county will be of little consequence.

The court-room will be seated with benches. Cases could not be obtained in time for court which meets on the 25th of next month.

The fourth Quarterly Meeting of the M. E. Church will be held at the East Bend Church on Saturday and Sunday, August 10th and 11th, 1880.

The Lawrenceburg Fair was billed in this section last week. Catalogues can be had at this office. Many new attractions have been added for this year.

Seven of the twelve Democratic Executive Committee members, responded to the call for a meeting at this Monday. No business was transacted.

Burlington ought not to get hungry for beef, when she has one local butcher, while two transient fresh meat vendors cavass the town two or three times each week.

Wanted—Agents for the National Garment Cutter, either on salary or commission. No experience necessary. Call on or address J. N. Bradburn, Salesman, Burlington, Ky. (24)

Rival school factions in Mercer county got into a squabble about who should have the school house. The school was destroyed by fire. A reward is offered and "prominent persons" are suspected of arson.

Huron & Co., of Lawrenceburg, have been turning out some very handsome work in the tombstone and monument line this summer, at prices most reasonable. John Beall, of Lebanon, is their agent.

Again we call the attention of the citizens to the condition of that portion of the Petersburg pike between the Court-house and the corporation line. When bad weather and winter set in the road will be impassable.

Gifford Adams, of Hamilton, Ky., was here Monday with a view of removing here and building a large tobacco warehouse. There is a splendid opening for this kind of business, and we trust Mr. Adams will decide to locate here.—Rising Sun Local.

We guess you mean Blufford Adams.

The sprinting contest to come off at the Lawrenceburg Fair has put all the able bodied males in that town on the run, and the race track at the fair grounds is not spacious enough to accommodate the large number of fellows who have gone into training.

A Cardiac county teacher perpetrated the following in an examination: Question—What is the relation between the teacher and the State? Answer—"The teacher is the citizen and the citizen makes the State; therefore the teacher is the State's grandfather."

It is hard to tell how a vote on the "hog up question" in Burlington would result, there are so many extensive hog raisers in the town. But if the women were allowed to use the hog pen, no question but what the native porker would forever be excluded from the freedom of the streets.

There are loud complaints of the frequent harassing depredations of the town dogs that infest the streets. J. R. Clutterbuck's residence was invaded a few days since and the destruction of a basket of apples and a broom, carried was the result. To say that Jim was hotly and partially describes the situation.

The public toilet has been cleaned out and put in repair, the pipes conveying the water from the court-house to the eleven have been laid. When the work was begun, the contractor, James Hogan, thought that there was little water in the system but it took him nearly all one day to pump it out.

Hearing that someone had started the report that green poplar lumber was being put in the bulch in the court-house, we asked Frank Kirkpatrick if such was the case, when he replied that not an inch of green lumber was used in the building; that the poplar used was as true lumber as he ever saw; that he was willing to vouch for it to this if necessary. It may be that the other fellow knows more about it than Frank does, but we will never believe it.

PERSONAL.

J. W. Calvert has been quite sick for several days.

Stephen G. Gaines, of Louisville, was in town Monday.

Charles Rodde, of East Bend, was in town last Friday.

Mr. Thomas Cornwell has been quite sick for several days.

W. B. Grubb, of Taylorsport, was in town Tuesday morning.

Miss Mary Moore, of North Bend, was in town last Friday.

W. E. Piper came out from Dayton last Sunday on his wheel.

L. B. Stephens was the guest of his son H. P., one day last week.

Old Mrs. C. Oter has been under the care of the doctor for about a week.

F. P. Walton and family, of Uttinger spent the last Sunday with George Blythe and wife.

Cassius Cropper, of Louisville, was in town Monday. He is the same jovial Cassius of yore.

A. G. Gaines, of Canton, N. Y., was in town renewing many old acquaintances last Monday.

Thomas Blythe and wife started yesterday morning on their return trip to their home in Nebraska.

A. M. Fields, of Missouri, and a nephew of Mrs. Panchel Rucker, has been visiting here several days.

Wm. Clarkson and wife, of Covington, were guests of Mr. and Mrs. S. P. Brady's on two last week.

Rev. O. M. Huey, of Big Bone, occupied the pulpit in the Baptist church last Sunday morning and evening.

R. L. Willis, one of Boone's leading horsemen passed through town Sunday enroute to James Bally's training farm. Bob is a great admirer of the noble animal.

Miss Juliette Bome, of Indianapolis, who has been the guest of Miss Ogle Kirkpatrick for several weeks, leaves for home to-day.

John S. Huey will return from Missouri this week. His mother who has been in Missouri for several weeks will return with him.

D. M. and Orlando Snyder were out for examination in Civil Government last Friday. The exam was thorough with the examination.

David Richardson, from down on South Fork, was in town one day last week. His visits to this part of the county are like angels' visits.

Miss Maude Kirkpatrick returns to Indianapolis again to-day. She is still engaged in one of the leading wholesale millinery establishments of that city.

After several days visit to her brother at this place, Miss Sophia Finch left for Frankfort last Saturday. After remaining there a few days she will return to Kentucky, California.

Mr. L. Nichols, one of the pleasantest citizens down on Ashby Fork, was in town Sunday. He says there has been considerable sickness in his neighborhood the past month, principally malarial fever.

S. J. Hedges, of Taylorport; Charles Helm, of Bullittville; A. Corbin, of Bellevue; C. H. Allen, of Rabb; H. G. Baker, of Big Bone and O. G. Utz and R. D. Hedges, of Union, were in town Tuesday.

Mr. Andrew Haggard, of Nicholasville, accompanied by Miss Katie Alloway, a handsome and charming young lady from Petersburg, Boone county, Ky., are looking at the fair this week.—Harrodsburg Democrat.

John J. Platt, of East Bend, was in town last week. He has been visiting at the farm in Charlestown, Missouri, to which he will move this fall. His purchase is in the neighborhood of his wife's brothers and sister who have resided there for many years.

Jason L. Claflin and wife, of St. Paul, Nebraska, are visiting Mrs. Claflin's relatives at this place. Mrs. Claflin is a daughter of Richard Perkins, who is a native of Burlington. Mr. Claflin is a very pleasant gentleman and editor of the St. Paul Photograph, a thriving Western journal.

Mrs. Katie Riggs, of Brainerd, went from her home over to Independence, Mo., last week. She was examined in Civil Government, and in the afternoon she came to Burlington and was examined in the same branch. She holds a certificate to teach in each of the two great divisions of the State. A large number of teachers have signed their intention to discuss the above topics by written essay or orally.

H. NEWTON.

Two Games in One Day.

The Burlington and Bellevue base ball teams crossed here Monday in two games. The game in the forenoon resulted in a score of 10 to 0 in favor of the Burlington team. The game in the afternoon the Burlington team thought they could even by changing their battery, but the Bellevue boys got on to Beall's curves, and that together with some very brilliant throwing and mufing by the fellows gave the game to the visitors. The Burlington boys should get some pins and learn how to play.

We received the following postal card from our friend M. C. Weaver, who is located at Lakeview, Tennessee:

"I see in this week's issue of the Rising Sun that I am to be clerk of the election next Monday. Now I think I should have been consulted. However, if you fellows will ante up the cash to pay my railroad fare, I will be on hand."

THE INSTITUTE.

Lectures before the Institute, Monday, Tuesday and Wednesday nights.

Good music, vocal and instrumental will be given and night session of the Institute.

You may expect to hear some good reading of choice selections at our County Institute.

All the Institute work will be the work of the ladies and gentlemen of Boone county.

Both the hotels will make deductions from their regular rates to teachers attending the Institute.

All persons interested in education should attend the County Institute.

You can have your choice of music at the Institute, vocal or instrumental, organ, piano, violin or cornet.

Several ladies and gentlemen have consented to entertain the night meetings of the Institute. The recitations come and and hear them.

Ample arrangements have been made to convey you to the depot at Brainerd to the Institute.

Neighborhood News.

UNION.

Mrs. C. R. Wright, of Missouri, is visiting relatives here.

Miss Lillian Corbin is visiting Mrs. A. C. Graves in Florence.

Mr. Winters and wife returned to Cincinnati last Wednesday.

Mrs. Lavinia Garrett, of Slater, Mo., is visiting her many friends here.

OUR NEIGHBORS.

GRANT COUNTY.

[Williamstowne Courier.]

New wheat is coming into the mills in great quantities.

If the rain does not injure the tobacco crop it will be the finest ever raised in the county. The acreage is not quite so large as last year, but there will probably be nearly as many pounds.

A great deal of rain has fallen in this county this week, as a consequence the tobacco in many localities is not doing so well, oats, hay and wheat are seriously damaged. Weeds are growing with great rapidity.

SCOTT COUNTY.

[Georgetown Times.]

The hay crop is a good one.

Too much rain for the tobacco.

The engine for the water works has arrived.

Five shares of Deposit Bank stock were sold through A. H. Sinclair, Cashier, at \$100 per share.

Some of the watermelon vines are nearly down on the ground. The young fruit is rotting on the vines.

On account of the frequent rains the threshing has been greatly interfered with. Some wheat in the shock has been damaged.

GALLATIN COUNTY.

[Warren Democrat.]

Warren trustees have purchased 16 head of cattle.

Thompson's elevator at Warsaw is in good running order.

Heavy rains have done a great deal of damage to both land and stock.

Anti-Polity Swango, of Stone Lick, nearly 100 years old in that village, died at 10 o'clock.

The receipts of the Catholic school were \$200. Miss Hickey, of Verona, was voted the handsomest woman in attendance.

Anti-Polity Swango, who drew \$2000 last year, a few months since he died. Her three children will get the \$2000 now.

DEARBORN CO., IND.

[Aurora Spectator.]

The Lawrenceburg Fair is crowded with train jumpers arrested between Aurora and Dearborn. Some of them are old timers.

A local farmer, Fred Beckenbold, who owned a fine farm five miles west of Lawrenceburg has been subject for sometime to momentary insanity caused by having his. Last Monday evening about 5 o'clock, he left his house and went to the barn for the other side of the barn for a purpose, and after an absence of about 30 minutes a farm hand named Yeager went to look for him and discovered him hanging by a rope round his neck to the highest place in the barn.

Many Trustees throughout the State, it is said, declare they will not take charge of the new school books and thus become responsible for the collection of money.

Mr. Ben Olson is on the sick list.

Ed Howard, of Cincinnati, is visiting the family of E. J. Howard.

B. A. Terrill, of Covington, is among his friends here at present.

Mr. Cropper and family, of Louisville, are visiting in Boone.

Miss Ella Duncan returned a few days since from a visit to Ohio.

Sau Huey, of Big Bone, was entertained by friends here again Sunday.

Robert Hagan and wife spent several days last week with G. W. Gaines and family.

Mrs. Stanley, Mrs. Dunn and children, of Ludlow, are boarding with Mr. Owen Gaines.

Mr. Key and wife, of Ludlow, were visiting J. A. Gaines and family part of last week.

This part of the country has been thoroughly supplied with posters of the Lawrenceburg Fair.

Nothing very serious however, young lady, of Covington, is the guest of Miss Lillie Kennedy.

Edbert Riley was kicked in the forehead by one of his horses the other day. Nothing very serious however.

Mr. Conner and family and Miss Anna Rice, all of Union, spent Saturday night and Sunday with Esq. Stephens.

Will Cropper and family

PERSONAL AND LITERARY

—There were added to the
Library last year 42,261 new books or
manuscripts.

—Governor Ames, by order of the
State Legislature,

Colonel Higginson to write the history of Massachusetts soldiers and sailors in the civil war. The work may take five years to complete.

—Mrs. Frank Leslie has been credited with having the smallest feet of any woman in America. She wears a No. 1 shoe. But Mrs. C.

—Mr. Frederik E. Weatherly—that he has written between 800 and 1,000 songs, of which "Nancy Lee" and "The Three Old Maids of Ips" are the most popular. He was "Nancy Lee" at Oxford within

—Truth, of London, says of Motley that he "was a truly charming person and the best of good company." Dickens liked him much and declared that he and Sir Hamilton Seymour "were the only two diplomatics I ever met who were entirely above

—In giving his consent recently to a friend who desired to inscribe a novel to him, Julian Hawthorne wrote: "I shall, of course, be happy to have you connect your new novel with my name. But I hope that name will bring you better literary fortune than it has me." W. I. Dyer

—A new work on "Half a Century of Music in England" draws the interesting contrast between the time when Lord Chesterfield warned his son against being a fiddler, even in the amateur sense, and the present, when a Prince of the royal blood is the most noted amateur in England.

The authorities at Williams Mary College at Williamsburg, Va., recently received a letter from R. W. Gilder, the editor of *The Century*, and his sister, in which they say that they have in their possession the old brass sun dial which was taken from the institution, and which the present owners offer to restore.

—There died lately in Scotland Mr. George Clark, for many years in the service of the Duke of Argyll as gamekeeper. He was of literary and connoisseurian tastes, and had an extensive knowledge of all matters relating to the Highlands, and especially to the native county of Argyll. He wrote a large and interesting article on the

—Cheap pirated editions of American novels are said to be among the most popular books sold at the railway stations in India. A traveler says he has bought Lew Wallace's *Peter Gray* and Ben Hur for fifteen cents each. Anne K. Green's *Love's Labyrinth* cost

offered for twelve cents. The works of Uncle Remus also are for sale on paper covers. All of Bro. Harris' books are pirated and Mark Twain's books are sold for a song. Longfellow's poems can be had for a dime and Emerson's essays in cloth for twenty cents. Mrs. Barnett's novels are sold at a price that would make a man

HUMOROUS.

—Large cars are said to be a sign of generosity. This probably amounts for the mule's great profligacy with his heels.—Pack.

—On a horse car.—First lady.—

take that seat. "I don't mind standing a bit." Second lady—"No, you take it. You are older than I." An ominous silence, during which an old gentleman peps into the seat.—Boston Post.

—That failure was a terrible shock to old Mr. Hendricks." "Yes, it must have been." "You remember how white his hair became?"

"Well, you'll hardly believe it, but the next morning when he got up his hair was jet black—turned in a single night!"—Epoch.

—"How are the crops doing?" said the Czar to a favorite at court. "Pretty fairly, your Highness," was the reply, "although in some quarters the

Smith: "Let them take twenty years in Siberia to dry up," answered His Majesty, who is quick at repartee.—Time.

Smith: "I'm not looking well." Johnson: "No, I'm under the weather. I've had to leave off smoking, too." Smith:

—That's very bad." Johnson—"Yes, but that isn't the worst of it. I'm afraid that leaving off smoking is going to do me good."—Medical and Surgical Reporter.

—Too Much Land.—He—"My dear, I believe I shall sell a lot of our frontage." She—"Why, Charlie? you said when you bought the place you would

never sell an inch of that lovely lawn, even if we were starving." He—"My love, at that time I had never had any experience running a lawn mower."—
Burlington Free Press.

—**Prize-fighter's second (cautiously).**
—"Don't be too confident. He can't hit as hard as you can, but he's a little ball of tricks. He's got a small head."

on him." Puglist (measuring his antagonist with his eye)—"He'll have a greater one when I've got done with him. I'm going to assist nature a little."—Chicago Tribune.

—Joker (to new boy in his favorite grocery store)—"I see you have maple sirup in. Where is it manufactured?"

—Mrs. Manly (to the girls).—If it
outrage the way people see it. Every

body says that I should be afraid of him so that he is afraid of me. I am afraid of his own. It's an old saying. It's to ask my heart, and I am afraid of my dear, and I am afraid of the next day. I am afraid of the right and I am afraid of the wrong. I am afraid of the right and I am afraid of the wrong.

"What could do it? I was mute. The smiles had indeed been so complete, I turned upon me that I had nothing to say."

"Madam, I must not alarm you," observed the triumphant specialist, "but I have just detected the cause of your ignorance of the deception; these delicate gradations in tone can only be seen as detected after immense practice by those who examine a long stream of patients; but there is some thing on the left side of your daughter's chest—nothing serious—so little that I can hardly detect it, but it has not been unaided—a fact; but there it is! And now, the examination being complete, permit us to consult as to the treatment, and then I must go, or I shall incur the displeasure of a noble but somewhat impatient patient of mine."

"What were we alone I again expressed my incredulity, delicately hinting at my observation of his ruse."

"Tut, tut my dear young friend," said the tertiary "you have not yet grasped the situation. Now, here you have a girl who coughs and has been hoarse for a long time—then how the matter is explained, you will be able to tell the parents that there is no cause for ill! Very likely there is something the matter with her; but why do you ask me?"

"That is exactly what her mother said."

"Then you, my dear and unnamed wife, are quite right," observed the specialist. "We may not be able to lay out Anger, now, if, for we must examine

The President spent one hour at the White House one day last week.

The Boone Circuit Court will convene in special session in two weeks from to-day.

Read the announcements every week. Three more names added to the list this week.

It grieves the whole nation to hear that Hon. S. S. Cox, of New York, is lying at the point of death. The country prays for his recovery.

At the last election the Prohibitionists polled only 3,000 votes in this State. Their strength seems to have been scattered to the four winds.

It is plain to be seen that the recent trouble with the negroes in the South are being worked for all they are worth to induce the next Congress to take political charge of that section of the country.

Mrs. Rescott, the richest woman in the State, living at Bellevue, Ky., was frightened to death by a "ghost" one night last week. An investigation proved the ghost to be the reflection from an electric light.

Mexico has revised her tariff schedule, and the beef from that country which was hitherto admitted into Mexico free, is now subject to a tariff that is creating considerable alarm among the firms in the U. S. that have large capital employed in that special trade.

The President has been absent from Washington too much lately to suit the place-hunters who have been scouring there for several months. They think he ought to remain at home and give his attention to their clamoring; but the President thinks otherwise, and they have to submit.

The campaign in Ohio has been opened by very parties. Governor Foraker is much more inclined to the Democrats because they persist in nominating for office men, who, as Republicans, sometimes since the error of their way and came over to the Democrats. But Foraker's notions in that regard do not disturb the complacency of the Ohio Democracy in the least.

The Louisville butchers are considerably exercised over the rumor that Phil Armour, the great Chicago butcher, is about to enter that city with the avowed intention of monopolizing the meat business. Armour, Swift & Co., Chicago, have for some time had broken horses selling their products, and at first they catered to the wholesale trade, but of late have been selling to retailers.

A burglar was discovered in the residence of Gen. John S. Williams by his stepdaughter, Miss Ida, one night last week. She snatched her revolver at him three times, frightening him away, but not before he had taken a fine diamond pin. He had also taken two watches that contained about \$10,000 worth of valuable, but the young lady made it so hot for him that he left them to the porch. Gen. Williams' carriage driver was arrested on suspicion of being the burglar.

A few weeks ago a stranger came to Falmouth, claiming to be an advance agent of a circus, and authorized to purchase horses for his show company. He gave his name as Simons, and induced Mr. Jas. Shields to induce for him in bank so he could draw \$200 on a check to pay for horses he had purchased. As soon as Simons drew the money he slipped out, and was soon missed by Mr. Shields, who organized a searching party that consumed some time in finding the trail. They caught their man a little more than five miles from town. Guide.

The Ovingville Outlook says the crimes that have been committed and the crimes that have been committed, and the conclusion that murder is a crime, resorted to on slight or no provocation. Within a week, the grand jury was in session to investigate the case of J. B. Davidson, indicted for the murder of Theophilus Davidson, who was shot and killed on the same time was two hundred and sixty-seven million dollars. That is, the amount spent by the Government at Washington. And last year's figures won't be light when Corporal Tanner returns this year. Which

We take this occasion to introduce to our readers five gentlemen who are now before the Democratic party asking its favor in the way of political recognition. The first gentleman we present to you is

H. C. LARSON,
Of Union, son of Dr. Lanning. He applies to the office of County Superintendent of Public Schools, and although this is his first venture in politics, he is working like a man with considerable experience in that line and is in the right to win. Mr. Larson is an energetic young man, highly educated, and should be nominated and elected, he will apply all his energies in the interest of the public schools, and we have no doubt but what he would make a prompt and successful officer.

The next gentleman is one too well known to the people of Boone county to need an introduction by any one. This man is

G. M. RILEY,
The present assessor and a candidate for a nomination for a reelection. So far as we know his official relations with the public have been pleasant and satisfactory, and at present the people of the county do not doubt would be entitled to the plaudits, "well done thou good and faithful servant." But that is not what Mr. Riley wants just now—he wants their votes first after which he will not object to a few plaudits. Mr. Riley's second term of the office is now drawing to a close and he will work hard for the privilege of seeing another term draw to a close.

Another gentleman to whom the people of the county are just now feeling very dear is

MR. R. A. BRADY,
Of the Bellevue district. He wants to be assessor, and is now making an active fight for it. He is a man that has many friends and will be along close to the leader when the winner goes under the string, and he may have the pleasure of being that leader.

And there is still another who wants the nomination for assessor, and he is a fine gentleman against whom naught can be said. We are now referring to

MR. W. W. GRIMLEY,
Of the Hamilton district. Like his opponent, Mr. Grimley is well qualified to fill the office, and if he is the successful man the people can rest assured that they have selected a competent official.

Last Monday

MR. B. A. FLOYD
Came in and ordered himself announced as a candidate for assessor and the announcement is to be found in the proper column. Mr. Floyd is making his first appearance in the political arena, is a gentleman in every respect, and is capable of making a good officer. He lives in the Florence district.

Each of the above named gentlemen are good men for the office they contemplate filling.

This Commissioner of Agriculture for this State says in his report of the 4th inst. that he has reports from ninety-five counties, embracing the principal agricultural sections of the State, giving crop conditions. On the first, second and third days of the month there were general rains over the State. Of course, as yet the crop is uneven in its growth, and while we may expect some fine tobacco from both the Burley and Dark districts, the season has been unfavorable to its growth. A considerable portion of the crop was abandoned in low wet soils by reason of weeds and grass, and the land used for other crops. Worms have been very bad in the most of the State, and the crop is materially injured on that account. He estimates the present crop at 61 1/2 per cent. of that of 1888. The increase in the corn crop is estimated at 11 per cent. over that of last year, and the recent rains have made the best crop Kentucky has made, probably during its history. The wheat crop has been injured by the rain, while in the shock, and in many sections it was badly damaged by the smut. Oats were also seriously damaged at harvest time by excessive rain, and, in many instances, are reported worthless. The Irish potatoes are also the best crop for years, with about 20 per cent. increase in the acreage. The apple and peach crops are reported good in some sections, and very poor in others. The trees have shed their suit very freely in some localities.

From the tone of the Buffalo Express (Rep.) it doesn't take much stock in the Tanner business at Washington: "There are nearly five hundred thousand names on the pension roll," it says. "The amount spent for the purpose last year by the Bureau was eighty-two million dollars in round numbers. The total expenditures of the Government for the same time were two hundred and sixty-seven million dollars. That is, the amount spent by the entire Government at Washington. And last year's figures won't be light when Corporal Tanner returns this year. Which

The Valley Virginia's leading Republican paper in Virginia, says of Mahone and his methods:

"We do question the sincerity of the New York Tribune in its appeal to the Republicans of Virginia to support Mahone. Were its promises correct there would be some force in its appeal. But it is not. It is a mere device to carry out the promise of the internal revenue platform of their Chicago platform. Ex-Representative Norwood, of Georgia, is in the city for a few days. He is a Southerner and through and through, and he is thinking with his people. He expresses himself as not much troubled by the efforts of the Republicans to break into the South. He thinks they can't do it. 'Ninety-nine out of every hundred people in the South,' says he, 'are tariff reformers. The great mass of the people don't want the tariff. They follow the ninety-nine, and the hundred man who is a protectionist on account of some personal interest, has no following. The Republicans can do nothing with our people on the tariff question.'"

Senator John Sherman returned recently from the continent to England with a number of trunks packed full of "pauper-made" goods, among which were some newly purchased dresses belonging to Mr. Sherman. But the British custom officers overhauled the baggage in a way the old man considered outrageous. He told them who he was (that made no difference as they had never heard of him before), and that his baggage contained nothing dutiable, but they rummaged through the whole lot and even broke open the box containing the dresses. Consul-General New is now having the case investigated. If "honest" John were not a "Senator" his outrages would be reported at New York on his return home, but as it is, he will doubtless be allowed to raid the home market at pleasure under the Republican administration.—Springfield (Mass.) Republican.

POLITICAL.
A bill has been prepared and will come before the Georgia Legislature to pension the widows of all disabled Confederate soldiers in the State. The measure will probably pass.

The Gallatin Democrat says:

"Some Covington people attracted considerable attention on our streets here Sunday afternoon. W. H. H. Brown, chief clerk under Collector Landrum, and Mr. King, Thomas Welsh and Wm. McLaughlin. The trouble originated over the part taken by Mr. Bowen to prevent the appointment of Mr. King. Mr. Bowen denied the charges, giving the lie to some statements made by McLaughlin, and for awhile matters presented a very warlike appearance. No blows were passed, however, and the would-be combatants separated."

Collector Landrum has made an "official" announcement of his force. The Kenton and Campbell county appointments are the very worst that could have been selected, and Republicans who advised Col. Landrum have imposed on him. A number of prominent Republicans of this city will make an appeal at headquarters at Washington to have the recommendations of Collector Landrum set aside. It is claimed that one or two men in the office dictated the appointments, and they have been going on the "get even" plan. A dozen of good Republicans, who were applicants, did not even have their names considered. As Mr. Landrum has given bond as Collector his wishes will probably be consulted.—Gallatin Democrat.

Capt. Smith Cook, the "Shelby county giant," who traveled with Barnum's circus, is a candidate for Doorkeeper of the next House of Representatives. The members will have to keep mighty straight if the next Doorkeeper should be a giant.

John D. Harris, who was defeated for the gubernatorial nomination in 1887, it is said, is again feeling around for the next nomination for that office. Mr. Harris made many friends in the State at the convention, which nominated Buckner.

In the contest for Governor of West Virginia, Fleming has a majority of 200 over Gov.

In the election in the Third Louisiana district last Tuesday week, to fill the vacancy caused by the late E. J. Ray, Price the Democrat was elected by 7,000 majority.

Crop and Stock.
Mrs. M. E. Pack, of Pendleton county, raised 53 pounds of Irish potatoes from 1 pound of seed.

The Lexington Gazette says: Mr. Henry Cohen, who lives near Athens, harvested two crops from one piece of ground this summer. He had a piece of land sown in wheat, upon which he sowed clover seed. He harvested his wheat at the usual time, and recently he cut about a ton and a quarter of clover hay from the same ground and saved it without getting a drop of rain upon it.

Cori is falling down.

There will be no extra session of Congress.

The Louisville baseball club will have its 100th game this season if it has no bad luck.

The hydrophobia has broken out in several localities in the State during the past two weeks.

The Indiana White Caps have been getting in their work again. Two parties a male and female were severely whipped last week.

This section of country has been blessed with a copious rain since Sunday noon, insuring fine grazing for stock during the fall months.

In a short time Covington's new waterworks will be in operation, and water they supply will be far superior to that with which the city has been afflicted for many years.

The Governor has sent a detachment of State troops to Harlan county to assist the civil authorities to enforce the law. Harlan is one of the counties in this State that is overwhelmingly Republican.

The next session of the Legislature will be so close to the assembling of the Constitutional Convention that it will probably not enter very extensively into the law making business. A short session would be quite appropriate.

CORPORAL TANNER, Mr. Harrison's Pension Commissioner, had to go. He was depleting the treasury so rapidly it became evident that if he was not fired that there would not be money enough left to pay the President's salary.

The pugilist, John L. Sullivan, has announced himself as a Democratic candidate for Congress in the city of Boston. We have no objections to Sullivan being a Democrat, but we fear his aspirations are more far reaching than are his qualifications.

It did not take the law very long to decide the fate of John Green, colored, of Georgetown, who cut his wife's throat. In eleven days from the time the murder was committed Green had been indicted, tried, convicted and sentenced to be hung.

The New York World is getting impatient with the Brown-Segard foolishness and says: "In spite of warnings every half educated quack in the country, constructing his diploma to be a license to trifle with human health and life, is recklessly using his squirt-gun, and the harvest of disease and death is being garnered. The nonsense should be stopped."

TANNER's resignation was only to avoid being fired on account of the scandal he had brought upon the administration this early in its infancy, and, hoping to quiet his objectionable tongue it is proposed to put him on some lucrative position. There is no question about it, Tanner is a terror to the administration and it is very anxious to dispose of him on good terms.

There was a small race war raging in Cincinnati last week, the result of a mixed school. Two or three pick battles in which the whites were victorious, were fought. Had this happened any where in the South it would have been sent to the country as a "Southern outrage," and the mole had magnified into a mountain; but the trouble being north of the placid Ohio it is stripped of the outrage features, and little will be heard of it.

It seems that Secretary Noble wields a powerful influence with the occupants of the White House, as he has been demonstrated by the episode in the office of the Commissioner of Pensions. Tanner was too blatant to be subordinate to a degree that he could not suffer his retention, and the President's letter to the Commissioner's resignation was that he was very much pleased with his services.

Neither the price of tobacco nor the weather has had any effect on the year's crop of bables. In the State of Elkhart alone we can not count the number of bables that have been born since the year 1888.

The principal scheme now talked of in the change of the rules by which the number necessary for a quorum in the next House of Representatives in Congress will be reduced, thereby giving the Republicans a greater advantage in the numerous contested election cases that will come up this winter, they being afraid to trust such to them, important work to so narrow a margin.

There are 18 contests on the list, and the figures show the Democratic majority or plurality in each is as follows:

Waddell against Wice, 3d Virginia district, 261.

Langston against Venoble, 4th Virginia District, 642.

Bowen against Buchanan, 9th Virginia, 478.

Chalmers against Morgan, 2d Mississippi, 13,161.

Hill against Catchings, 3d Mississippi, 7,010.

Kernahan against Hope, 7th Mississippi.

Atkinson against Pendleton, 1st West Virginia.

McGinnis against Alderson, 3d West Virginia.

Smith against Jackson, 4th West Virginia.

Reedy against Parrott, 1st Indiana, 20.

Miller against Elliott, 7th South Carolina, 1,355.

Mudd against Compton, 5th Maryland, 181.

Featherstone against Cate, 1st Arkansas, 1,343.

Goodridge against Bullock, 2d Florida, 3,195.

Eaton against Pheasant, 10th Tennessee, 419.

Threat against Clark, 1st Alabama, 4,489.

McDuffie against Turpin, 4th Alabama, 13,135.

Five new members will be admitted to the House from the new States, one of whom, in all probability, will be a Democrat.

This addition will give the Republicans two more than a quorum, and increases their determination to capture some of the contested seats, thereby enabling them to perpetrate partisan legislation.

Hon. John F. Lewis, has written to the Valley Virginian the following letter. Mr. Lewis was a few years ago Lieutenant Governor of Virginia and afterwards United States Senator.

Eds. Valley Virginian: "I have read with pleasure your able and manly article, giving the reasons why you do not support the nominee for Governor of the Norfolk Convention, and I write to endorse your position. I was one of the few who met in the city of Alexandria in 1886 to organize the Republican party in Virginia, since which time I have given to the party in National, State and county elections a constant and cordial support. I can not, however, support Gen. Mahone for Governor, because I sincerely believe the interests of the party in the State and Nation will be best subserved by his defeat. Mahone is not a Republican, and until the former is repudiated the latter can never prevail in Virginia. Had Gen. Mahone, since the election of Gov. Cameron in '81, shown half the zeal in waging war upon the Democratic party that he has shown in his efforts to 'crush' or to drive from our party many of the best and most efficient members of the State of Virginia to-day would be more reliably Republican than Ohio. True, Republicans have not forgotten his assassin-like attack on the Hon. James G. Blaine in his infamous secret circular, nor his numerous acts of folly and malignant persecution which have resulted in the defeat of the party in the State since 1882. The time has come when in my judgment all these acts should be rebuked. The evils we endure lie not alone in the plan of organization, bad and un-Republican as it is, but in the character and methods of the man himself who, as a candidate for Governor, is now appealing to the Republican party for their support, and I am persuaded that if the situation in Virginia were understood by our friends at the North he would receive no support of any kind from that quarter. The recent so-called 'compromise' he has utterly disregarded, and, it is possible, has been more arbitrary, tyrannical and unjust than before. He ought to be defeated, and I do not doubt that such will be the result in November. John F. Lewis."

The aim of the Democratic party is to prevent the accumulation of a surplus by lessening the burdens of taxation; that of the Republican party to reduce the surplus by paying 28 per cent. premium on 4 per cent. bonds, and dividing up \$100,000,000 or so annually among the grand army of beggars.—Nashville American.

Neither the price of tobacco nor the weather has had any effect on the year's crop of bables. In the State of Elkhart alone we can not count the number of bables that have been born since the year 1888.

FROM EXCHANGES.

The melancholy days have come, the saddest of the year, and county candidates begin in numbers to appear. Tho' yet far off election day, will come again once more, and until then we'll hand-shakes have and elegance glow.—Whiteville Col. one.

We have on exhibition in our window a mammoth pumpkin weighing 46 pounds, which was raised in the garden of Mr. Thomas Prewitt, of this place. Mr. Prewitt says he has one on his vine which weighs ten or fifteen pounds more than this one. The vine on which it grew is over 100 feet long.—Russellville Herald.

Mr. W. A. Withers, of Sharpsburg, brought to this office Monday some strawberries of unusual size and fine flavor, equal to any produced in May or June. Mr. W. says that he had plenty of them, and they are a second crop.—Mt. Sterling Sentinel-Democrat.

In 1892 our State will be one hundred years old, and a centennial celebration is talked of. The idea is a good one, and should be carried out. We have the grandest old State the sun shines on, and what we need is more advertising. Let the resources of our State be collected together that foreigners may see what we really have, and many waste places will be made to blossom like the rose.—Hart Co. News.

We still consider the feat of President Lincoln pardoning a man from the penitentiary for six months' notice, three days after the time was out, the greatest Presidential feat on record.—State Journal.

At a recent examination of teachers in this county the following question was given: "What is the effect of alcohol on the nervous system?" to which one of the teachers replied: "It produces malarial tremors."—Gallatin Democrat.

If the State of Kentucky would use the money now spent in supporting the "pauper" counties by cob-webbing the mountain country with good turnpikes, there would in ten years not be a "pauper" county in the mountains. Population would be largely increased, land would enhance in value and property would soon reach supreme Legislature-elect, think of these things, and when the General Assembly meets be prepared to not upon some plan that will produce this result.—Hazel Green Herald.

The report was freely circulated and caused a tobacco famine in the Owl office. We here publicly deny the charge and state frankly that at no time have we had over 800 lbs. of long green on hand, and that is barely enough to support those who are dependent on us for tobacco, nearly one-half of our citizens.—Lagrange Owl.

It is generally believed that the swine diseases of the country are greatly increased by feeding the pigs so much corn diet. Our hogs need more clover and less corn. Disease would then be less disastrous and less frequent. Corn should not be mainly fed until the last six weeks before slaughtering.—Danville Advocate.

The show of Herefords at the fair was exceptionally good. For the third time the "white faces" were pitted against the short-horns, and a glance at the premium list would show that the former again scored a victory. The contest was waged as usual, and though the Short-horn field was strong, yet in the sweepstakes, Biles, Pickett & Co's herd took two ties out of the three given.—Shelby Sentinel.

The magnificent crop we have just harvested is manifesting itself in the general prospect of the community. Interviewing Mr. Withers, the cashier of the National Bank a few days ago, we were surprised and at the same time gratified to hear that the deposits of that bank are at this time heavier than at any period of its past prosperous history, and it is \$100,000 in excess of what it was last year. The loans of the bank show a like gratifying increase.—Cynthians Democrat.

All citizens of Lexington have doubtless noticed that the three big clocks in the towers of the Court House, Court-house and St. Paul's church, strike the hours at different times. Now, which is correct? The matter was being discussed yesterday by three gentlemen, but it was not settled. The first one was a red hot Republican, and swore the Court House clock was right, because Uncle Sam built the house and put up the clock, and "Uncle Sam is always right." The second was a red hot Fayette county Democrat, who said Fayette county put up the Court-house clock, and he would "be d—d" if Kentucky wasn't always right. The other gentleman was a good Catholic, who vowed that the church clock was infallible.

there was no use in talking further about the matter.—Lexington Transcript.

Collector Goodloe has appointed Samuel L. Blevins of Youngstown, Ohio, a gauger in the Lexington district, while Collector Scott, of Louisville, has gone to Harrodsburg to find Mr. Cardwell as a clerk, and to Harrodsburg, where he found Mr. Charles Pendleton and made him a "checker" at a salary of \$1,000 per annum. Mr. Cardwell is said to be an ex confederate soldier, while Mr. Pendleton was a Republican candidate for Congress last fall. There will be a good deal of cursing and gnashing of teeth when the faithful learn that the Collectors have gone outside their districts and State to find men for the fat places in their offices.—Capitalist.

Capt. A. J. Gross, who has always been a progressive man, has again demonstrated his zeal in that line. Monday night he turned on gas in his new house in Holt's Bottom, successfully lighting thirty-three burners at once. Capt. Gross' house is the first house in Breckinridge county in which gas has been used.—News.

The Flemingburg Gazette, (Rep.) goes off the following: "Wake up, Harrison, and stir up your constitutional advisers. This inactive policy which leaves the enemy intrenched in his places don't begin to win over five million people who vote for you. When you had to make your living out of Indianapolis you didn't live half the mountain air and ocean breeze this season seems to call for. Don't get too transcendently delicate. It might be used against you with telling effect at the next convention or election. Invalid or no invalid, however, the boys want what belongs to them. The spoils are theirs; produce them. You are only a trustee; and if you keep on procrastinating you will find your name is Dennis and not Harrison."

Crop and Stock.

Estimating El Rio Roy's last win at \$10,000, his winnings now amount to \$32,705, the largest sum to a 2-yr-old on the American turf, with the exception of Frodo Knott and Chaco.

The Harrodsburg Democrat says: Mill Jones sold his corn to be fed in the field to hogs at \$1 per barrel. Mr. B. R. Randall planted one peck of Irish potatoes, from which he gathered twenty-seven bushels.

The farmer's Home Journal says Kentucky grows one-half the whole American supply of leaf tobacco.

W. O. Brock has bought about 600 lambs for next year's delivery. He paid six cents for May delivery and five cents for those taken in June and July.—Winchester Democrat.

All the hemp grown in Scott county ought to be manufactured in Georgetown. All of the wheat grown in Scott county ought to be ground into flour by Georgetown Mills. All the hogs fattened in Scott county ought to be slaughtered and packed in Georgetown, and the surplus of all these products in excess of the demand for home consumption ought to be sold and shipped to people on the outside.—Georgetown Times.

Observers who do not observe assert that the culture of wheat in the United States has passed its climax, that it will steadily decrease in the next few years and that as a profitable occupation it no longer lasts, says the Milling World. Let us see. This country has about 60,000,000 bushels of wheat. The wheat consumed by them averages about 350,000,000 bushels annually. We raise a surplus of from 80,000,000 to 120,000,000 bushels a year on our present acreage. Taking the latter figures as a basis for calculation and allowing our population to increase 25 per cent. a year by natural increase and immigration, how long will it be before we need every bushel of our now exported surplus to feed our own people? The increase in population will be about 1,500,000 annually, calling for about 7,500,000 bushels of wheat more each year to feed the new consumers. Even if the increase called for only 6,000,000 bushels more each year, we will have overtaken our 120,000,000 bushels surplus. The wheat consumed by them averages about 350,000,000 bushels annually. We raise a surplus of from 80,000,000 to 120,000,000 bushels a year on our present acreage. Mr. James B. Tolin is an authorized agent for the Recorder, to solicit advertisements, subscriptions and job work. He has begun a canvass for that purpose and any favor entreated in him will receive prompt attention. He will also collect the news as he travels.

In some counties in the State the frost killed half of the tobacco crop.

MERCER county will hold her primary election the second Saturday in December. There are from one to a dozen candidates for each county office.

THE Ohio campaign is a hot one, and Campbell, the Democratic candidate for Governor, has proven himself abundantly able to cope with his adversaries on the stump or anywhere else. He keeps the opposition in hot water all the time.

Mr. Cook, the Shelby county giant who is a candidate for Doorkeeper of the next House of Representatives in this State, was in town one day last week. Mr. Cook has had considerable experience with a circus, and for that reason the Recorder is unqualifiedly for him for Doorkeeper.

THE attempt on the part of the Republicans to connect Hon. Jas. E. Campbell, Democratic candidate for Governor in Ohio, with a ballot box trust, proved a flat failure, and the leading Republican journals of that State have acknowledged that the signature to the subscription paper, and which it was claimed was Mr. Campbell's, was a forgery. The whole scheme to crush Campbell was the offspring of Republican talent furnished by Cincinnati.

THERE is no consolation for President Harrison in the Indianapolis election last week. The Democrats elected the Mayor by 1,200 majority, while they also elected the city clerk and 15 out of the 25 councilmen. It was the first election of a Democratic Mayor in that city since 1874. In President Harrison's own ward the Democrats gained 300 votes. The President's party was very anxious that his home city should make a better showing for them.

THE editor sat in his hard-bottom chair, trying to think of a thought, and he ploughed all his fingers about through their but not one new topic they brought. He'd written on temperance, tariff and trade and the prospects of making a crop, and joked about ice cream and weak lemonade till his readers had warned him to stop. And, weary with thinking sleep came to his eyes as he pillowed his head on his desk, when the thoughts while awake had refused to arise, came in troops that were strange and grotesque. And as the fresh ideas airy float, he selects the bright one of the tribe, and this is the gem while dreaming he wrote: "Now is the time to subscribe."—Ex.

Is interested in the effort to organize a fair for this and adjoining counties, attend the meeting to be held at Walton on the 22d day of this month for that purpose. Several of the leading livestock men of this and the adjoining counties have charge of the matter and that is the class of men to make it a go. As we understand it, the proposition is to locate the grounds at a point between Walton and Richmond so near both the Southern and Short Line Railroads that it can be said to be on both those roads, which will certainly be a most favorable location for a fair. With the patronage that could easily reach it there is no good reason apparent why it should not be a success from the start. The people of Boone, Grant and Kenton counties have not been satisfied since the suspension of the North Kentucky Agricultural Association, and we believe a fair held at the above designated point will fill a long felt want.

The Louisville Times of Tuesday says a wheat country. "The Mill-lands" with an area of wheat fields at 45,000 square miles are utilized by the Government.

The white oak mast is perhaps as fine as ever known. The ground is already covered under the trees by acorns. Hogs love these acorns nearly as much as they do corn, and they are almost as good for them. This will help to cheapen pork.—Marion Monitor.

A calf born in the fall or winter is worth two born in the spring for profit. A spring calf is so young that it gets little good from pasture the first season, for about the time it can fight flies successfully and crop grass enough to really aid in nourishing it winter's at hand and it is placed on dry food.

The Anderson News says: A peculiar feature in the mule colt trade is the difference made between a horse and mare mule. Several years ago a mare mule brought about \$5 more than a horse mule of the same quality. The difference has gotten steadily larger till now, that at \$100 a mare mule is worth as much as a horse mule.

Philadelphian Times: "Gen. Mahone, the Republican candidate for Governor of Virginia, has at least one advantage over Gen. Chamberlain, the Republican candidate for Governor of Mississippi. When he fought for the Confederacy he fought like an honest soldier. He never was accused of the massacre of negroes. If Chamberlain's political methods since the war have been any worse than Mahone's, it was only in so far as they were more brutal, as the highwayman's methods differ from those of the thief. But this brutality made Chamberlain much less mischievous than the sneaking Mahone, for it caused his reputation by all the people of his State except the ignorant negroes, and his present nomination for Governor only shows that the Republican party in Mississippi has sunk to the lowest depth possible. Not the position of the party in Virginia is only a degree more respectable, and not even the support of the Federal Administration can save Mahone from the execration that has already overtaken Chamberlain. If there were to be two parties in the South, or any other party division than between civilization and barbarism, it will not be till the opposition finds another kind of leaders than Mahone and Chamberlain."

Well Paid Journalists.—Ballard Smith, who has charge of the Brooklyn department of the World, is paid \$150 a week. Julius Chambers, managing editor of the World, is paid \$100,000 a year, under a three years' contract with Mr. Pulitzer.

Charles A. Dana is one of the largest stockholders of the Sun. His salary is not less than \$25,000 a year, and as much more than that as his needs may demand.

Albert Pulitzer, nominally editor of the New York Morning Journal is paid \$25,000 a year. His arduous duties consist in spending nearly his entire time abroad. Henry Watterson, editor of the Courier-Journal, has a nominal salary of \$7,500 a year, but Mr. Waldman is not regarded with the headline as he has made his paper famous.

Joshua A. Cockerill, editor of the New York World, gets \$25,000 a year. "He earns every cent of it. There isn't a harder or more effective worker in American Journalism."

Chester S. Lord, managing editor of the Sun, and one of the highest paid newspaper men of America, receives \$10,000 a year, and his services to that paper in the last ten years entitle him to double that amount.—Louisville Critic.

Crop and Stock.

Kentucky's corn crop is estimated at 97,000,000 bushels this year. J. Van Shipp, of Midway, sold a large lot of clover seed last week at \$4 per bushel.

Risk & Bro., of Midway, bought seven or eight carloads of Irish potatoes at 22 cents per bushel, which they shipped to Alabama.

A correspondent of the Live Stock Indicator says: "I can invest \$1,000 in sheep and burn every pound of wool produced in five years and make more clear money than can be made on cattle, horses or hogs in the same length of time."

A good many farmers in the Burgin neighborhood raised no corn at all this year, and there will be very little for sale in that section. Most farmers are unwilling to take the price offered for corn and will prefer to feed it to hogs.—Harrodsburg Democrat.

The white oak mast is perhaps as fine as ever known. The ground is already covered under the trees by acorns. Hogs love these acorns nearly as much as they do corn, and they are almost as good for them. This will help to cheapen pork.—Marion Monitor.

A calf born in the fall or winter is worth two born in the spring for profit. But this brutality made Chamberlain much less mischievous than the sneaking Mahone, for it caused his reputation by all the people of his State except the ignorant negroes, and his present nomination for Governor only shows that the Republican party in Mississippi has sunk to the lowest depth possible. Not the position of the party in Virginia is only a degree more respectable, and not even the support of the Federal Administration can save Mahone from the execration that has already overtaken Chamberlain. If there were to be two parties in the South, or any other party division than between civilization and barbarism, it will not be till the opposition finds another kind of leaders than Mahone and Chamberlain."

Well Paid Journalists.—Ballard Smith, who has charge of the Brooklyn department of the World, is paid \$150 a week. Julius Chambers, managing editor of the World, is paid \$100,000 a year, under a three years' contract with Mr. Pulitzer.

Charles A. Dana is one of the largest stockholders of the Sun. His salary is not less than \$25,000 a year, and as much more than that as his needs may demand.

Albert Pulitzer, nominally editor of the New York Morning Journal is paid \$25,000 a year. His arduous duties consist in spending nearly his entire time abroad. Henry Watterson, editor of the Courier-Journal, has a nominal salary of \$7,500 a year, but Mr. Waldman is not regarded with the headline as he has made his paper famous.

Joshua A. Cockerill, editor of the New York World, gets \$25,000 a year. "He earns every cent of it. There isn't a harder or more effective worker in American Journalism."

Chester S. Lord, managing editor of the Sun, and one of the highest paid newspaper men of America, receives \$10,000 a year, and his services to that paper in the last ten years entitle him to double that amount.—Louisville Critic.

Crop and Stock.

Kentucky's corn crop is estimated at 97,000,000 bushels this year. J. Van Shipp, of Midway, sold a large lot of clover seed last week at \$4 per bushel.

Risk & Bro., of Midway, bought seven or eight carloads of Irish potatoes at 22 cents per bushel, which they shipped to Alabama.

A correspondent of the Live Stock Indicator says: "I can invest \$1,000 in sheep and burn every pound of wool produced in five years and make more clear money than can be made on cattle, horses or hogs in the same length of time."

A good many farmers in the Burgin neighborhood raised no corn at all this year, and there will be very little for sale in that section. Most farmers are unwilling to take the price offered for corn and will prefer to feed it to hogs.—Harrodsburg Democrat.

The white oak mast is perhaps as fine as ever known. The ground is already covered under the trees by acorns. Hogs love these acorns nearly as much as they do corn, and they are almost as good for them. This will help to cheapen pork.—Marion Monitor.

A calf born in the fall or winter is worth two born in the spring for profit. A spring calf is so young that it gets little good from pasture the first season, for about the time it can fight flies successfully and crop grass enough to really aid in nourishing it winter's at hand and it is placed on dry food.

The Anderson News says: A peculiar feature in the mule colt trade is the difference made between a horse and mare mule. Several years ago a mare mule brought about \$5 more than a horse mule of the same quality. The difference has gotten steadily larger till now, that at \$100 a mare mule is worth as much as a horse mule.

The Louisville Times of Tuesday says a wheat country. "The Mill-lands" with an area of wheat fields at 45,000 square miles are utilized by the Government.

The white oak mast is perhaps as fine as ever known. The ground is already covered under the trees by acorns. Hogs love these acorns nearly as much as they do corn, and they are almost as good for them. This will help to cheapen pork.—Marion Monitor.

Philadelphian Times: "Gen. Mahone, the Republican candidate for Governor of Virginia, has at least one advantage over Gen. Chamberlain, the Republican candidate for Governor of Mississippi. When he fought for the Confederacy he fought like an honest soldier. He never was accused of the massacre of negroes. If Chamberlain's political methods since the war have been any worse than Mahone's, it was only in so far as they were more brutal, as the highwayman's methods differ from those of the thief. But this brutality made Chamberlain much less mischievous than the sneaking Mahone, for it caused his reputation by all the people of his State except the ignorant negroes, and his present nomination for Governor only shows that the Republican party in Mississippi has sunk to the lowest depth possible. Not the position of the party in Virginia is only a degree more respectable, and not even the support of the Federal Administration can save Mahone from the execration that has already overtaken Chamberlain. THE RECORDER.

LOCAL NEWS.

The town will shortly be covered over with leaves.

The first last week from some of the tobacco in the house.

Mrs. Benjamin Sherrill is visiting friends in Burlington.

The bottom dropped out of the apple market last week.

Marion county is out of debt and has \$2,000 in the treasury.

Johna Rice, of Lincoln county, arrived here last Sunday.

The internal arrangements of the bank are about completed.

There is considerable typhoid malaria in this part of the county.

The Williamson Courier will put in a new power press this week.

Wanted 1000 bushels of potatoes at Tebb Bros. Lawrenceburg, Ind.

Lightening killed a man at Anderson's Ferry last Saturday morning.

Mrs. Thomas Rose, of Crittenden, was visiting in Burlington last week.

Mrs. Mamouelle Morris has been quite sick for several days.

Mrs. D. G. Rice, of McVie, is visiting her son, John W. Rice at Anderson, Kansas.

You can sell what you have and buy what you want at Tebb Bros. Lawrenceburg, Ind.

W. H. Baker has returned to New Orleans to engage in his fall and winter trade there.

Henly Smith and wife, who were visiting at this place last week returned to Cincinnati Friday.

Everybody who has seen the grain-ding done by Joe Reed in the Circuit Clerk's office admires it.

Reva Fullilove and Borgia will begin a protracted meeting at the Baptist Church at this place next Sunday.

There is plenty of hickory nuts, walnuts, apples, potatoes and candidates this winter to keep everybody fat.

We offer \$20 reward for any information leading to our importation of Tea, Tebb Bros. Holton Terrill, agent Petersburg.

When nature falters and requires help, recruit her enfeebled energies with Dr. J. H. McLean's Strengthening Cordial and Blood Purifier \$1 per bottle.

Joe Reed and T. J. Porter were initiated in the jury service last week. The jury on which they served happened to be one of those on which laches could.

Mrs. Elizabeth Hogan will sell at her residence in Burlington next Saturday afternoon at 1 o'clock a good cow, household and kitchen furniture, etc.

The Fairmount Democrat says: "A large crowd was in town Monday, and about as drunk as ever seen. Saloon license have been fixed by the Board of Trustees at \$400 per year."

If you suffer, prickling pain on moving the eyes, or cannot bear bright light and find your sight weak and failing, you should promptly use Dr. J. H. McLean's Strengthening Eye-Salve, 25c a box.

The Warsaw Independent says that Robert Hughes, of Richmond, Boone county will probably make the open address at the District Convention of the Sunday-school Union which meets in Warsaw on the 23rd inst.

Mr. R. C. Green, of Key West, Kentucky county, spent last week at the bank here receiving information in the mystery of banking. He is to be cashier of the bank at Walton, and he could have gone to no better instructor than cashier Reilly.

Rev. T. W. Barker, spent several days last week among his friends here. He preached at the Methodist church Wednesday night to a small congregation. A contribution of \$15.00 was raised for the new Methodist church to be built near A. J. Utz's.

Exposure to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1 per bottle.

Special attention is called to John Q. Davis' ad. in another column. He was of age in the boot and shoe business Sept. 16th, having occupied the present site for 21 years. You all know his way of dealing, and any guarantee that he gives you can depend upon. His stock was bought from first hands and will be sold close.

One of our exchange speaks of a millinery store kept by a very estimable lady, and says the editor, "was gratified to see her stocking up." The editor says he was never so astonished in his life as he was, when the paper carried a notice of the milliner's store and have her strike him across the brow with an umbrella and tell him he was a liar. He didn't know what she was mad at and he had to read the item over a hundred times to see if there was anything spiteful in it.—Red Blue Sentinel.

Dr. Norman Conley and Miss Louisa Schurley, ardent lovers of Boone county, Ky., arrived here early Wednesday morning, and Mr. Conley made known that they were intent upon matrimony. With the aid of a friend the marriage license was procured and a minister was summoned when the couple were about to be pronounced man and wife the father of the expectant bride appeared and caused the ceremony to stop. The father explained that while he opposed the marriage he would not offer further objections if the lovers would postpone the marriage and have it in a suitable home. He did not like the idea of his daughter fleeing to a neighboring State to get married. The couple acquiesced in the program and the wedding will take place during the week at the bride-elect's home, Lawrenceburg, Ind.

C. L. Gray, of Boone county, was in town last week for two miles and a mare owned by C. L. Crider as the property of Harry Conard. Judgment for Crider on the bond for \$150 and \$15 a day.

The land belonging to Samuel R. Chapman near Verona, at time of his death, ordered sold.

With the grand jury on the first floor it does not interrupt the court in the least.

The indications are, this spring term of this court will catch all the business.

The defendant's answer in the divorce suit of Phineas R. Gaines vs. B. B. Gaines contains 96 pages of legal copy closely written.

Friday at noon the grand jury reported the following indictments: One against Richard Walton for willful murder, one against Phil Stapleton for manslaughter, and one against Phil Stapleton and five others for misdemeanor.

Commonwealth vs. Geo. W. Craig—phoned.

Phineas R. Gaines vs. B. B. Gaines—plaintiff allowed \$40 a month for her maintenance during the pendency of the proceedings for divorce.

Commonwealth vs. Phil Stapleton—defendant gave bail in sum of \$1,000 with W. M. Underhill and Ambrose Hoard as sureties. Continued.

Commonwealth vs. Phil Stapleton and five others—defendants Stapleton, Harry Baily and Ed Senior gave bail in sum of \$200 each, and the prosecution was continued.

Commonwealth vs. Richard Walton—defendant was arraigned and pled not guilty, and not being able to give bail in sum of \$3,000, and being anxious for a trial, he was placed in custody of the jailer and the trial for Monday.

After visit by T. W. Finch and his bondsmen as sheriff, was dismissed. The county was granted an appeal to the Superior Court.

Madden vs. Madden—referred to the Master Commissioner.

Commonwealth's Attorney, Gaunt, is sick and not able to attend court, the business, Mr. L. Downs, attended to the business.

Joseph Elliston, County Attorney of Montgomery county, attended court last week.

The petit jury for the regular term of court were as follows: J. W. Graves, A. M. Hoard, W. M. Underhill, A. B. Arnold, J. F. Weaver, B. A. Floyd, H. C. Wingate, Oscar Gaines, H. C. Duncan, Hiram Rouse, T. W. Finch, C. A. Gaines.

Jury 3—T. B. Aylor, T. J. Anderson, John McElroy, J. O. Huey, Geo. Kiddell, Wm. Spivey, Z. T. Kelly, N. S. Walton, John Bradford, Wm. Goodridge, H. P. Marshall, L. H. Sanders.

The grand jury returned a total of 27 indictments, 24 of them being misdemeanors and 3 felonies.

Tennessee Osborn and Mary Williams each adjudge \$100 and allowed \$75 per year for their support.

John Kinney vs. Josephine Kinney—divorce granted.

Edith Ward vs. Joseph Ward—receiver appointed and ordered to sell perishable goods attached by constable.

Berkshire vs. Ryle and Ward—nisi granted and ordered sold.

Commonwealth vs. Claud Hume—the grand jury filling in to indict the proceedings were dismissed and the defendant's bond canceled.

Drs. Shaw, Collins and Williamson were indicted for unlawfully giving prescriptions for whiskey, while A. E. and P. B. McVie, of Walton, were a couple of prices from the big lot on account of whiskey.

J. O. Kelley vs. Tullitt & Co.—dismissed.

The practice of carrying pistols seems to be growing. For a few instances found by the grand jury were for that offense.

Fletcher Clure and Temp Graves indulged in a racket which disturbed divers good people of Buttsville; and the grand jury held Fletcher and Temp liable as a racket for the peace of the court for a breach of the peace.

The grand jury was in session five days.

When court met last Thursday afternoon Mr. A. G. Winston called the attention of the bar to the death of Mr. J. W. Calvert since the last term of the court, and thereupon a meeting of the bar was called.

John F. Flak, Esq., of Covington, was chosen chairman of the meeting, and W. L. Riddell, Secretary.

On motion of Judge O'Hara the chair appointed a committee on resolutions. The committee was as follows: James O'Hara, A. G. Winston, H. C. White and F. Riddell.

The committee then reported the following resolutions, which, after feeling and appropriate remarks by Judge O'Hara, Geo. H. Flak, A. G. Winston and John F. Stephens, were adopted:

The committee to report the resolutions to the Boone Circuit Court.

On motion and second the meeting adjourned.

John F. Flak, W. L. Riddell, Secy. Chairman.

The members of the bar of the county of Boone as well as the body of the people mourn the death of James William Calvert one of the most exemplary members of the bar and county. He was born in the city of Lexington, Ky., the 2nd day of July, 1815, and died in his seventy-third year, on the 15th day of August, 1889.

His parents removed to the county of Boone, when he was yet in tender infancy; where he was raised; he was educated at Boone Academy and then at the law, where he was under the tutelage of Hon. James M. Preston a gentleman famed for his learning as a lawyer and his probity as a man, who imparted to him in a most judicious manner the principles of the law.

He commenced the practice of law in 1840 at Boone, where he had his home until 1842, when he removed to Lexington, Ky., where he remained until 1844, when he removed to Boone, where he remained until 1846, when he removed to Lexington, Ky., where he remained until 1848, when he removed to Boone, where he remained until 1850, when he removed to Lexington, Ky., where he remained until 1852, when he removed to Boone, where he remained until 1854, when he removed to Lexington, Ky., where he remained until 1856, when he removed to Boone, where he remained until 1858, when he removed to Lexington, Ky., where he remained until 1860, when he removed to Boone, where he remained until 1862, when he removed to Lexington, Ky., where he remained until 1864, when he removed to Boone, where he remained until 1866, when he removed to Lexington, Ky., where he remained until 1868, when he removed to Boone, where he remained until 1870, when he removed to Lexington, Ky., where he remained until 1872, when he removed to Boone, where he remained until 1874, when he removed to Lexington, Ky., where he remained until 1876, when he removed to Boone, where he remained until 1878, when he removed to Lexington, Ky., where he remained until 1880, when he removed to Boone, where he remained until 1882, when he removed to Lexington, Ky., where he remained until 1884, when he removed to Boone, where he remained until 1886, when he removed to Lexington, Ky., where he remained until 1888, when he removed to Boone, where he remained until 1890, when he removed to Lexington, Ky., where he remained until 1892, when he removed to Boone, where he remained until 1894, when he removed to Lexington, Ky., where he remained until 1896, when he removed to Boone, where he remained until 1898, when he Alditor Hewitt has resigned and Hon. L. C. Norman, of this county, has been appointed by the Governor to fill the vacancy. We salute you, Auditor Norman.

It was a famous victory.

It was Democratic weather.

This time last fall Republican jollification meetings were the rage this fall.

The whole State of Kentucky deprecates the untimely end of Col. Swope and Goodloe.

The 28th inst., is Thanksgiving day. We will accept all invitations to big dinners on that day.

Manhood! Is not the man who was a candidate for Governor of Virginia a short time since?

Now we give to the Republican candidates \$20,000 majority. Now she has faced on that party.

It will take the official count to determine which party has elected the Lieutenant Governor in Ohio.

Over \$800,000 have been paid into the Treasury since the middle of last week, by the Sheriffs of the State.

Who will be appointed Collector of Internal Revenue in the Lexington district to fill the Goodloe vacancy?

They say President Harrison is smartly out of humor - exist in circumstances render him excusable.

Two Democrats in Iowa and Ohio got enough soup, and demanded a change of diet. They got the change.

Six States elected Governors on the 5th inst. The Democrats elected five of the six. Good enough for one day.

KENTUCKY started the ball rolling last August, and the Democrats in the other States kept it going until its dimensions became immense.

If Governor Forsaker had been able to make five speeches a day during the last two weeks of his canvass, Campbell's majority would have been half a hundred thousand.

SPEAKING of the election on the 5th inst., the Rising Sun Recorder (Republican) says: "Had there been an election in Indiana the Democrats would have carried the State by 20,000."

It is to be hoped that Bradley and Denny can come to an amicable understanding as to who is to be the leader of the Republican party in Kentucky. Let there be peace - white winged, at that.

The platform of the Democrats in each of the States in which election was held last week, demanded tariff reform. Come to think about it, tariff reform received about 100,000 more votes last fall than were cast for high protection.

MAY the 28th 1890 is the time and Louisville is the place at which the convention will be held to nominate a Democratic candidate for Clerk of the Court of Appeals. This gives the candidates 6 months in which to make a canvass.

A Kansas farmer named John Armstrong has invented and patented a corn cutting machine. It can be made so as to take one or more rows at a time and cut and shock them. If it is used on a large scale, it will be a boon to farmers in all parts of this country.

Powell Clayton, personally and through his lieutenants, is quietly organizing all the elements opposed to Democracy for use in next year's campaign in Arkansas. He has been impressed that there are Democrats who will support his ticket against the Democracy. We must have 30,000 majority in 1890.

Mr. Mahone, of Virginia, recently imagining the same thing, did a little organizing on the strength of it, but it seems that another fellow got the benefit of it.

The last elections indicated following changes in the Federal electoral college. Harrison carried Iowa by a majority of 31,711; this year it goes Democratic by about 10,000, showing a change of over 42,000 votes. Ohio was carried by Virginia by only 1,539; she now goes 85,000 more. New York gave Harrison a majority of 18,000, and Tuesday she gave a Democratic majority of over 20,000, and gains two members of the legislature. Two years ago Forsaker was elected Governor of Ohio by 23,325, while this year he is defeated by over 11,000.

The Times-Star thinks it very odd that the party of the Contract and Grant, in not telling from it that ballot-box con-men to which James E. Campbell's name was forged. Sherman, Butler and Wood have a little information on this particular point. The C. G. G. has been pretended to be a hat-trick, which is ready to expose.

It is a good thing that the party of the Contract and Grant, in not telling from it that ballot-box con-men to which James E. Campbell's name was forged. Sherman, Butler and Wood have a little information on this particular point. The C. G. G. has been pretended to be a hat-trick, which is ready to expose.

Trade Palace **W. H. CLARK,** Trade Palace

COR. MAIN & MARKET ST.,

Rising Sun, - - Ind.

The Augusta Sun advises the farmers to hold to their crop of tobacco.

The Courier says Grant county's tobacco crop will bring over \$250,000 into that county this year.

Geo. Tarkington, of Danville, sold to parties in Missouri his imported jack and one yearling for \$1,200.

The price of mountain sheep in Kentucky and Tennessee have doubled in the last twelve months.

The Inquirer says that not less than five of the largest tobacco stemmeries in Owensboro will be idle during the winter, the owners having determined to lay no more tobacco this season.

This is a year of big figures in the crop world. There will be 500,000,000 bushels of wheat, 2,000,000,000 bushels of corn, about 3,000,000,000 bushels of cotton, and we are nothing of the large crops of oats and potatoes. Taken in the aggregate these are the largest crops we have ever grown. - Courier-Journal.

The wheat crop, we learn from a number of leading planters, is looking better than was ever known at this season, and everything points to a large yield. The acreage is the largest ever sown in this country. Farmers are very sanguine of a full crop and handsome returns. - Hopkinsville News.

Physicians prescribe Dr. J. H. McLean's Tar Wine Lung Balm; in it they find no trace of opium or morphia, while its efficacy in curing all throat and lung disease is wonderful.

Sick headache, wind on the stomach, hiccoughs, nausea, are promptly and agreeably banished by Dr. J. H. McLean's Little Liver and Kidney Pills, 25 cents a tin.

FOR SALE OR TRADE.

100 Tennessee Stock Ewes, Thirty 2 and 4-year-old unbranded horses, five half-bred ponies and six broke horses. J. J. RUCKER, Hebron, Ky.

Take the Recorder.

Boots and Shoes

I wish to inform the citizens of Boone County that I am still on dock at the Old Stand with a Solid Line of Boots and Shoes suitable to their needs in Style, Quality and Price as was ever offered in this section. They were bought at headquarters at close figures, and will be sold strictly on their Merits, and any one of our competitors has got to cut a shaver. It is actually unproachable. We solicit a call in inspection from our Kentucky Patrons, and earnestly advise you not to invest a Dollar in Boots or Shoes until you have looked us over; and recollect you can as safely send your Children as to come yourselves. And further - positively no wilful misrepresentation to effect sales. A sample and willing reclamation when goods do not come up to our Guarantee. Respectfully,

JOHN Q. DAVIS, Rising Sun, Indiana.

SALE OF BIG RED BOOTS.

Nothing Succeeds Like Success.

The reason Radam's Microbe Killer is the most wonderful discovery of the age, is because it has never failed in any instance, no matter what disease, from Leprosy to the Simplest disease known.

Mr. Radam's success so far in the treatment of J. CAVANAUGH, Jr., the leper in Algeria, 5th Dist. of New Orleans is considered the most wonderful thing in the world, and is attracting attention from not only America but Europe, CONSUMPTION, CATARRH, ASTHMA, RHEUMATISM, MALARIA, in fact, every disease known to the human system—As all scientific men claim and prove that all diseases are caused by MICROBES.

Call for book containing history of Microbes.

CURRENT TOPICS.

BUFFALO BILL is now said to be worth \$40,000.

The inventor of smokeless powder is an American.

The population of Berlin has now reached 1,600,000.

Over a theater in Kansas has not been before.

JAY GOULD has subscribed \$25,000 to the World's Fair fund.

A. S. KENNEDY (R. L.) turkey weighs forty-seven pounds.

An official estimate of the population of Greece places it at 1,100,000.

MONTICELLO, Ga., boasts of a dog "with five well-developed feet."

A PENNSYLVANIA man drank a gallon of mineral water one sitting on a wagon.

The fast mail time between oceans is now forty days, twelve hours and three-quarters.

The National Grange, in session at Sacramento, Cal., condemned the single tax system.

An Ottawa congregation from out the city by reducing its salary to one dollar per year.

The letter-carrier's monument to Sunset Co. will probably be erected in Washington.

Two hearts and two livers were taken from a chicken killed at Lock Haven, Pa., recently.

It is a coincidence Governor Biggs, of Delaware, employs a secretary named Small.

OSWEGO is said to be the cheapest of all cities in Europe for a place of permanent residence.

In some French laundries boiled potatoes are preferred to soap for the cleansing of soiled linen.

The centennial of the introduction of the christianity into England has just been celebrated.

A DEMOCRAT in Monaca County, Ia., was elected to the Legislature by a majority of one vote.

The Crown Princess of Brazil was the last royal personage to receive the postmark of the "Popo."

ALLEN makers are taking the place of friends of the principals at New York and Philadelphia weddings.

PARSONS fell asleep on a roadway in Union County, South Carolina, the other night, and was frozen to death.

Wentley has been admitted to the bar in all the New England States except New Hampshire and Vermont.

DAN RAY, after eight years' residence from the ring, will go on the road again next summer with a circus.

A SMITH COUNTY (Ga.) girl won \$50,000, one day, by hawking and selling sixty bushels of corn in five hours.

Many people visited the home of Shakespeare last summer than ever before, the majority being Americans.

In Idaho, a floating paragraph states, "a deer was recently shot by a hunter during his hunt for forty-two pounds."

Two inmates of the Milwaukee almshouse, the man aged 72 and the woman aged 76, were married the other day.

JOHN A. STRYKER, merchant at Frederick, Pa., during the fall has shipped 1,000 barrels of shellbark hickory nuts.

SINCE LINDSEY is so active on the Clyde that in many of the yards work is carried on at night by means of electric lights.

Drawn to the Paris Exposition 240 pickpockets were arrested, of whom 136 were French, twenty-three English and seven Americans.

Only thirteen of the 375 Senators and Representatives who sat in Congress in 1870, the Centennial year, still retain their seats.

The garden next to the little cottage in which Edgar Allan Poe lived at Fordham has been covered with ugly tenement houses.

A CHICAGO electrician has invented an electric fish line. The slightest nibble at the bait causes a shock to the fish that kills it or stuns it.

The Potter's field of New York City is located at present on Harris Island. Since 1870 more than a million bodies have been buried there.

All critics agree that in the review before the German Emperor at Constantinople, the Turkish troops challenged comparison with any in Europe.

A CRIMINAL animal is roaming around in Carter County, Mo., which, from description, is supposed to be a kangaroo that has escaped from some circus.

RANCY DOWDZAK, a French officer, proposes that France and Germany should fight on a new principle, each country to take 100,000 men on its side only.

At the recent election in Beverly, Mass., one ballot was entirely blank, but the back of it was written "I want to vote the same as Maurice Heaphy."

There is a good deal of wealth and refinement among the colored people of Philadelphia, who number about 35,000. One colored physician has a practice of \$20,000 a year.

THE CAP Girardeau Democrat in authority for the statement that figs can be cultivated in the State of Missouri equal to any fruit of the kind found in the South.

By a vote 44 to 5, the common council of Boston has appropriated \$2,000 to provide soup for "the worthy poor," and there is such a racket against the five who voted "no," that they find themselves in the soup, also.

With great success a gang of expert burglars blow up a safe in one of the principal blocks of San Francisco. The rogues were so considerate as not to disturb the slumbers of the night watchman by returning a Home Rule majority in a matter of 100,000 votes.

GENERAL BOLLINGER's personal expenses are defrayed by his admirers in France. Every week he receives a certain amount collected from working people in the provinces.

A LOCKET typewriter is shortly to be offered to the British public. The retail price will be \$200, measures three and one-half inches by three inches, and weighs about four ounces.

BOSTON'S BLAZE.

Two acres of business blocks swept away—The Loss Run up into the Mill.

BOSTON, Nov. 29.—The most disastrous fire from which Boston has suffered since 1872, and one which in property loss more than rivals the great conflagration at Lynn on Tuesday, broke out at about 8:30 a. m. yesterday in the granite building owned by Jordan, Marsh & Co., and occupied by Brown, Durrell & Co., dealers in dry goods, at Bedford street, corner of Kingston street, and the alarm of yesterday's fire was rung in from the same box which had rung in the alarm of the fire at the corner of Bedford and Kingston streets, at 7:15 p. m., on the evening of November 17, 1872, when the first fire broke loose, and before going out consumed nearly \$100,000 worth of property. The first alarm rung in was immediately followed by the first general alarm at 8:15 a. m. Since 1872, yesterday's conflagration raged for six hours, burned over two acres and destroyed property valued at \$1,000,000. The fire was caused by a letter-carrier, who noticed flames bursting from the top of the Brown Building, over the elevator shaft, in which it evidently originated. At 8:45 they had spread to the street, and the flames were sweeping in great masses toward Bedford street to the opposite side of the street, along Bedford to Channery street, where it was stopped in the store of Farley, Hovey & Co., the upper stories of which were burned. The fire then ran along Channery street toward Summer street, where it was stopped by a fire engine. On the south side of the street, the fire was stopped by a fire engine. On the south side of the street, the fire was stopped by a fire engine.

TO THE BOTTOM.

The Emergent Vessel on Our Inland Seas.

Fields to the Effects of the Tempest That has been blowing.

CHICAGO, Nov. 30.—The largest sailing vessel on the great lakes, the five-masted schooner, David L. Davis, founded yesterday afternoon twenty miles south-east of Chicago. Nothing but the tips of the big masts' tallest spars protruded slightly in the air, showing the spot in the storm-beaten waters where the Davis went down. Her crew had a terrible experience; but were saved. A round \$100,000 was the cost of the vessel, which contained 2,250 tons of hard coal, consigned to Congressman W. L. Scott, of Erie, Pa. The vessel was a victim of the howling Thanksgiving day gale that wrought havoc with the steamer Calumet, Kankakee and nearly cost the lives of nine workmen in the collision two miles out in the lake, at Twelfth street. The stranded schooner Calumet, the crew of which had escaped through the surf at Evanston Beach Thursday, is a complete wreck. Word was received last evening that the vessel had gone into little pieces and was strewn along the shore. The \$100,000 loss was partially covered by the insurance company. The vessel was a victim of the howling Thanksgiving day gale that wrought havoc with the steamer Calumet, Kankakee and nearly cost the lives of nine workmen in the collision two miles out in the lake, at Twelfth street. The stranded schooner Calumet, the crew of which had escaped through the surf at Evanston Beach Thursday, is a complete wreck. SEVEN LIFELINE BODIES.

All That Have Been Recovered at the Mississippi River, but Others are Known to be in the Water.

MINNEAPOLIS, Minn. Dec. 3.—Twelve human lives and \$600,000 worth of property were sacrificed by a fire Saturday night, that originated in the Union League, on the third floor of the Minneapolis Tribune Building. The fire was discovered shortly after 10 o'clock by a District messenger, and almost before an alarm could be turned in every door and window of the immense seven-story building was overflowing fire and smoke. There were upward of eighty men, including the editorial staff and a force of compositors at work on the seventh floor, and these were pinned in like sheep by the sheets of flame that separated them from the elevator and stairway. Then they were rescued by a fireman, who slipped and fell to his death from the ledge of the window on the sixth story. The fire department had a ladder up to the sixth story, and from there thirty or forty men were taken out of the building and landed on terra firma. Those who were on the roof did not descend, and several of them were killed. The fire was caused by a gas stove, which had been left burning in the kitchen. The fire was discovered shortly after 10 o'clock by a District messenger, and almost before an alarm could be turned in every door and window of the immense seven-story building was overflowing fire and smoke. Dec. 3.—Twelve human lives and \$600,000 worth of property were sacrificed by a fire Saturday night, that originated in the Union League, on the third floor of the Minneapolis Tribune Building. The fire was discovered shortly after 10 o'clock by a District messenger, and almost before an alarm could be turned in every door and window of the immense seven-story building was overflowing fire and smoke. There were upward of eighty men, including the editorial staff and a force of compositors at work on the seventh floor, and these were pinned in like sheep by the sheets of flame that separated them from the elevator and stairway. Then they were rescued by a fireman, who slipped and fell to his death from the ledge of the window on the sixth story. The fire department had a ladder up to the sixth story, and from there thirty or forty men were taken out of the building and landed on terra firma. Those who were on the roof did not descend, and several of them were killed. The fire was caused by a gas stove, which had been left burning in the kitchen. The fire was discovered shortly after 10 o'clock by a District messenger, and almost before an alarm could be turned in every door and window of the immense seven-story building was overflowing fire and smoke. TO THE BOTTOM.

The Emergent Vessel on Our Inland Seas.

Fields to the Effects of the Tempest That has been blowing.

CHICAGO, Nov. 30.—The largest sailing vessel on the great lakes, the five-masted schooner, David L. Davis, founded yesterday afternoon twenty miles south-east of Chicago. Nothing but the tips of the big masts' tallest spars protruded slightly in the air, showing the spot in the storm-beaten waters where the Davis went down. Her crew had a terrible experience; but were saved. A round \$100,000 was the cost of the vessel, which contained 2,250 tons of hard coal, consigned to Congressman W. L. Scott, of Erie, Pa. The vessel was a victim of the howling Thanksgiving day gale that wrought havoc with the steamer Calumet, Kankakee and nearly cost the lives of nine workmen in the collision two miles out in the lake, at Twelfth street. The stranded schooner Calumet, the crew of which had escaped through the surf at Evanston Beach Thursday, is a complete wreck. Word was received last evening that the vessel had gone into little pieces and was strewn along the shore. The \$100,000 loss was partially covered by the insurance company.

FASHION LETTER.

Novelties That Will Be Common In Dress During the Winter Season—Charming Garments of Cut Work in Cloth and Lace—The Latest in Fur Trimmings.

(Special New York Correspondence.)

Cloth, fur and embroideries are the important factors in stylish costumes for the winter. A long princess gown trimmed with seal, beaver or other fur, opening over a skirt of velvet or cloth of a contrasting color, is a popular model, and where extra warmth is needed the short, high shoulder cape of cloth and velvet, or fur matching the trimmings on the gown, is added. Pretty and youthful tailor gowns of Eifel red, gray green or autumn colors, with black Persian lamb border, with gold or silver embroideries about the neck, are also popular. The high collar of cloth or fur is cut to flare outward, and the style, and a toque or turban of the same material, soft felt or velvet, with a wide band of gold or silver embroideries about the neck, are also popular. The high collar of cloth or fur is cut to flare outward, and the style, and a toque or turban of the same material, soft felt or velvet, with a wide band of gold or silver embroideries about the neck, are also popular.

LOCAL NEWS.

The year is drawing to a close.

Dirt roads are bad—the pipe fever ought to break out early.

The yield of land is from 8 to 10 gallons per bushel this season.

Circuit Court at Williamsport is in the second week of the term.

Some of the wheat in the county is not looking as well as it might.

Richard Walton has not been captured and returned to jail yet.

So much rain and so many clouds date to test up the roads—the mud is getting pretty bad.

The sale of the personal effects of the late James T. Ryle, of near Waterloo, takes place today.

B. F. Norman, of Gunpowder, was tried before Esq. W. J. Cowen last Thursday on the charge of using abusive and insulting language to Mrs. Henry Ross. He was acquitted.

Children will freely take Dr. J. H. McLean's Kidney Balm, unlike cough syrup, it contains no opium, will soothe and break up the cough or throat or lungs quicker than any other remedy.

Died—At the residence of her parents, Kenton Heights, Kenton county, Sunday the 8th inst., at 10 o'clock p. m., of typhoid fever, Miss Mollie Tappan in the 23rd year of her age. Burial at the Mt. Vernon cemetery Wednesday at 10 o'clock a. m.

During the holidays a grand ball will be given at Morgan Academy Hall. The preliminary ones now being arranged, and nothing will be left undone that is calculated to contribute to the success of the occasion. Music by the Cincinnati Orchestra.

In this issue we announce C. L. Crisler, mine host of the Boone House, as a candidate for jailer. This is his first appearance before the public as a candidate, and he is asking the party to elect him. If elected he will perform the duties of the office to the best of his skill and ability.

Prof. L. H. Voshell, of Union, was in town last Saturday. The Professor's school at Union is progressing nicely. It has been the history of every school over which he ever presided. While here he indulged in a few reminiscences of his youthful days, that were highly entertaining—his hearing was so perfect that some of the laughter during the narrations.

County Supt. John P. Ryle had a very serious time with a measles case in his house. For several days it was thought that his youngest child would surely die. It was this sickness that caused his delay in visiting the schools. On the last Saturday in this month he will be at his office in Burlington to meet the teachers who are entitled to payment up to date.

W. B. Craven, a prominent citizen of the Verona district, died of paralysis last Wednesday night. Mr. Craven had served the people of his district for several years, in the capacity of justice of the Peace. He was a native of Kentucky, and had several grown children. Having been a thrifty farmer, the deceased leaves his family well provided for; but all of earth's goods do not compensate for the loss of a father or a mother.

The following invitations are out:

Em. J. Conner, Robt. B. Carver, Mr. and Mrs. O. P. Conner desire your presence at the marriage of their daughter—

Em. J. Conner, Robt. B. Carver, Thursday afternoon, Dec. 10, 2 o'clock, at their residence, Burlington, Kentucky.

Last Friday night two young gentlemen in female garb, accompanied by their two gentlemen friends, made a tour of the town. At F. Riddle's they represented that they believed him to be a minister and wanted him to perform a marriage ceremony. He failed to see wherein he favored a minister and dismissed them with the remark, "A devil of divine I am." Dr. Smith was called to report at the Boone House to administer to a sick lady, and in a few minutes he was out in search of his patient and called at several places before he caught on to the joke.

Peter Horton, a resident of this place died last Sunday afternoon of enlargement of the liver. The deceased leaves a large family which is not supplied with an abundance of this world's goods. He was a member of the "Bloody Run" club, a member of the Veterans, during the rebellion. Although a very poor man he had never made an application for a pension until after the inauguration of the present Administration. When Corporal Tamm commended reading the Treasury for the benefit of the soldiers, he concluded he might as well have a slice of the pie, and made an application, but had not been granted a pension at the time of his death. Rev. Fullilove preached the funeral service after which the remains were interred.

County Court.

At the last term of County Court business was disposed of as follows:

Virginia A. Corey appointed administrator of the estate of J. A. Corey.

Mary A. Anderson's will proved and Nannie A. Anderson qualified as executrix.

J. J. Stephens appointed administrator for J. O. A. Stephens, J. A. Wilson, T. U. O. Stephens and Z. T. Kelley applicants.

W. H. Stanley resigned as constable in the Walton district and John Watson appointed to fill the vacancy.

The viewers or assessors' Eggers motion to change road, filed report. Commissioners appointed to divide William Dixon's land.

J. O. Huey and E. Ayler appointed viewers in place of J. H. Walton and A. G. McConnell.

At the November term of the Court, S. C. Johnson, J. S. Huey, R. Y. Randall, James H. Walton and M. C. Norman were appointed supervisors of tax.

From Petersburg.

The articles which have been published in the last three issues of the Recorder under the heading of "Notes by the Way," being somewhat of an innovation in the order of reporting, have met with a warm reception by all in this part who are interested in county affairs. It would be well if the local correspondents the county over would initiate the example of "Notes by the Way," because in the first place, it would give to the entire county, the political sentiment of each precinct more accurately than it can be learned from the candidates themselves, and then, too, it would make the Recorder a more interesting sheet to all those candidates who in the language of our local poet, "To walk the Golden Shore and sing the high Doxology," and secondly, the style of writing as exhibited in those articles, would have a tendency to render the paper more readable to the subscribers who live out of the county. Butting the line out of the county, I ask for space for an article from our town.

Petersburg is an old town, the oldest in the county perhaps, and certainly the wealthiest. Its location, in the midst of a rich agricultural district, and its proximity to the river, are advantages which have made it a good business port. I might run over some of the history of Petersburg and tell of stirring scenes enacted here of curious means by which some of our citizens have been made of the part of our town has played, at different times, in moulding the political complexion of the county, and above all, the humble origin of some of our townsmen who have risen to distinction and honor. But, modesty forbids—still, if the stranger will give me time to the quiet of our well kept cemetery just south of town, he, for himself may read, the names of those whom history claims as having played well their part in the little drama of life as enacted on the stage of Ky's politics. Not, however, with the present, are our interests identified.

It is with pride that we point to the fact that we have two industries that directly and indirectly give employment to over 200 men. Our merchants, W. T. Scott, Grant & Graves, Gaines, Berkshire and E. M. Cox, are an active trade, and if they are not making money it is their own fault. We support a good school, 10 doctors who appear they are starving, yet all the time adding to the comfort of their community of citizens, a first-class hotel, an excellent private boarding house, a well stocked lumber yard; a drug store that really sells drugs; a deposit bank; two active secret organizations, and a real live undertaker, who stands in the midst of the town, and in addition to this we own some of the fastest horses in the State, and keep up a first-class base ball club. Not a bad average.

In politics we are wide awake. This is the season when we are necessarily demands it, we can poll 400 intelligent, Democratic votes. I say intelligent, for our voters are such. We vote for that man who is qualified to fill the office without regard to his political affiliations, and if he is of the party of the county in which he chances to make his home. There is one demand we make alike of all, and that is unsullied Democracy. The candidate whom we support must be a Democrat, and we demand that he be a Democrat. We want none but the citizens of Louisville, want none but "Simon Pure" Democrats in office, and the lines tightly drawn.

The indications at present are that we will poll a large vote at the coming primary, and it won't all go to North end men either. The candidates from this neighborhood will do well to remember that if the South end put up better men, we are going to vote for them. A good many, I believe a majority of our voters, think that Judge Baker should be re-elected, while there are not a few who would like to see John Stephens take Baker's seat. For Clerk, we are for Sam Terrell. This I understand that some of his friends, thinking his election uncertain, are trying to get him to withdraw. In the event he should, the fight will be between Alf Gains and Man Garnett. The only argument against Man Garnett is "Third Termism," and if beaten in this precinct it will be on this ground. Neither Blanton nor Allen are known here.

In the Assessor's race Robt. B. Carver will poll this precinct by a majority of which he need not be alarmed. The vote that he don't get will go to Garnett Riley, who, as a man, is well liked; but the people are done with him. A rumor is afloat that he will be elected to the office of County Attorney. Let him come out. Talm should out, but he don't want a lawsuit. Bill Terrell is the best Surveyor in the county and we want him for County Surveyor. This is the home of Tiley and of course he will get a good vote for School Superintendent, but John P. Ryle has some strong friends here, and they make bold to say that he will beat Tiley in his own (Tiley's) precinct. Tiley is a better satisfied when he returned to his old home. We doubt not that he will live in Hoosierdom a long time before he returns to Kentucky again.

If there really ever has been any thing we want Nathan Walton who will fill the position with credit to himself and honor to the county.

NOTES.

Personal Mention.

J. H. Hastings, of Rabbit Hash, was in town Monday.

Wm. Ackmeier, of near Bullittsville, was in town Monday.

Miss Venia Runyan is visiting her mother and sister in Covington.

Miss Maude Revill was visiting in Covington a few days last week.

Mr. O. J. Ryle, of near Union, was visiting in this place one day last week.

W. W. Gaines, our razor Bullittville correspondent, made a pleasant call last Saturday. He is peddling this winter, and was looking after his monthly salary while in town.

Hamilton, Ky. Dec. 9th, 1890.

To the Editors of the Recorder:

In last week's Recorder I notice an article purporting to be from Hamilton, Ky., signed "Prohibitionist." It puts me in mind of the old dictum in a play about "a man of straw" to whom a man of straw is to whom they shall call as their pastor.

Now I do not believe that that article was written by any one from Hamilton, but by a Prohibitionist. We have but few Prohibitionists in our precinct and they are men of strong convictions and too much sense, judgment and discretion, to undertake to criticize the minor differences in the printing of candidates cards, when they have no representative in the field; but I believe it was written by one of those Democrats who think that Burlington is not only the center of civilization, but the center of creation as well, and that Hamilton is far out on the border, scarcely within the pale of civilization, with no rights or privileges except those conceded to her by the "Prohibitionist."

Now, if it is written by a "Prohibitionist," let him put his candidate in the field and advocate his principles. If a Democrat, come out from under an assumed name.

As to the cards in question, those distributed here, printed, "Hear the people, etc." have written in ink on their back "Subject to the action of the Democratic party." Now, will the candidates whose cards are thus printed, take advantage of the late unpleasantness in the county and make themselves politically rich, or will "Prohibitionists," by exercising their high prerogative of out-louding the inferior differences in the printing of the cards, stir up the pleasantness, and injure the prospects of candidates on the border, and benefit the candidates preferred in the center? The latter was certainly his object.

"Prohibitionists" has some legal lore and evidently wrote in the interest of the center, where he probably belongs. A DEMOCRAT.

A SECRET WEDDING.

Dr. R. G. Tiley is quietly married to a daughter of Man Joe Lewis.

The wedding took place at the residence of the bride's parents, on Monday afternoon, which will be a surprise to even the families of the principals. It occurred Monday afternoon at 4 o'clock. The bride is Miss Emma Reed, the handsome daughter of Mr. Joseph B. Reed, of this city. The groom is Dr. R. G. Tiley, a prominent young physician of Petersburg, Kentucky.

Dr. Tiley came to the city several days ago, and the wedding, although it was a quiet affair, was a very nice one, and did not seem to give rise to any scandal as the bride was the only remaining single daughter.

On Monday afternoon the young folks, who stand in the midst of the town, and in addition to this we own some of the fastest horses in the State, and keep up a first-class base ball club. Not a bad average.

In politics we are wide awake. This is the season when we are necessarily demands it, we can poll 400 intelligent, Democratic votes. I say intelligent, for our voters are such. LOCAL NEWS.

No lack of rain this fall.

There is considerable typhoid fever in Covington.

It has taken very little food for stock so far this fall.

Oysters in the bulk at Aera's. Read his ad in this paper.

The cold wave that was headed this way, thawed out before it got here.

Linscoe Kelly is the proud father of a bouncing boy. Mother and child doing well.

The directors of the Farmers Mutual Insurance Company were in session yesterday.

Dogs raided Judge Baker's flock of sheep last Friday night, killing four or five and wounding others.

There will be a Christmas tree and entertainment at the Big Bone Grange Hall, near Oscar Ryle's, Christmas eve.

We notice that this Petersburg fair is rapidly creating a market for itself in this country. It is pronounced excellent.

Beeman's mill is now ready to commence cutting lumber. It has already worked up a pretty good patronage in the grinding line.

We understand that Mr. W. H. Pope who resides down on Middle Creek will move to Burlington, if he can get a house that suits him.

W. S. White according to last account was seriously injured by falling from the roof of his house. The distance he fell was twelve feet.

A very large crowd attended the sale of the personal property of the late James T. Ryle, last Wednesday. Property generally sold for very good prices.

C. L. Crider had a lunking bee one night last week. Several of the boys were on hand and worked and sang until the large pile of corn was exhausted.

Mr. A. G. Winston is having a new room put on his law office. The old shingles are walnut, planned, and were put on by Mr. E. A. Hughes forty-six years ago.

The Christmas tree exercises at Hebron will begin at 7 o'clock p. m., on the 23d. After the exercises a collection will be taken up for the benefit of the Sunday-school. Everybody invited.

Children will freely take Dr. J. H. McLean's Tar Wine Balm; unlike cough syrups, it contains no opium, will soothe and heal any disease of the throat or lungs quicker than any other remedy.

A wagon load of hunters passed through town on day last week, headed toward the posted lands out on the Bellevue pike. They came back the next evening, but not in charge of an officer.

J. R. Willhott and Miss Jennie Tanner, of Florence, were married last Thursday evening at the bride's home in Florence. They have the best wishes of the community for future happiness and prosperity.

Perry Cropper and wife were given a house-warming one evening last week. The evening was most delightfully spent by those present. Perry Stephens says the music was most entrancing; but there was no dancing.

Exposure to rough weather, getting wet, living in damp localities, are favorable to the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and liver trouble, use that valuable remedy, Dr. J. H. McLean's Liver and Kidney Balm. \$1 per bottle.

County Surveyor Vest was down in the East Bend neighborhood last week, and made the survey of the route for a proposed new road which is agitating the members of that community considerably just at present. The proposed route is two miles long and has over forty crooks in it.

At the annual session of officers for the Constable Cemetery Company, the following were elected for the ensuing year: F. Zimmerman, President; J. H. McLean, Vice-President; B. F. Zimmerman, Sec'y; D. C. Reeves, Treas.; T. W. Reeves, William Wiener and Fred Breese, Directors; Carl Zimmerman, John Hamling, Assistant Sexton.

Miss Janie Mitchell, daughter of Mr. and Mrs. Fisher Mitchell, died of consumption last Saturday evening, at the summer home of the deceased, which she had settled on her lungs and she gradually grew worse until relieved by death. Her funeral was presided at the residence Monday afternoon, at 2 o'clock by Rev. Fullilove, after which the remains were conveyed to the Underhill farm and interred in the family burying ground.

Last Monday evening as Alia and Onie Rogers were returning home from school, and as they were making the turn to drive on the bridge just beyond R. H. Sandford's on the Bellevue pike, their horse scared at a dog on the bridge, and whirled and ran down the steep bank on the right as they approached the bridge. The boys were thrown out of the cart but fortunately not hurt. The horse ran some distance through the woods and was only stopped by the cart getting hung in some bushes. Neither the horse nor the cart were injured any to speak of.

We hear that Mr. Talbot will not be able to rebuild his mill at Rising Sun, which is to be replaced on another site of the town if for no other reason. The destruction of the mill will fall heavily on the Rabbit Hash ferry, as well as be a great inconvenience to many of the farmers on this side of the river.

The mill was established in 1826 by Moses Turner. It was erected by subscription. Mr. Turner putting in the machinery, operated by steam power. In 1847 Mr. Talbot bought the mill and the property, and has since conducted it, rebuilding and remodeling it well.

When nature filters and requires help, recruit her enfeebled energies with Dr. J. H. McLean's Strengthening Cord and Blood Purifier. 50¢ per bottle.

NEIGHBORHOOD NEWS.

LOCAL BUSINESS GOOD.

Most of our people would like to see a good fair.

Mr. Cam, of the Williamstown paper was in town last week.

The Building Association has sixty thousand dollars loaned out.

No smoking allowed at some of the drug stores—especially pipes.

We are to have an entertainment at the Baptist Church Christmas eve.

Hubert Brady and the Scott boys spent a day in our neighborhood last week hunting.

Christmas close at hand and no one in this place is ready, but guess it will come right on.

James Aera has given his dwelling a new coat of paint. New Jim, while wash that barn and you have it.

Tobe Marshall has given his new house a coat of paint. We understand it will soon be ready for him to move in.

J. O. Huey is the best hand on a farm we ever met, to be a city chap. But then he is a business man, no mistake about that.

One day last week Billy White, while milking the cow, his house slipped and fell off, hurting himself badly. He is yet confined to his bed.

Oh, that awful dirt road that is being worked up this wet weather. It does look to a man up a tree like a few such spells as this would get up a pile fever that would be hard to cure, but then, they do love that little dollar.

A spelling school at our school house on night last week, brought out a good crowd—considering the stormy weather. We hear that John McTea is the king of the school, having done up the teacher at Beach Grove.

PETERSBURG.

Plenty of rain at present.

Miss Langtree, of Aurora, is the guest of Mrs. Clara Grant.

Mrs. Margaret McWehly is visiting relatives in Owensboro.

J. M. Laessig was down one day last week writing up some insurance.

W. T. Crider has returned from a short visit to his home in Kentucky.

W. V. Smith is off on his annual trip, buying slaves for Freiburg & Workum.

Misses Florence and Maude Grady, of Burlington, were calling on friends in town last week.

W. I. McWehly and Richard Alloway, two of our expert coopers, have gone to Owensboro to work.

Leon Loder, one of our handsome young men, was seen by the side of the counter at E. M. Cox's store.

O. T. Porter is prominently mentioned as a candidate for Police Judge when the town gets its new charter.

Chas. Schirra and Elsie McWehly, two of our girls, were seen by the side of the counter at E. M. Cox's store.

E. T. Krutz, our popular hotel proprietor, was off on a flying trip to Lima, Ohio, last week. He is contemplating buying some railroad stock, I presume.

DEARBORN CO., IND.

Court is in session, with only nine new cases on the docket.

A. D. Cook last week shipped a lot of his patent well stainers to England to fill an order.

Charles Mueller, a former prominent druggist of Aurora, died suddenly of heart disease at Nashville, Tenn.

The steamer Guiding Star took on considerable furniture and other merchandise for the South on Sunday morning.

SCOTT COUNTY.

The Twine Factory building is beginning to lean up.

Capt. Noah Spears has resigned as assistant of the National Bank.

Leo Thomas has a steer 3 years and 5 days old that weighs 1700 pounds.

The track-layers on the Kentucky Midland are within four miles of Paris. The package mailed from Dundee, Scotland, reached the Georgetown post-office in just ten days.

The brook work on the residence that is being erected for the President of the College is about finished.

The tobacco market in the hotel in Georgetown was quite a success, both in attendance and as to the quantity and quality of exhibits. Fifty-five growers competed for premiums in the several classes, the premium being ten dollars and upwards in some cases.

GRANT COUNTY.

Small grain making a nice growth.

The grand jury returned 78 indictments.

J. T. Poinsett sold 300 bushels of wheat at 80 cents a bushel.

W. H. Sobers, a prominent citizen of Mason, died of paralysis.

W. N. Morgan butchered a hog that weighed 460 pounds net.

Tobacco buyers are making a terrible race to rent the warehouses at Dry Ridge.

The new postmistress at Williamsburg is giving great satisfaction, and the Courier says that no town of the same size in the State has a better appearing or more agreeable postmistress.

Some miscegenation in Williamsburg out Robt. Kelly's bridle into pieces and then carved his saddle into ribbons.

Kells offers a reward for information leading to the arrest and conviction of the man who shot and wounded Hon. E. H. Smith, who has been confined to his bed for the past two months with a disease of the kidneys and an enlargement of the liver, went to the private hospital of Dr. Dawson in Cincinnati, Saturday, for treatment.

It is to be hoped that he will find relief at the hands of that eminent specialist and shortly return to his family and friends completely restored to health.

Persons who lead a life of exposure and hardship will find a valuable remedy in Dr. J. H. McLean's Volcanic Liniment. It will banish pain and subdue inflammation.

Humphart & Co., of Lawrenceburg, have been turning out some very handsome work in the tombstone and monument line this season, at prices most reasonable. John Beall, of Hebron, is their agent.

No hostile communications this week.

PERSONAL MENTION.

O. C. Hughes was at home Sunday.

John Hugh, of Rabbit Hash, was in town Thursday.

Solon Stephens, of East Bend, was in town yesterday.

Charles Bow, of Richwood, was in town last Friday.

Constable McNeal, of Taylorsport, was in town Monday.

I. B. Stephens was the guest of his son at this place one night last week.

Joseph Ferris, of Petersburg, made Burlington a flying visit one day last week.

James Beall, of Hebron, has been engaged to the shingling business here for a few days.

W. E. Piper and wife, of Dayton, Campbell county, made Burlington a flying visit last week.

S. W. Watta, a leading Democrat of the North of Boone county, was in town one day last week.

P. B. Cloud, of Cotton Creek, Colorado, is visiting his relatives in the Hebron neighborhood.

Dr. Murat and Fred Zimmer, two of the leading citizens or Constance, were in town last Thursday.

W. L. Kirtley is one of the happiest men in this county, since the advent of the young Democrat at his house.

Jaeger Shilwell was in town Monday. From him we learn that H. P. Marshall is slowly getting better.

Geo. R. Berkshire, of Petersburg, was in town one day last week. His trip was one to gladden hearts and will long be remembered.

Leslie and Clutterbuck went to the city last Thursday to ascertain to what city of the programme they will be assigned at the inauguration of Governor Campbell.

James M. Utz returned from Lincoln county last week. He likes the looks of the land and women down there.

At a meeting of the ex-Confederate soldiers held in Florence, Ky., Dec. 10th, 1889, Dr. J. H. McLean was chosen Chairman and D. H. Brown, Secretary.

S. S. Scott chairman of committee on resolutions reported the following:

While we cheerfully acquiesce in the result of the war, we still hold our affectionate remembrance, the men who so faithfully laid up through their trials and privations, none of whom more thoroughly deserves the highest place in our memory than Jefferson Davis, our late President, and we sincerely sympathize with his bereaved family and our fellow Southern-Soldiers in this their great sorrow.

Resolved: That a copy of the foregoing resolutions be forwarded to the Williamsburg Courier and the Covington Commonwealth for publication and that a copy be sent to the widow of the deceased.

Resolved: That all Southern-Soldiers be requested to direct their front doors with a flag on Dec. 11th, the day appointed for the funeral.

The result of the late Democratic Primary election has been conclusively determined and evidently satisfactory to the action of the arbiters.

Last week after the Executive Committee had decided to meet Wednesday afternoon at the hotel, the poll book for the election for the office of County Clerk and endeavor to adjust their differences between themselves.

Flinding that impossible, they agreed to let Dr. H. Brown, representative of J. W. Craig, and Rod Perry for J. W. White arbitrate the matter, and all last Saturday these gentlemen inspected the poll books, decided as to the votes, and had the voters believed to be illegal, brought before them and questioned and their legality determined upon.

After consulting with the interested parties, it was agreed by all that Mr. Craig should be declared the nominee of the primary election, a majority of six and an agreement to this effect was drawn up and readily signed. This settled the clerkship race.

On Wednesday the Executive Committee met at the Court-house, and again went over the poll books relative to the other races and decided them as follows: That B. S. Lindsay was nominated for Judge by a plurality of 21; J. W. Craig, Clerk, by 16; W. R. Payne, Sheriff, by 15; John J. R. Brown, Sup't. of Schools, by 12; R. B. Brown, Attorney at Law, by 10; Josiah Fick, Assessor by 10; Columbus Stewart, Jailor by 1, and over this race there was considerable contention.

Stewart's plurality on the first of the returns appeared to be 8, but the throwing out of the illegal votes left him still a plurality of 1.

Richard Weldon was unanimously elected—Coroner, and the committee graciously tendered him the nomination. There were some acrimonious feelings engendered for a while over the closeness of the contest, but it expected all bitterness will die out in a short time, as soon as the fever heat subsides—Independent.

Physicians prescribe Dr. J. H. McLean's Little Liver and Kidney Pills.

It is hereby given to all persons indebted to the late George W. H. McLean, of Union, Ky., that if all such debts are not settled by the first day of December 1889, we will proceed to collect the same according to law to collect the same.

Neuritic Persons

And those troubled with nervousness resulting from indigestion, or from a weak stomach, will find relief in Dr. J. H. McLean's Little Liver and Kidney Pills.
